TRIMURTY

THE STATUS OF 'A MAN TO SHRI NARAYAN OR SHRI RAM' AND 'A WOMAN TO SHRI LAKSHMI OR SHRI SITA' IS BEING ACHIEVED ONCE AGAIN THROUGH THE ALMOST DISAPPEARED KNOWLEDGE AND YOG ABOUT THE CREATOR AND HIS CREATION RECEIVED FROM THE SUPREME SOUL SHIV

GOD'S NAME AND FORM

Ocean of nectar of knowledge, the most Beloved, God Shiv says:-

Beloved Children! I am not nameless and formless or omnipresent. Instead, My name is Shiv and My unmanifest form is Jyotirlingam. Since, I am the Creator of Brahma, Vishnu and even Shankar, I am also called Trimurti. My unmanifest Jyotirlingam (Form of light) form is neither like the subtle body form of deities nor like the physical bodies of human beings. Because of this I am also called 'Incorporeal', i.e. incorporeal.

THE SUPREME ABODE

I, the incorporeal, i.e. bodiless Supreme Soul, dwell in Brahmlोक (i.e. the soul world) far beyond this world of human beings with physical bodies and also beyond the world of subtle bodied deities. The Jyotirgam-like human souls also dwell there in the Brahmlोक in the Brahmsayog, the highest element when they are in a stage of nirvan (i.e. liberation). It is from there that every bodiless soul descends into this human world at its respective time, to attain its eternal definite role as per its eternal resolves. I, the incorporeal God of Gita also come from the same Supreme Abode to this human world stage at the Confluence Age, to perform my eternal task.

SECRET OF THE CREATION

Dear divine children who have parted from me since a long time,

This is an eternal, pre-ordained drama of five main ages, five chief religions, which involves half a Kalpa (i.e. 2500 years) of

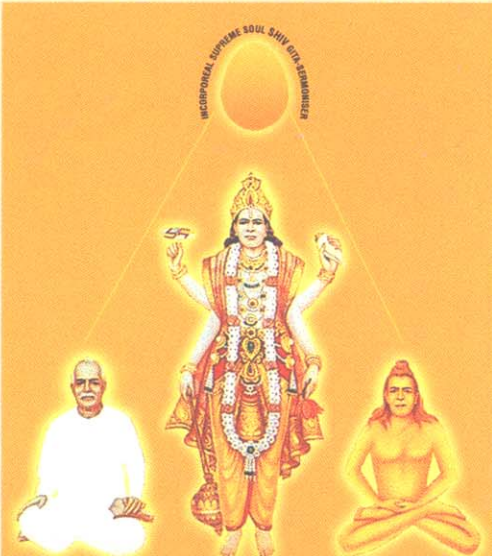

THE GOLDEN-AGED DEITY-WORLD (HEAVEN ESTD BY SUPREME SOUL)

defeat at the hands of Maya, i.e. the five vices and half a Kalpa (i.e. 2500 years) of victory over Maya, which is achieved through Me. This drama keeps repeating every Kalpa (i.e. 5000 years). I am the Creator, Director, Main Actor; the one who knows about the beginning, middle and end of the drama, portrays, the beloved Supreme Father-Teacher-True Preceptor, Purifier of the sinful ones, Incorporeal, Living (chaitanyo), beyond the cycle of birth and death, God of Gita - Trimurti Shiv or Somnath (Creator of Brahma, Vishnu and Shankar), I incarnate only once in every Kalpa at the pleasant auspicious Confluence Age (Sanganyug) to establish the Golden-Aged Anantant Devi-Devata Dharmo (i.e. ancient deity religion) with the power of easy knowledge and easy Rajayog through Brahma; to cause destruction of various Iron-aged demonic religions through Shankar by way of ferocious Mahabharat missile war and natural calamities; and to cause sustenance of the deity religion through Vishnu.

TIME OF INCARNATION

O children! By the end of the Iron Age (Kalyug), while passing through the cycle of birth and death, when all the religious Fathers and all other human souls of their dynasties have passed through all the four stages of pleasures and pains and become irreligious, unrighteous, yoghshayato (who have lost spiritual connection) with demonic resolves due to the very powerful

THROUGH BRAHMA
RE-ESTABLISHMENT OF GOLDEN-AGED DEITY WORLD OR HEAVEN BY THE POWER OF EASY KNOWLEDGE OF GITA AND EASY RAJAYOG TO GRANT THE STATUS OF BEATITUDE

THROUGH VISHNU
SUSTENANCE OF THE DEITY WORLD OF GOLDEN AND SILVER AGE THROUGH SHRI LAKSHMI-SARASWATI, SHRI SITA-RAM ETC. TO GRANT THE FRUITS OF BEATITUDE

THROUGH SHANKAR
DESTRUCTION OF THE IRON-AGED DEMONIC WORLD OF FULL OF BONDSAGES THROUGH INTERNATIONAL WAR, CALAMITIES TO GRANT SALVATION OR LIBERATION (NIRVAAN)

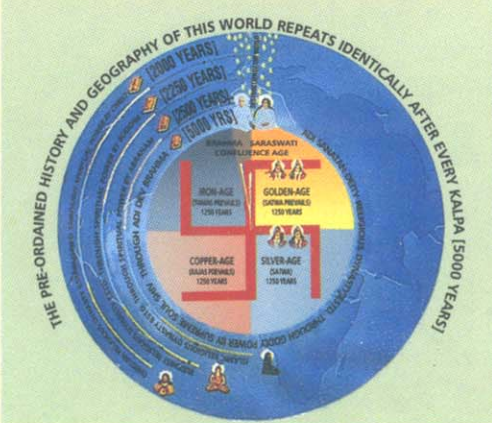

Maya, i.e. five vices, then I, who am beyond birth and death, pleasures and pains, effect of actions (lep-ishes), always remaining in a constant stage, always an Awakened light (Jyoti jyo), the Parlokik Supreme Father-Teacher-True Preceptor of everyone, Dharmraj, Trimurti and Trikoaddarshi, Ie. knower of the beginning, middle and end of the world, Jyoteshwar, Almighty, Master of the world, Purifier of the sinful, I perform and enable three divine tasks to liberate everyone from the bondages of Maya to show the path of the abode of salvation (muktishoam) and the abode of beatitude (jevanmuktishoam) through divine intellect and divine vision, to destroy the sins of everyone and to cause their true salvation, and to take the souls to their original, pure, parlokik stage.

DIVINE BIRTH AND TASKS

ESTABLISHMENT:- At the confluence of Iron Age and new Golden Age (500yug), I descend from the soul world in the ordinary old human body of eighty fourth birth of Shri Krishna, i.e. Shri Narayan, i.e. my own birth, that human being comes to be known as 'Aadi Dev Brahma' or 'Adam'. Through his lotus-like mouth, I, once again teach the almost disappeared Gita Knowledge and 'Yog'. Through this Knowledge and 'Yog', 'Brahma' and his mouth-born progeny 'Saraswati' receive the post of Shri Narayan and Shri Lakshmi (who were Shri Krishna and Shri Radhey) prior to their swayamwar) once again at the

THE IMPURE DEMONIC WORLD (HELL) ESTD BY MAN IS VICE

beginning of the forthcoming Golden-aged world. The men and women who gain victory over the five vices through the power of the Knowledge and 'Yog' and imbibe the pure resolves, achieve the post of deities in Golden-aged Sun Dynasty and those men and women who imbibe the ordinary pure resolves, achieve the post of deities in Silver-aged Moon Dynasty, in a state of beatitude. In this manner, after obtaining the nectar of knowledge only once in the Kalpa in this Confluence Age through Me, the World Preceptor Shiv, there is no necessity at all for knowledges or spiritual efforts during the period of highest attainment (santostom prasarabhaasat), i.e. the Golden-Age and Silver Age (500yug).

DESTRUCTION:- Till the end of establishment, I only inspire (or goad) the European scientists, i.e. the Radovos and Indian bioconscious people, i.e. the Kouravos to cause destruction through Shankar. In this manner, after causing the mega-destruction through atomic and hydrogen bombs, civil wars, natural calamities, etc. I take all the souls back to the soul world.

NOW GOD SHIV SAYS:-

The human soul, who does not know Me, the bestower of Purity-Prospereity-Peace upon everyone, the creator of worlds, the Supreme Soul and the story of actions of this birth and rebirth of the main actors of this world drama, and the secret of total time and repetition of the history of the world now through Me, the Trikoaddarshi (knower of past, present and future) Supreme Soul Shiv or the human soul, who does not make the highest efforts to get transformed from a man to Narayan after knowing the above, that human being possesses dull intellect.

This picture of Supreme Soul and deities etc. has been prepared on the basis of divine visions seen through the divine eyes and on the basis of the experiences of the divine intellect.

THE CREATORS OF HEAVEN AND THEIR DIVINE CREATION

INTRODUCTION OF

SUPREME SOUL (SUPREME-SOUL)
Ocean of knowledge, Purifier of the sinful ones, Bestower of true salvation upon everyone, Sermoniser of Gita, God Shiv says:-

Dear Children, I am: not nameless, formless or omnipresent. My name is 'Shiv'. My form is an unmanifest point of light. The infinite light (akhand jyoti) Brahma Mahotatwa, i.e. soul world is the dwelling place of Mine as well as you souls also. Being the Creator of deities, namely, Brahma, Vishnu and Shankar, I am also called 'Trimurti-Shiv'.

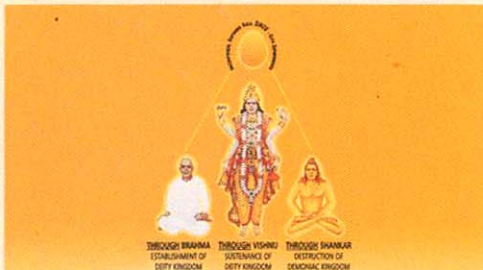

Now, I have made a divine entry into an ordinary old body of Prajapita Brahma and am imparting easy Knowledge about the beginning, the middle and the end of the Human World and am teaching Rajयोग to transform you Indians from sinful to pure, **ज्ञानयोग**. Through Brahma's mouth-born progeny Shivshikha Pandur Army and through the non-violent power of Knowledge and Yog, I, the protector of the Pandavas (Panduvas), the Father of the world am establishing the divine heavenly kingdom of Ram (Ram Rajya) consisting of the Sun and Moon dynasties, which was desired by the Congress leader of India Bapu Gandhi.

Side by side, I am opening the gateway to the abode of salvation (muktisam) or the abode of peace (shantisam) for all the souls by causing the mega-struction of the Iron-aged demonic world through the forthcoming beneficial Mahabharat Mahabharat War and natural calamities, which is inspired by Mahadev Shankar.

THE ONLY BLUNDER

Dear Children! It was I, Heaven, imparted the imperishable knowledge 5000 years ago, at the time of Mahabharat, which is famous as the Scripture Shrimad Bhagwad Gita. But, the biggest blunder committed by the people of India (Bharat) is, that the name of the one who takes 84 births, who is perfect in all the virtues, who is complete in 16 celestial degrees (16 kalas samporna), the first Prince, Sri Krishna of the pure Golden Age (who has himself achieved this post through this Gita) has been written in savashtaramayi shlochanas Shrimad Bhagwad Gita, instead of Me, the Supreme Father Supreme Soul Shiv, the Ocean of Knowledge, Gita sermoniser, Bestower of divine vision, Purifier of the sinful ones, free from the cycle of birth and death, always liberated, Bestower of salvation and true salvation (gati and soddget) upon followers of all the religions and have condemned the Bhagwad Gita itself. It is due to this reason only that the people of Bharat have lost spiritual connection (Yog) with Me, and have become irreligious, unrighteous, vicious, insolvent and miserable.

If the scholars, spiritual teachers and pundits of Bharat had not committed this mistake, people of all the religions of this world would have accepted Shrimad Bhagwad Gita as the sermons of the most beloved Supreme Father Shiv, who is the guide to the abode of liberation (nirvaandham) and would have read it as their religious scripture with so much love and devotion and they would also have esteemed Bharat as the Supreme pilgrimage, considering it as the birth place of Supreme Father.

GODLY MESSAGE

Corruption and vices will come to an end in Bharat within the forthcoming 10 years and the Golden-aged Suryavanshi rule of shri Lakshmi and shri Narayan is going to arrive soon after the forth-coming world war.

PRAJAPITA BRAHMAKUMARIS AND BRAHMAKUMARS

THE TRUE STORY OF THE 84 BIRTHS OF SHRI LAKSHMI AND SHRI NARAYAN

God Shiv says:-

Dear children! 5000 years ago, in the beginning of Golden Age (Satyug), there was an unshakable, everlasting, obstacle-free, completely prosperous and peaceful rule of the worship-worthy deity-sovereigns Empress Sri Lakshmi and Emperor Sri Narayan in Bharat. Before ~~swayamvar~~ (marriage), Sri Lakshmi and Sri Narayan were known by the names Sri Radhey and Sri Krishna respectively. They were all-virtuous, complete in 16 celestial degrees, completely virtuous, Mayyado Purushottam (highest among all human beings in following the code of conduct) and completely non-violent. In the 1250 years of Golden Age they took 8 Births in Suryavanshi (Sun dynasty) deity clan and in the 1250 years of Silver Age (Tretayug) they took 12 Births in Chandravanshi (Moon dynasty) clan along with the kingship. During the 2500 years of Copper (Dwaparyug) and Iron Age (Kaliyug) they took 63 Births in Vishya and Shudra dynasties in the clans of eminent worshipping king and queen or in the form of subjects.

Now at this elevated Confluence Age (Purushottam Sangamya) of the Kalpa, I (incorporeal Supreme Soul Shiv) have made a divine entry into the last, i.e. 84th birth of Sri Narayan in his golden-age body in the vopastho stage and have named him 'Prajapita Brahma'. Sri Lakshmi, in her present 84th birth is a Brahmakumar, i.e. mouth-born progeny of Brahma whom I have named 'Jagadamba+Saraswati'. And by teaching easy Rajयोग and Godly Knowledge through the lotus-like mouth of Brahma, just as in the previous Kalpa, I am getting the new Golden-aged Deity World, Heaven or Paradise re-established. Through their intense efforts (puruashorth) Prajapita Brahma and his mouth-born progeny Brahmakumar Saraswati will once again attain the status of worship-worthy World Emperor Sri Narayan and World Empress Sri Lakshmi respectively in their next birth.

Dear children! Those who will now help Me the World's Bapu or Father, in the establishment of the true deity self sovereignty of complete Purity, Prosperity and Peace by severing the connection of the intellect with the body and all the bodily relationships and connecting the Yog of intellect with Me, i.e. become Rajयोग and holy while leading a lotus-like life while staying in the household, shall be rewarded with the status of 'man to Narayan' or 'woman to Lakshmi', i.e. human beings to deities' in the Golden-aged Suryavanshi dynasty and Silver-aged Chandravanshi dynasty for 21 births in the future half a Kalpa (2500 years).

LADDER

THE STATUS OF 'A MAN TO SHRI NARAYAN OR SHRI RAM' AND 'A WOMAN TO SHRI LAKSHMI OR SHRI SITA' IS BEING ACHIEVED ONCE AGAIN THROUGH THE ALMOST DISAPPEARED KNOWLEDGE AND YOG ABOUT THE CREATOR AND HIS CREATION RECEIVED FROM THE SUPREME SOUL SHIV

My unmanifest Jyotirlingam (Form of light) form is neither like the subtle bodily form of deities nor like the physical bodies of human beings. Because of this I am also called 'Nirakoor', i.e. incorporeal.

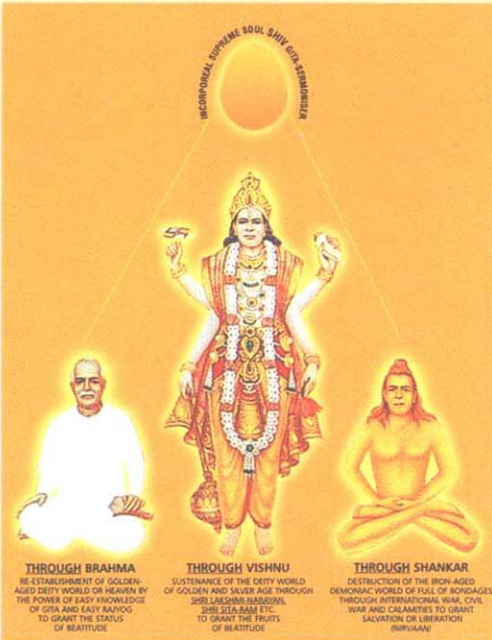

THE SUPREME ABODE

I, the incorporeal, i.e. bodiless Supreme Soul, dwell in 'Brahmalok' (i.e. the soul world) far beyond the world of human beings with physical bodies and also beyond the world of subtle bodied deities. The Sargam-like human souls also dwell there in the Brahmalok in the Brahmajyoti, the highest element when they are in a stage of moksh (i.e. liberation). It is from there that every bodiless soul descends into this human world at its respective time, to play its eternal definite role as per its eternal resolves. I, the incorporeal God of Gita also come from the same Supreme Abode to this human world stage at the Confluence Age, to perform my eternal task.

SECRET OF THE CREATION

Dear divine children - you have parted from Me since a long time,

This is an eternal, pre-ordained drama of five main ages, five chief religions, which involves half a Kalpo (i.e. 2500 years) of

Maya, i.e. five vices, then I, who am beyond birth and death, pleasures and pains, effect of actions (lep-kshep), always remaining in a constant stage, always an 'Awakened light' (Jagat, jyoti), the Parolukit Supreme Father-Teacher-True Preceptor of everyone, Dharmraj, Trimurti and Trikoaldarshi, i.e. knower of the beginning, middle and end of the world, Yageshwar, Almighty, Plaster of the world, Purifier of the sinful, I perform and enable three divine tasks to liberate everyone from the bondages of Maya to show the path of the abode of salvation (muktadhara) and the abode of beatitude (teevanmuktadhara) through divine intellect and divine vision to destroy the sins of everyone and to cause their true salvation, and to take the souls to their original, pure, parolukit stage.

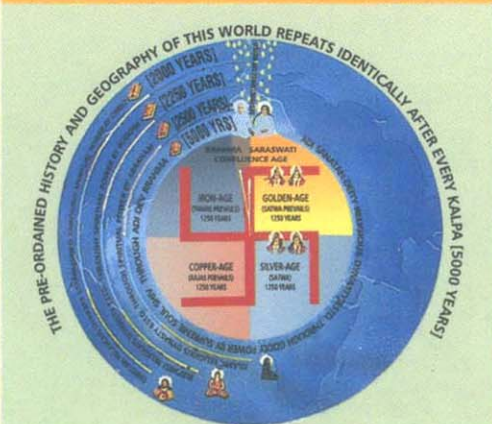

DIVINE BIRTH AND TASKS

ESTABLISHMENT:- At the confluence of Iron Age and new Golden Age (Satyug), I descended from the soul world in the ordinary old human body of eighty-fourth birth of Shri Krishna, i.e. Shri Narayan. After my alokik birth, that human being comes to be known as 'Aadi Dev Brahma' or 'Adam'. Through his lotus-like mouth, I, once again teach the almost disappeared Gita Knowledge and Yog. Through this Knowledge and Yog, Brahma and his mouth-born progeny 'Saraswati' achieve the post of Shri Narayan and Shri Lakshmi (who were Shri Krishna and Shri Radhey prior to their swayamvar) once again at the

O children! By the end of the Iron Age (Kaliyug), while passing through the cycle of birth and death, when all the religious Fathers and all other human souls of their dynasties have passed through all the four stages of pleasures and pains and become irreligious, unrighteous, yagbhrashtra (who have lost spiritual connection) with demonic resolves due to the very powerful

beginning of the forthcoming Golden-aged world. The men and women who gain victory over the five vices through the power of this Knowledge and Yog and imbibe the pure resolves, achieve the post of deities in Golden-aged Sun Dynasty and those men and women who imbibe the ordinarily pure resolves, achieve the post of deities in Silver-aged Moon Dynasty, in a state of beatitude. In this manner, after obtaining the nectar of knowledge only once in the Kalpo in the Confluence Age through Me, the world's Preceptor Shiv, there is no necessity at all for knowledge or spiritual efforts during the period of highest attainment (santvanam pranabhabhakt), i.e. the Golden Age and Silver Age (Tretayug).

DESTRUCTION:- Till the end of establishment, I only inspire, for world's European scientists, i.e. the Indians and Indian bodyconscious people, i.e. the Kauravas to cause destruction through Shankar. In this manner, after causing the mega-destruction through atomic and hydrogen bombs, civil wars, natural calamities, etc. I take all the souls back to the soul world.

SUSTENANCE:- Thereafter, I only cause the sustenance of the Golden-aged and Silver-aged divine world of beatitude established with an arm of Vishnu Chaturbhuj through Shri Lakshmi and Shri Narayan, Shri Sita and Shri Ram, etc.
