Clarification of Murli dated 20.11.67 (Morning class)

The morning *class* of the 20.11.1967 was being narrated. On Monday, the topic on the first *line* (sentence) of the sixth *page* was being *cleared* for two days; what? What special difference was mentioned between Radha and Krishna? Krishna is called *Shyam-Sundar*¹ but Radha isn't called *Shyam-Sundari*. So, there is a difference, isn't there? They swing Krishna in a cradle. They certainly don't swing Radha. So look, she won't be called *Shyam-Sundari*. They won't be able to call her [that] either. It is because calling someone *Shyam-Sundar* only befits the One. So, He sits and explains all these topics to the children, so that the children understand them all properly and become capable to explain to anyone. Those who understand, they write, *note* down [and] explain. They keep practicing like this. So, you need the *practice* to explain for this, don't you? Those who have a lot of *practice* to understand and to explain... and they explain in *English* as well as in Hindi. And whoever knows whichever language well, they explain in that language. Now, they explain in *English* as well. Why was it said 'now'? Why not earlier? Earlier, the old *didis*, *dadis* weren't much educated and later on [i.e.] now, educated maidens started coming and they know English too. So, they explain in *English*. Now look, go there. Where? To Kanada (Karnataka). So, they explain in Kanada as well. Now, go to any village, the *language* is different, isn't it? They have to explain in Gujarati too. Those who [speak] Urdu don't get so confused. Why? It is because those who [speak] Urdu understand Hindi. The Muslims ruled here, in India for hundreds of years, didn't they? So, they learnt their language as well. As is the king, so are the subjects. Similarly, the language is also in use. So, those who [speak] Urdu understand Hindi. They understand *English* as well. As for the rest, there are these *Madrasis*². It is because the mothers there don't know [Hindi] at all. *Arey*, nowadays... How many years have passed? 50-60 years have passed. 70 years have passed. English is in practice there a lot. The time of the past, of 67 was mentioned. So there, the mothers among the *Madrasis* don't know [Hindi] at all. Then, they need a *translator*. Do you know how much respect a translator commands? Those who know eight-ten languages, *arey*, they are valued a lot. They are *first class language* teachers, aren't they? Look, they are also present here, in Delhi. They come and sit in councils. So, when *councillors* give speech, they (the translators) keep explaining in all [sorts of] languages. They keep translating, don't they? This has also been arranged, hasn't it daughter?

Now, how much will the salary of the *translator* be? It is because you won't find many translators who know many languages. *Arey*, they might be well-paid. As far as the salary is concerned, one receives more than the other. It is because these egotistic scientists earn the most. What? They get a high salary. It is because those who make these bombs etc. get money. You did understand, didn't you? What? The *shooting* happens here, in the Brahmin world. The *shooting* of those who make *bombs* happens, doesn't it? Just like they fill such [things] in those *bombs* that when they explode, [people] die immediately just by smelling their odour. Similarly, they make very big *bombs* like them. What? And they fill such defamation in them that if you

¹ The one who becomes dark and then beautiful by making *purushaarth*

² The residents of Madras (Chennai), a state in South India

smell them, the game is over. No matter how much they listened to the knowledge... There is the fragrance of knowledge, isn't there? All that goes in vain. When the *bomb* of defamation explodes... Do you know what the biggest *bomb* is? (Student replies.) Yes, the *bomb* of the revelation of the Supreme Soul. It isn't the *bomb* of the revelation of the Supreme Father. First of all, the permanent chariot, who has been mentioned in the Gita: *Parmaatamaa itii udhaarata* [meaning] he is called the Supreme Soul. It is because there is just the One Soul who is the Supreme Father, who is *Akshar*³, who is always *Akshar*. He never loses vigour. He doesn't become weak at all. That is just the One. The permanent chariot He enters, He makes him equal to Himself, doesn't He? So, the one who is called the Supreme Soul, it means, the supreme actor among all the pleasure-seeking souls. What? He is the supreme actor in seeking pleasures too. What kinds of pleasure? One is the pleasure of the elevated *indriyaan* and the pleasure even higher than that is the pleasure beyond the *indriyaan*. Which one? There is pleasure beyond the *indriyaan*, isn't there? (Student replies.) No? What? *Arey*, the Sun is beyond celestial degrees, isn't He? So, He will give joy that is beyond celestial degrees, won't He? The Moon is indeed bound in 16 celestial degrees. So, the *part* of the Moon of Knowledge who is called Krishnacandra will certainly give *limited* happiness, won't he? He will give happiness that is bound in 16 celestial degrees. And [what about] the Sun? The Sun is in fact the store house of inexhaustible light of knowledge, so He will give inexhaustible happiness, won't He? So, it isn't about the inert sun. It is about the living Sun of Knowledge, the Supreme Father, *Heavenly God* the *Father*, Shiva who is *Sada Shiva* (forever beneficial).

So, when He comes in this world, the soul that plays the *part* in the form of the Supreme Soul, who is the *hero* actor... In which aspect does He make him the *hero* first? In experiencing the highest of the high happiness. Which highest of the high happiness? One is the pleasure of corrupt *indriyaan*, they are called *karmendriyaan*. The happiness of the *gyaanendriyaan* is higher than that. Even among them (the *gyaanendriyaan*), they are at different levels, aren't they? The happiness of the eyes, of the vision is the highest among the *gyaanendriyaan* as well. And [the happiness] beyond the *indriyaan* is even higher than that. [The happiness] higher than even the *gyaanendriyaan* is... (Student replies.) Yes. Which should be called... What should it be called? The super sensuous joy, the happiness that takes you beyond the *indriyaan*. It is as if you forget the happiness of the *indriyaan*. Those who experience the super sensuous joy, they forget the happiness of the *indriyaan*. It is the happiness of such high category. So, the one who is the *hero* actor will experience the highest of the high joy, won't he? (Student replies.) Yes, so he will be glorified a lot in the world. Then, no one knows that the one who becomes the highest of the high, after passing through the four stages on this stage like world... It is because he is the seed of the whole world, isn't he? He is the father. He is the father in [performing] the highest of the high actions and in experiencing the highest of the high joy as well as peace. And is he the father of those who experience the lowliest sorrow and restlessness or not? He is. So, when he experiences the lowliest pleasure of the corrupt *indriyaan*, he experiences it the most. The Christians, the Yadavas in the world have this freedom among them. Their government has made a law: marry and *divorce* as many times as you want. Experience the pleasure of the *indriyaan* with as many [people] as you wish. Do they have [this] freedom or not? (Student replies.) Yes, they do. And marry according to the government, legally if you want to, otherwise you may

³ The one who doesn't fall

experience pleasure with as many as you wish secretly. So, is it adulterous pleasure or un-adulterous [pleasure]? It is adulterous pleasure.

This is considered [to be] very bad in India. Why? It is because there is a majority of the deity souls among the *Bharatvaasi* souls, the human souls, isn't there? So, the deity souls have experienced the highest of the high happiness. They experienced the happiness of the *gyaanendriyaan*, the happiness complete with 16 celestial degrees [and] the happiness beyond the *indriyaan*. So, do they dislike this concept [of adultery] a lot or do they like it? It is a matter of great defamation for them. And they become very upset listening to that defamation. Who? The *Bharatvaasis* or the foreigners? The *Bharatvaasis* become upset. So, the *bombs* of defamation that are made... The defamation of adultery is the biggest defamation according to the Indians, isn't it? You did understand, didn't you? So, these are the *bombs*, the *bombs* of defamation in the unlimited Brahmin world. Whose defamation? It is the defamation of even the highest of the high actor who is Vishvapita (World Father), who is the seed, the father of the whole world. So, the ones who have feelings for God, will they lose that feeling or will it be intact? They lose that feeling. And they lose it rapidly. They smell the defamation and they immediately become the ones with a doubting intellect. So now, the things that are called *bombs*, *bomb*... For what are they [made]? Those physical bombs cause physical death and this unlimited *bomb* causes unlimited death. What is the unlimited death? The unlimited death means to have a doubting intellect and to be destroyed.

The *dhaarna* of the religion that the Father teaches ... Which *dhaarna* does He teach first of all? Which *dhaarna* does He teach in the very *foundation*? (Student replies.) Yes, you are a point of light soul that resides in the middle of eyebrows. You aren't the body. Then, that's all. There is a **heavy blow** on the *number one dhaarna* of religion that God taught. It is because the deity souls are alive on the basis of this very *dhaarna* in the Golden and Silver Ages. Or do they die? They certainly don't die. They leave their cloth like body willingly. Do they experience dying? In today's world, [people] fear death a lot. The biggest fear is the sorrow of death. There are other sorrow too. There is the sorrow of birth. There is the sorrow of old age. There are other kinds of sorrow too; but this unlimited death in the Brahmin world... There is a quick succession of deaths after listening to the defamation. What? Why? It is because this is something new, isn't it? What? Who that Shiva is. In fact, it is said that Shiva is *Ever Pure*. What does 'ever pure' mean? It means that He is the purest. When He is the purest, will He perform impure tasks? To indulge in adultery, to indulge in adultery through the corrupt *indriyaan* is certainly a very impure task. Do deities, the deity souls experience happiness with one or many? They experience happiness with one [person]. They are so pure! And how pure should the One who makes those deities be? (Student replies.) No? Yes, very pure. So, when this concept sits in the intellect that the One whom we considered to be the purest, the Creator of even the pure deities is the *Ever Pure* Shivbaba, He is corporeal so incorporeal and incorporeal so corporeal...

So, when that *bomb* of defamation explodes, numerous witnesses come up. What? Do few witnesses come up or do numerous come up? It isn't that few [witnesses] come up. Just like you children saw, heard, there was defamation in Farrukhabad. There was, wasn't there? Then, how many gave proofs and testified [saying:] 'Yes, he committed such and such adulterous acts with me'? [Others said:] 'He did it with me too. He did it with me too'. So, many broke [from knowledge], didn't they? They broke after hearing this, didn't they? (Student replies.) Yes. Even

half of those who were surrendered with the body, mind and wealth ran away to their homes. Did they run or not? (Student replies.) Yes. So, this unlimited *bomb* of defamation explodes. That was about the year 98, there was half destruction at that time. Now? Now, which *shooting* has to happen? Does the *rehearsal* have to take place or not? Just like there was the *rehearsal* in the beginning of the *yagya*. Was there [the *rehearsal*] or not? Of ten years. It first happened in Om Mandali, didn't it? So, when five-six years passed from the ten years in Om Mandali and the *bomb* of defamation exploded in Sindh Hyderabad and everyone... What happened? Everyone broke [from knowledge]. Did they break or not? What happened in Om Mandali? *Tuut gaii hai malaa, moti bhikhar gaye. Do din rahakar saath, naa jaane kidhar gaye*⁴. So, whatever happened in the beginning... The 100 years of the Purushottam Confluence Age for the highest of the high religious father who establishes the True Religion that has been mentioned – it was said, there are 100 years for him as well, wasn't it, just like the other religious fathers had 100 years – so, whatever happened in the ten years in the beginning, will it happen in the end as well or not? (Student replies.) Won't it happen? (Student replies.) Yes, it will. Whatever happens in the beginning... (To the student:) *Arey!* Why don't you speak? As is the beginning so is the end.

So, the end... There are two types of souls in the unlimited Brahmin world. One [of] those who are born from the Sun, the *Suryavanshis* and the other is [of] the whole world that is born from the Moon of Knowledge, the soul of Krishna who plays the *part* of Dada Lekhraj Brahma. They are the Brahmins of the lower categories, aren't they? So, there is less light, less knowledge in the Moon, they are souls that grasp less knowledge, souls that are born in hazy light. Certainly, when there is less knowledge in them, then... You have a happy life based on knowledge itself, don't you? (Student replies.) Yes. The souls who are *Suryavanshi*, who listen sitting face to face to the Sun in the form of the Father, the *Teacher*, the *Supreme Teacher* and the *Sadguru* are elevated, aren't they? (Student replies.) Yes, they are the seed form souls equal to the Father. So, will the *shooting*, *rehearsal* of the seed form souls happen first in the Brahmin world in the end or will the *rehearsal* of the supporting souls, the root souls take place first? Whose [rehearsal] will happen [first]? It is of the seed form souls. So, the topic of the ten years and 20 years has come up, how many years are left for destruction? So, *Avyakt* Bapdada has said: *Arey*, certainly there aren't twenty years for you, the seed form souls who are the *direct* children of the Sun of Knowledge at all. How many years are left at the most? Ten [years]. Within these ten years, the establishment as well... Establishment of what? *Arey*, the rosary of Rudra is revealed first, isn't it? Has the rosary been prepared yet? Has it? It isn't ready yet. How many years have passed? Eighty years have passed. The rosary was prepared in the beginning of *yagya*, in Om Mandali and it used to break again and again. Brahma Baba began to prepare the rosary in the middle as well, a *sandeshi*⁵ came and said that Brahma Baba was making the rosary and the Father sat and smiled. This was said. Why was He smiling? He smiled because the one who plays the *part* of the Moon of Knowledge, Brahma, the one who forms the gathering of four heads... He is the four-headed Brahma, isn't he? So, he has less, *limited* knowledge like the moon, complete with 16 celestial degrees. When he has less knowledge, how will he form the

⁴ The rosary is broken and the pearls have scattered. After being together for two days, no one knows where they went.

⁵ Trance messenger

gathering? Will the gathering be formed? What will happen even if the gathering is formed? It will break. So, it was said that the Father started smiling...

Now what will He do in the end? Just like in the beginning, in the Om Mandali, when the Father was teaching, the knowledge of the Gita that He used to narrate at that time – He used to narrate the meanings of that very Sanskrit Gita– will the Gita be revealed again in the end or not? *Arey*, which is the main religious scripture of the *Bharatvaasis*? The Gita. But those poor ones forgot. In today's democratic government, they even forgot what our main religious scripture is. Had they known that '*religion is might*', there is power in the religion itself, then they would have adopted one religious scripture. They know and see in *practice* as well that the Muslims believe in only the Koran, they don't revere any other religious book. They hold that very book. They hold it, don't they? Even when they take an oath, they take the Koran in their hand. And the Christians too will read only the Bible a lot, it is to the Bible that they will give the most importance. They won't give importance to any other religious scripture to that extent. So, is there power in them or not? Do those who believe in one religious scripture, one religious father and those who *follow* one religion have more power in today's world or those who believe in many religious fathers, [who think:] Krishna is God; what? He is God of the Gita. And Ram is also God. He is a *Suryavanshi* and he is the form of Vivasvat⁶; his name is the Sun . (Student comments.) Yes, God came and gave the donation of knowledge to him based on which the establishment of the True Religion happened. So, someone has made someone [their father] and someone has made someone else [their father]. They have made numerous religious fathers who establish the True Religion. *Arey!* Will there be one truth or many? There is one truth. (Student comments.) Yes. It is also written in the scriptures that on this stage like world it is only Shankar whose soul and body is never destroyed. 'It isn't destroyed' doesn't mean that he doesn't leave his physical body. *Arey*, he does leave his physical body but does that soul leave the subtle body? No. The mind and intellect are also included in the subtle body, aren't they? There are elements that form the body, aren't there? The mind and intellect are also included in those 23-24 elements. It isn't that they consist only earth, water, air, fire and sky. No. So, it was said that the soul in the form of the mind and intellect, the seed form soul of this stage like world is forever present in this world with the body too. And with the soul? Is he forever present in this world through the mind and intellect like soul as well or not? He is present forever. It is because he alone is truth, isn't he? So, he alone exists and what about the body of the rest of them? All the rest of them leave their body. This is certain that some [leave it] for a short time and some for a long time.

So, it was said: The one who is truth, you forgot that true religious father [and] his real form as well. You forgot even the song of knowledge, the knowledge of the Gita narrated by Him. Earlier, they still used to make [a person] take an oath by making them hold the Gita in their hand in the courts of the Indian government. Nowadays, they have even stopped making [someone] take the oath of the Gita. Why? It is because that *government* itself is like that. How? Secular kingdom. 'We don't have any expectation for any religion.' 'What do you expect?' 'Keep giving us votes. You may be a follower of any religion, follow any religious father, read, believe and understand any religious scripture [but] what should you do for us? Give us votes, so

⁶ 'The brilliant one'; a name of the Sun

that we sit on the throne and rule on you, beat the stick on you.’ It is this way, isn’t it? Yes, it is this way. They need votes. So, it was said that they don’t believe in religion, they don’t believe in [any] religious father and they don’t believe in [any] religious scripture either. This is why, is there any power in this *government*? Does any rule or law work? Today, a *minister* will come to power and make a law. And tomorrow someone else will come to power; he breaks that law and makes a new law. Every day new laws are made and they are broken every day. So, will the legal management be intact? It doesn’t remain intact at all. So, the Christian *government* that was before, did they have some strict rules and regulations or not? Did they have control or not? Alright, there was the *control* of the *police* but was there *control* over the gangsters, thieves and dacoits or not? And in today’s world? In today’s world, in this *government*, the *government* officials themselves steal and bribe so much. They work in a *bank* and they do such things in the very *bank* [saying:] ‘Give us half [the money] and we will also give you half, loot the entire money of the *bank* and take it with you.’ Tell Me, do they do that or not? The *government* officials of different rank themselves are doing this. So look, it is happening because of not believing in religion and actions. They don’t believe in one religion. They don’t believe in one religious scripture and they don’t believe in one religious father. This is why, they have no power to rule the kingdom. Just as... There isn’t the rule of rulers at all. Whose *government* will it be called? Whose [government]? It will be called the *government* of cowards. No rule and regulation works. It doesn’t work on gangsters at all. What? (Student comments.) Yes.

So, nowadays, people have started saying in the world: Gangsters are greater than God! *Aha!* In today’s world, gangsters and criminalism harass even God. Do they harass [God] or not? (Student replies.) Yes. So it was said... And it is also mentioned in the scriptures, whether it is in the form of God Shankar, whether it is in the form of God Ram or God Krishna, He comes in such a world, sinful world with a sinful *government*, in the kingdom of Ravan, where God Krishna had to hide in villages and perform his task. Did he have to do that or not? (Student replies.) Yes, it is shown in the scriptures in this way. Similarly, Shankar... What do we call God Shankar? *Arey*, in the rule of today’s *government*, he has also been glorified as God, God Shankar . Bhasmasura⁷, who have such power that they turn themselves into ashes when they keep their intellect like hand on themselves, they want to keep their hand on God first [saying:] ‘First we will reduce **you** to ashes’. God keeps running around and Bhasmasura keeps chasing him. So look, even God’s condition has become bad under this *government*, hasn’t it? Does any rule and regulation work? Whom should He *report*? Whom should He tell: ‘*Arey*, **I** myself gave him the boon! He asked for a boon from **Me** and he is ready to oppress **Me!**’ No one is going to listen. *Accha*, that was about God Krishna and God Shankar. Now, take the example of God Ram. God Ram also comes in such a world of the kingdom of Ravan, where no rule and regulation works. The poor one has to stay hidden in forests. What? Did he fight the battle while staying in the forest or not? He did. Whose army did he take? *Arey*, he didn’t even find human beings. He didn’t find human beings at all, who could stabilize their intellect, think and churn. Their intellect is like the monkeys, whose intellect is here this moment and it ran away the next moment. Yes! What kind of an intellect? An inconstant intellect. How is it? It is just like monkeys. So, it is shown, which army did he take? He took the army of monkeys and where do

⁷ A demon who received a boon from Shankar to reduce to ashes whoever he places his hand on; he ends up making Shankar himself his target

monkeys reside? Do they reside more in villages or in forests? You find many monkeys in the forests. In the jungle of thorns... What? What is this world? It is a jungle of thorns, isn't it? So, God Ram took the army of monkeys in the jungle of thorns. No human being who thinks and churns supported him at all. So look, how even God is degraded in this *government*! Yes.

Why? Why is He degraded? It is because this world doesn't recognize the *part*, the highest of the high *part* that God plays when He comes in this world. *Arey*, let alone the world, even the monkeys who sit face to face don't recognize [Him]. And because of not recognizing [Him], they come under the influence of the opponents. So, the opponents of the community of Ravan, those who belong to other religions, the foreign religions and the *vidharmis*, whether they belong to the Indian religions or the foreign religions, they come under their influence and after coming under their influence... That's it! Whatever they narrated, '*Arey*, your God does that...' Just like the Christians, do they convert [people] by defaming God Ram, God Krishna and God Shankar or not? Yes. They converted so many *Bharatvaasis*. Similarly, the *rehearsal* of the *bomb* of the revelation of the Supreme Soul takes place first in the Brahmin world.

What kind of revelation? Today's world has become such that, does it listen to the topics of defamation with a lot of interest or do they listen to the virtues of a person, a human being when they are mentioned? (Student replies.) Yes, they listen to the topics of defamation with great love. And if it is said that these ones who call themselves Brahmins, the children of Brahma [say:] 'We have found God'... And when it comes to their intellect: *arey*, even God performs such tasks! He becomes so adulterous! *Arey*, what I heard was true. We converted to the Christian religion or the Muslim religion just because of listening "your God Krishna keeps 16,000 queens". *Arey*, if he alone experiences all the pleasure, what will the poor *public* do? As is the king so are the subjects. The king certainly has power but the subjects don't have that much power. Then, what will they do? Will they steal or not? Yes, they will become adulterous stealthily. So, there will be complete ruination in the world. Now, they don't know the reality of their God. On one side, they build the temples of Shiva and worship as well. Worship what? Which action do they worship? The *Shivling* that is kept in the temple, what action is He performing? And with whom is He performing it? Is He performing [any action] or not? (Student replies.) Yes, which action has been depicted? God is in the form of the *Shivling*. His *ling* alone is worshipped. The ear isn't worshipped. There isn't a nose, neither eyes, nor legs. What is worshipped? The *ling* is placed. That *ling*... Yes. When the world performs the task that is shown [in the temple of Shiva], it still performs it stealthily because they feel shame. The world still feels embarrassed. And what about this one? And this one... Temples are built... The entire world is coming to see [Him] and He is showing off. What is He doing? 'Look, this is what I am doing'. *Arey!*

Even in that, in that *argha*⁸, there isn't just the one. What? It isn't about just one Parvati. *Arey*, God has already told us children. What? All of you are Parvatis. All of you are Sitas. What are you? All of you are Draupadis. In the Iron Age... Certainly, no one disrobes Draupadi in the Golden Age. Where are they disrobed? It is about this Iron Age. Draupadis are disrobed in the Iron Age, Ravan abducts Sita and... What was said? And Parvati... Yes, all of you are Parvatis.

⁸ The cup that holds the lingam

It means, you take the [others] across. What? Whom do you take across? All of you certainly take someone or another across. What? **You**. Who are all of you? *Arey*, will it be said for the seed form souls or for everyone? It is said for the seed form souls that all of you are Parvati. The whole world is merged in you seeds. Isn't it merged? When all the five-seven billion leaves of the tree like world can be merged in one seed, can't some be merged in the other seeds *number wise*⁹? Yes, they can. So, it was said that you Parvatis are the ones who take [others] across. All the souls that come *under* you, in your *controlling power*, those who come in your contact and connection for many births, you are their Parvati who takes them across. Are you *number wise* or are all of you the *number* one? (Student replies.) Yes, the *number* one takes the *number* one across. She becomes instrument to take the seed, the father of the whole human world across. So, is it as if she became the mother of the five-seven billion [human beings] or not? No? Yes, when she takes the seed, the seed of the whole human world across, it is as if she takes the whole tree across. And the rest are *number wise*.

So, it was said that he is performing such and such action with Parvati in the temple. The devotees believe in Parvati in the form of the mother and Shankarji in the form of the father. Just like it happens in today's world; what? Is today's world the Iron Age world or a reformed world like the Golden, Silver or Copper Age ? No. It is a corrupt world. The children of today... The mother and father keep doing activities, demonic activities with each other and the children open their eyes and keep watching what their *mummy* and daddy are doing. Do they see it or not? Do the children see this or not? They do. And just like the parents do, do the children do the same or not? They do. So when the world becomes such that parents in the form of the mother and the father... They are children, all of them have a child like intellect. They don't understand at all. What? These are the parents, they are the masters of our life. *Arey*, when a child is born, are parents the masters of his life or not? (Student comments). No? If parents come to know ... like Aurangzeb and Shah Jahan; had Shah Jahan known that his son, Aurangzeb would put him in prison [thinking:] 'Rot in jail' ... Had he known [this] earlier, could he have killed that child or not? Yes, he could have killed him at that very moment. So are parents the masters of the child's life or not? They are. So, it was said that you children come to this world and become shameless like monkeys. Today's world is of monkeys, isn't it? So just like there is shamelessness in the monkey world ... The male monkey and the female monkey indulge in vices on top of a tree. Although, all of their children and the entire world, all the human beings, all the creatures keep seeing them, they have no shame. Similarly, the world today is becoming like that and it **has** become that.

So, they believe that all are sinful in this world. Do they or not? They believe from within that the entire world is sinful. But when they hear about God: They say this is the *part* of God and God performs such and such actions like monkeys. Is He the Father of even the monkeys or not? God is the Father of this world, He is the Father of the human world, isn't He? So, is He the Father of the human beings, the deities, the demons as well as all the creatures or not? Are animals and birds included in creatures or not? They are. All the insects and spiders are included [in it]. This is why, it has been said... What? It has been mentioned in the scriptures that the human soul is born in 84 lakh (hundred thousand) species. So, can every human soul play a *part*

⁹ According to the capacity of the seed

of 84 lakh species? No, it is about just one soul who plays the highest of the high *part* of the deity Vishnu, the resident of Vaikunth, as well as the master of Vaikunth. And in this degraded world, there are the most inferior insects and spiders, aren't there? They give a lot of sorrow. They have no other business except giving sorrow. What do these flies and mosquitoes do? Do they give happiness or do they give only sorrow? Do they give happiness to anyone? Mosquitoes certainly give sorrow. So it was said, more than them... the germs of diseases that grow inside the body... Do they or not? How many germs of *malaria* are present in just one drop? They can't be seen through these eyes, but they are also creatures, aren't they? Are they creatures or not? They are all creatures. It is the father of the human world who performs lower actions than even them. Is he or not? Who? Is it the Father of the souls or the father of the human world in whom the Father of the souls enters? (Student replies.) Yes, the father of the human world; all the creatures are sustained *under* the human beings in this world. Are they or not? (Student replies.) Yes.

So, it was said that the seed form father is the highest of the high as well as the lowest of the low actor. The world doesn't understand his highest of the high *part* ... The world thinks that he performs such and such actions with *countless* [maidens and mothers], with the 16,000, so, he is very impure. They think for themselves that they weren't that impure, they were still within limits. So, the defamation that spreads... among whom? Especially among the *Bharatvaasis*... It is they who create a big commotion; who? Who creates a commotion? Is it the people of the outside world? Are the foreigners of Europe more influenced by it or do they understand the reality first? When God the Father comes and clears the reality of the concept of 16,000 queens of Krishna, who understands it first? Do the foreigners understand it or do the *Bharatvaasis* understand it? The foreigners understand it. The *Bharatvaasis* don't understand it. In fact, the *Bharatvasis* spread criticism all the more [saying:] *Arey*, the one whom we considered to be God also performs such lowly actions! It isn't that only the *Basic* Brahmins think that, [those] who perform the *shooting* in the Brahmin world, who call themselves Brahma Kumar Kumaris, who don't give the name of their father because they are ashamed of it. No. Leave their topic aside. They have a child like intellect. Just like, did Brahma Baba have a child like intellect or a mature intellect? The knowledge, the knowledge of the Gita that the Father Shiva narrates through his mouth after coming, did he understand its depth? He didn't. Because of not understanding it as he had a childlike intellect, how are all his *followers*? Do they have a child like intellect or a mature intellect? (Student replies.) No, they had a childlike intellect. So, leave their topic aside. But those who say: "We take the *Advance* knowledge, we sit face to face with God and play the *part* of studying face to face", so even them, are they caught in the spiral of the defamation or not? (Student replies.) Yes. The *converted* seed form souls who defame become so dangerous that the Father [to] whom they gave [the letter of faith] in writing with their blood in the beginning of the *yagya* – what? – 'He alone is our Father, the Supreme Father' and now in the end, they gave in writing on the *government's stamp paper* or they have also given it writing on a plain paper in the beginning [of the Advance party]. (Student comments.) Yes. Have they or not? And they also wrote an *affidavit*, the letter of oath in front of the *government's court*. Is *notary* also [a part of] the *court* set up by the *government* or not? It is. So, they promised in front of the *court*: "He is our God the Father. We found God the Father." Then, what do they do? Are they double faced or not? They are. They don't accept just one father. Then what do they do?

Yes. Many Vishnu parties emerge and they become great gods in those Vishnu parties and what do they do then? The seed form souls who *convert*, who have the husk of other religions on them, what do they do to the intellect of all those seed form souls? They pollute it. What? So, do they remove the husk or are they covered by the husk all the more? What happens? The husk of the *vidharmis* becomes even stronger. They explode such big *bomb* of defamation, the *bomb* of the revelation of the Supreme Soul. Now it was just said, wasn't it? Today's world has become such that it notices someone's virtues less and it notices the bad traits more. For example, there is a white dressed Brahmin. He is a Brahmin, but if one black stain is visible on the front, does everyone's attention go towards that black stain or does it go on the whole white dress he is wearing? They notice the stain. It is the same [here].

Leave the whole world. Leave those who are the supporting souls, the root form souls, the Brahmin souls of this world. Leave those who are standing as the supporting souls of other religions and those who are such supporting souls whose roots have decayed; those roots aren't even visible from above. (Student comments.) Yes. If you go in the depth, they will be visible. So, whoever those roots are, are all of them influenced by the *vidharmis* or not? They are. Those who are Brahmins with fewer celestial degrees in the Brahmin world are also influenced and those who call themselves the *Suryavanshi*, seed form souls are also influenced to such an extent that one after the other, everyone starts breaking. So, semi-destruction happens when half the *time* of the world [has passed]. When the world of heaven ends, destruction takes place. So, does the *shooting* happen or not? Yes. Such *shooting* happened among the seed form souls in 98. Now which *shooting* has to happen? Will there be semi-destruction or the complete destruction? (Student replies.) Yes, there will be the complete destruction. And how is this *government*? When the *government* doesn't find any solid *proof*, they (the officials) believe in just hearsay. That *witness* testified. *Accha*, leave that one. The second *witness* testified. Then the third one, the fourth, the fifth one came up. *Arey*, hundreds and thousands [of people] came up who said, 'This and that happened with us. We were forced and compelled like this. We were raped.' That's all. The *government* will function according to the law, won't it? So, the *government* holds on to the law. (Student comments.) Yes. So, it was said, is it an unjust *government* or are they the rulers, the kings made by God who are sitting on the seat? Was it God who made them the kings or was it the subjects who made them kings? Who made [them that]? It won't be said that God made them kings. The subjects made them kings, didn't they? There is the *first class*, the *second class*, the *third class* and even the *fourth class* subjects among the subject [category]. So, the subjects of the lower *class* will certainly perform lowly actions, won't they? Will it elect good people or will it elect bad people and seat them [on the throne]? The subjects of the lowly kind... Just like when the Father comes, He says: I create four kinds of castes. Among those subjects there are the Brahmins, the *Kshatriya*, the *Vaishya* and even those who perform low actions, those who steal and rob, sweepers and cobblers who loiter and are licentious are [part of them]. And when they together go to steal and rob, whom do they worship? Do they worship Mahagauri or Mahakali? Whom do they worship? (Student replies.) Yes, she is the biggest *candaalani*¹⁰, isn't she? They worship her. She has been given the name Chandika devi¹¹. So it was said: In the rule that is in the kingdom of Ravan, is there more population of the lower category subjects or of the high

class? *Arey*, Tulsidas wrote 300-400 years ago: *Bhaye varna sankar sabai*¹². Although, someone may have a topknot and a long and thick *janeu* (the sacred Brahmin thread), it is to show-off. But they too know from within: We are very adulterous. We are drunkards, non-vegetarians and who knows what [other] loitering and licentious actions we do. They know [this] from within but they think and show themselves as great erudite men, scholars, teachers and sanyasis in the outside world. Does it happen like this or not? The Father has certainly come and told you children – what? – all are *bhrashtacaarii* in this world. Brahmins are also *bhrashtacaarii*. Sanyasis are also *bhrashtacaarii*. No even a single one is *shreshtacaarii* among them. And the one who is *shreshtacaarii*, the one who establishes the elevated religion, the *part* that he plays through the *karmendriyaan* when he comes, through the corrupt *karmendriyaan*, they don't understand the *part* of the corrupt *karmendriyaan* either, that when he remains detached from the mind and intellect, will he accumulate sins or not? He will not accumulate any sin at all. No one understands the depth of this concept. Because of not understanding, they consider the *part* of even God to be vicious, a licentious person, the one who performs adulterous actions.

So, it was said: When the world becomes such, what happens? There is no one in their world who can explain to them. *Arey*, when they defamed God so much, who will accept the words of God? Will anyone listen to [Him]? Will anyone accept it? No. Still, are they *number* wise in this world or not? Or is everyone the same? (Student replies.) Yes, there are one-two of such souls on this stage like world among the seed form souls and there are two of such special souls among those who play a *part* in the form of the roots, the supporting souls as well who have their connection of the intellect with [just] the One birth after births or do they have it with many? There is such an actor as well. There is one among the *Rudramala* [who has connection with the one] on the basis of the intellect, she is called Kashi Nagari. What? *Kashya* means lustre. The lustre of what? Is it the lustre of the body, the *karmendriyaan* of the body or the lustre of the mind and intellect? The lustre of concentration of the mind and the intellect. And there is also such [a soul] who is said [to belong to] the rosary of victory, who teaches her companions to gain victory over the vices in practice. So, it was said... who is the *first class* [soul] among them? (To the student:) You might know her well. (Student replies.) Yes, she is pure through her body and she is the one who plays the *practical part* of remaining pure with her mind and intellect like soul as well. So God, whom the entire world brought down, disgraced, they did, didn't they? They harassed Him after His coming to this corrupt world. ☺ It is then that she comes. And when she comes, she glorifies His name. Then, such numerous Ganges of knowledge come *number* wise. Where? Do they come from North India, from the UP¹³ *side* or from South India? North India. The memory of the Ganges of knowledge is famous in North India. What kind of Ganges? It is such a Ganges, whose body in the form of mud, it (the Ganges) has *sand*, hasn't it? Smear it nicely on your body, then pour a big *lota*¹⁴ of water and all the mud will be washed away at once. They are such Ganges of knowledge, whose light of knowledge is so sharp that mud and soil can't remain at all. Om Shanti.
