

IS IT CORRECT TO MANIPULATE GOD'S GREAT SENTENCES NARRATED THROUGH BRAHMA?

For a follower of any religion, the religious book of that religion is the most revered [thing]. For example, 'the Gita' for Hindus, 'Quran Sharif' for the Muslims, 'Bible' for the Christians, 'Dhammapad' for the Buddhists, 'Guru Granth Sahib' for the Sikhs, etc. Some religious followers consider their religious book to be the great sentences of God and they consider any mistake while quoting or clarifying the book to be unpardonable, **but there is one such sect also where the *gyaan* murlis (murlis of knowledge), considered to be the great sentences of God are not being given due respect.**

Prajapita Brahmakumari Ishwariya Vishwa Vidyalaya (PBKIVV) claims before the world that the Supreme Father Supreme Soul Shiva Himself entered the founder of the Brahmakumaris institution, and narrated the Divine (*Ishwariya*) knowledge, which is called *gyaan murlis*. Actually, these *gyaan* murlis were narrated by the Supreme Soul Shiva through the mouth of Dada Lekhraj in front of his *alokik* (unworldly) children from the year 1951 to 18th January 1969, until the death of Dada Lekhraj. In the beginning, these children used to manually note down the murlis and also make copies of them and send it to the Brahmakumar-kumaris living in other cities. Later on, these murlis started to be sent in a typed and cyclostyled form but **now these murlis are being edited at will and printed without any regulations in thousands at the Offset Printing Press at Mt. Abu and are being sent to the BK centers all over the world.** But the records available of such typed murlis in the Brahmakumaris institution are of only five years. After the death of Dada Lekhraj in the year 1969, these very murlis of the five years are often read in the ashrams (centers) of the Brahmakumaris institution everyday and are revised after every five years.

The *gyaan* murlis, which is the *vani* (words spoken) of God, haven't received as much respect by the Brahmakumaris as they deserve. Even at the time of Dada Lekhraj, when the murlis were hand written and sent to everyone, they were manipulated. The Supreme Father Shiva Himself has mentioned about it in one of the revised murlis, dated 08.03.92, pg.2: **"Writing murlis is a good service. Everyone will become happy, they will give blessings [saying:] Baba, the writing is very good. Otherwise, they write: the writing is not good. Baba, the vanis are cut and sent to us. Our gems are stolen. Baba, we are entitled to receive all the gems that emerge from Your mouth. Only those who are special (*ananya*), will say these words."**

When the murlis were manipulated during the lifetime of Dada Lekhraj himself then, if this manipulating gains pace after his death, if the great sentences of the murlis and avyakt vanis are cut or manipulated, then what is the matter of surprise in it?

Ever since, after the year 1969, when these *gyaan* murlis are revised every five years at the Mt. Abu based Head office of the Brahmakumaris institution, some mistakes take place unknowingly and some [sentences] are manipulated knowingly. For example, a highly convincing example of this are the murlis dated 20.11.88 and 21.11.93, in which there is mention of 'Farrukhabad' situated in Uttar Pradesh as a hint towards the place of

the master of the world, who is the new bodily medium of the Supreme Father Shiva. As per this murli: **“I Myself am the Master. In Farrukhabad, people believe in the Master, don’t they? You have also understood the meaning of [the word] ‘maalik’. He is the Master [and] we are His children. So, certainly, we should receive the inheritance. The children say: [He is] our Baba. So you are the masters of the Father’s wealth.”** When the same murli was revised on 21.11.93, then the above mentioned great sentence was changed in the following manner to hide the new role of the Supreme Father Shiva, **“I Myself am the Master. There are people who also believe in the Master (*maalik*). But they should be asked whether they have understood the meaning of the word *maalik*.”** In this way, the word ‘Farrukhabad’ was deleted from this murli. Actually, the great sentences of God are being manipulated by the Brahmakumaris institution in order to stop the development of the Adhyatmik Ishwariya Vishwa Vidyalaya established by the Supreme Father Shiva Himself at Farrukhabad. This is most regrettable.

Underlining the importance of the great sentences of God i.e. the *gyaan* murlis, it has been mentioned in the avyakt vani dated 23.10.75 narrated by the soul of Dada Lekhraj through the body of BK Dadi Gulzar, **“Murli is a walking stick. With the help of this walking stick, any shortcoming will be overcome. So, studying or listening to the murlis with devotion means devotion towards the *Murlidhar*¹. The sign of love towards the *Murlidhar* is murli. The more you have love for the murlis, think that the more you have love for the *Murlidhar* as well. A real Brahmin can be judged by [his love for] the murlis. Devotion towards the murlis means a real Brahmin. If there is less devotion towards the murlis, it means [he is] *half caste* Brahmin.”**

Many Brahmakumar-kumaris do violate the shrimat (the directions of God) given in the *gyaan* murlis and avyakt vanis, but manipulating these very *gyaan* murlis, is a sign of utmost disrespect towards that Supreme Father Shiva. When, the same important underlined great sentences of *gyaan* murlis, indicating the changed place and body of the Supreme Father Shiva are given by the members of Adhyatmik Ishwariya Vishwa Vidyalaya in the form of pamphlets of the message of God, then many Brahmakumar-kumaris become angry and tear them or trample them under their feet. This is the same as the destruction of invaluable scriptures by the foreign invaders in the history of ancient India. And since then India has continued to witness downfall. Even during the reign of Mughal Emperor Aurangzeb, the Indian scriptures were burnt in *bhaar*², they were buried in the earth and they were tore and thrown in the rivers. Similarly, in the present Confluence Age shooting period also, hundreds of proofs of the so-called Brahmakumar-kumaris destroying the murlis in the form of great sentences and thus performing the shooting of Muslim invaders are coming to light.

Apart from this, the murlis narrated by the Supreme Father Supreme Soul Shiva through Brahma Baba for many years, were also tape-recorded and secured. The recordings of hundreds of those murlis, were an exact and strong proof of the vanis (words narrated) of the Supreme Father Shiva. **But just like the devotees of Brahma**

alias Krishna, after the death of Brahma, the first personality of the Trimurti Shiv, in order to maintain their influence like Krishna alias Brahma, and in order to stop the revelation of Mahadev Shankar (Ram), the highest personality of Shiva, the head BKs destroyed all the cassettes containing the record of the words spoken through the mouth of Brahma and just 2-4 edited cassettes remained for the sake of showing off. These are the cassettes given to the seekers of knowledge on being asked.

The same is the condition with the oldest pictures of the Trimurti, the Kalpa Tree, Lakshmi-Narayan, the Ladder etc. of [the size of] 30X40 inches, printed at the Brahmakumari ashram. Based on the visions of the *sandeshis* (trance messengers), Brahma Baba had these pictures prepared after making repeated corrections in them and [then] had them printed in thousands. Not just this much, copies of these big pictures were printed in English and Gujarati as well. **As soon as the fact of the third personality, Mahadev³ Shankar was revealed through these four old pictures by the Advance Party in the year 1976, all these old pictures at the Brahmakumari ashrams were either removed or destroyed suddenly.** After the death of Brahma Baba, how this institution, which misleads the public, has spread in every small and big city and village of the entire world after committing such a big fraud in the knowledge of God, is very surprising! The only answer that can be given for this question is: certainly, there is dominance of sins and corruption in the shooting of the end of the present most sinful Iron Age by those who perform wicked deeds. In order to destroy it, God *Kalankidhar*⁴ is forced to incarnate at the end of the Iron Age. This task of God of “the destruction of the wicked ones (*vinaashaay ca dushkrutaam*)”, famous in the Shrimad Bhagwad Gita, is going on again in the same manner as it took place 5000 years ago.
