1<sup>st</sup> September 2017

What? Baba wants to remind you of one more thing. What? This (ye) body shouldn't be revealed. What does 'this (ye)' mean? What does 'this body' mean? This body shouldn't be revealed. Just the voice of Baba should reach [everyone]. Who was called Baba? Baba's voice should reach the world. Just like, in the Brahmin world, today, there is a crowd of Brahmins, – the Pandava like Brahmins are few – the crowd of Brahmins who belong to the eight lower categories; that is also the world of Brahmins, isn't it? Just like it was seen on the path of *bhakti*; what was seen? The world used to think: A very dangerous terrorist has come in the world. Similarly, in the world of Brahmins too, a big crowd thinks the same; especially the Brahmins with a childlike intellect. What? Who has come? O-Sama-Bin-Laden. What? *Sama* means the evening has arrived. The sun is going to hide in the eyes of the world. O-Sama-Bin-La-den. "Whatever body, mind, wealth you have, give everything to me. Otherwise, I won't spare you." What did he used to do? Did his voice spread in the world or did he himself go before the world? (Students: His voice.) Similarly it was said, "This body shouldn't be revealed". Before whom shouldn't it be revealed? It shouldn't be revealed before the world. *Accha*, the children on Brahma's lap who aren't going to become *Suryavanshis*, who aren't going to convert to the Sun dynasty, who may convert to the other religions, who have made a firm resolution... Shouldn't He be revealed among them or shouldn't He be revealed among you children? This body shouldn't be revealed; just Baba's voice should reach [them]. This message should be delivered to daughter Janak, so that the daughter conducts a *class* for everyone. ... to be continued.

# Gyan Pearls for the Day

2<sup>nd</sup> September 2017

What? What does 'everyone's' mean? Arey? The topic discussed was about delivering the voice. Where does voice come from? It comes out from the mouth? (Students: Ravan.) It comes out from Ravan? Doesn't it emerge from foreign lands? Won't the sound of the Father's revelation emerge from foreign lands? Will it emerge or not? It will. Just like it happened in the beginning of the *advance* [party] as well; from the time the world of seed form souls emerged, did the foreign seeds recognise [the father] first, help him or did the *svadeshi* (those belonging to Bharat) help him? The foreigners helped him. It may be the seed of Islam, the seed of Christianity, the seed of Buddhism; it is they who became helpers. So, whom should you deliver the voice to? The one who is considered to be the *head* of that place. Who? Dadi Janak. Deliver the message to her, so that she conducts a *class* for everyone - They may be the ones who *convert* to any religion - let her conduct a class for all of them . Those souls may be the ones who go to any religion, so will they be the mothers who belong to the mother land or will they be the fathers of the foreign [lands]? They are the mothers of Bharat, which is the mother land; they give preference to children like Krishna. They are unable to realize the importance of the Father. So, that daughter should conduct a *class* for everyone. Which *class*? The message that is being given now. She should be able to give the signal of time to all the children. It is because the daughter also has to come to Baba now, hasn't she? What was said? She has to **come** to Baba, hasn't she? To which Baba does she have to come? For which soul, which corporeal soul on this stage like world does Dadi Janak have faith and veneration? (Students: Brahma Baba.) So, she has to come to Brahma Baba, hasn't she? So, before coming to Baba, the time to give the signal... she should come only after giving the signal. What? She shouldn't come without giving the signal. Which time? The signal of which time? Whether it is 10 years that are left or 20 years that are left; first she herself should understand that 10 years are meant for whom and 20 years are meant for whom. She has to give the signal. She should come only after giving the signal. ...to be continued.

# GYAN PEARLS FOR THE DAY

3<sup>RD</sup> SEPTEMBER 2017

It is because, “now”. “Now” means when? When this *vani* was narrated. Now, the body of the other daughter is very delicate. Which daughter? Dadi Gulzar. Baba can’t use that body now. Her body has become so delicate. This is why, what Baba is saying should go everywhere. What does ‘everywhere’ mean? [It should go to] north, south, east, west and also in their corners. The eight directions are famous, the eight *digpaal* (guardian deities of the eight directions of the world). It should go everywhere. If you have a doubt in this, you *fail*. Don’t think that Baba took the body of Brahma, then He took the body of another daughter; which daughter? Dadi Gulzar. Now whose body did He take? The body of Brahma is lost. The body of the other daughter is also feeble, it has become very weak. Baba took the body that He had to take. What? Which Baba took the body that He had to take? (Students: Brahma Baba.) Did Brahma Baba take it? Baba took the body that He had to take. It is because this body is hidden. Which body is hidden? [The body] of Brahma Baba was certainly lost. It is anyway hidden, he has become *avyakt*. There is no question of him being hidden or not. As regards Dadi Gulzar, is she revealed before everyone or is she kept hidden? So He took the body that He had to take. Who? Baba. Now, Baba (Brahma Baba) doesn’t know at all, who should be called Baba and who should be called *Baap* (the Father). Here, whom is he calling Baba? He called the incorporeal Shiva, Baba. Baba took the body which He had to take because this body is hidden. It shouldn’t be revealed before anyone. It shouldn’t be revealed before anyone? What does “anyone” mean? “Anyone” means before whom shouldn’t it be revealed? Shouldn’t it be revealed before the children? Arey, should it be revealed before the children or not? Should it be revealed? Those who are children, are all of them the seeds of *Suryavansh* or are the seeds of the other religious dynasties also sitting [among them]? Are they [sitting] or not? (Students: They are.) So will we come to know, do we come to know, who the *Suryavanshis* are or who the ones who convert to *Suryavansh* are and which children among the seed form souls aren’t going to convert to *Suryavansh*, who have made a resolution to defame [the Father]? So this chariot shouldn’t be revealed before anyone. The voice should reach them. Whether they are the foreigners or *vidharmi* (those whose religion is opposite to that of the Father) in a worldly manner, the souls who come directly from the Supreme Abode in the Copper Age, whether they are the supporting souls of Bharat who convert to the foreign, *vidharmi* gatherings or the seed form souls, the seeds of the other religions, this voice should reach them but the body shouldn’t be revealed before them. ... to be continued.

# Gyan Pearls for the Day

4<sup>th</sup> September 2017

Accha? What if it is revealed? If this body is revealed before them, what will happen? Arey, will anything happen? Arey? Arey, what happened to all the religious fathers who came in the history? What happened to Christ? What happened to Mohammad? Whichever religious fathers came to this world, did all of them have to suffer defeat amongst the people of the world at that time or did they go after becoming victorious? They had to suffer defeat, no matter how much appreciation and criticism (*vitandavaad*) their followers spread later on. So, that's it, just the voice should reach them. You have understood, haven't you? Yes. Not just to them, but the extent to which the voice can be delivered.. What was said? "Not just to them" means not just to the souls who descend from the Supreme Abode but the souls belonging to Bharat who convert to the other religions, the supporting souls or the seed form souls who are also sitting amongst you children; the voice should reach everyone. The voice of the Father should reach as far as you can make it reach. Which father? Is it the voice of the Father of the incorporeal souls, is it the voice of the father of the *Chandravashis*, is it the voice of the other foreign, *vidharmi* religious fathers or is it [the voice of the Father of] those who are going to become firm *Suryavanshis* who never convert to the branches of the other religions in any birth while being alive? For example, the *vidharmi* Indian branches of the human world tree on the right side or the foreign branches on the left side; they (the *Suryavanshis*) aren't the ones who convert to them. Deliver the voice as far as you can. Will it be delivered? He asked. ☺ Arey, your voice, [the voice of those] who are a handful.. there are just five Pandavas. Are they or not? There are five Pandavas. Do the five Pandavas go to heaven while being alive, with their body? Do they go? Do they? They don't. Who does? Those who are true *Suryavanshis* [i.e.] *Yuddh sthir*. Whether it is the Confluence Age, whether it is the Golden Age, the Silver Age, the Copper Age or the Iron Age, they constantly fight with falsity. They remain the companions of the One True Father. He said to them, he asked them: Will the voice be delivered? It means, do you have the faith that you will deliver the voice? It will be delivered, won't it? Arey? Is Brahma Baba having doubts? Is he having doubts? Is he asking again and again because he has doubts or does he have the firm faith that they will deliver [the message]? (Students: He has doubt.) Yes. Yudhisthir – Eldest among the Pandavas. Lit. means- the one who is stable in war. ... to be continued.

# Gyan Pearls for the Day

5<sup>th</sup> September 2017

It is because today, the children have come up with a lot of knowledge , haven't they? What was said? But it isn't the knowledge of the Father. It is their own knowledge. They have come up with their own knowledge . They consider themselves to be more knowledgeable than even the Father. It has been 20 years for someone... He gave the introduction. What? Those who think, 'I have become more knowledgeable than even the Father. I can challenge/confront even the Father on the basis of knowledge', he is also introducing them. It has been 20 years for someone, it has been 30 years for someone, it has been 40 years for someone since they started following the *advance* knowledge. They think: We have become the father of even the Father! Who are those children? Who entered the *advance* knowledge for 40 years and sat as the father of even the Father? And he also beat the Father considering himself to be the father! Arey, the father has an authority, hasn't he? Does he have the authority to reform the child or not? Does he have the authority if he considers himself to be the father or does he have the authority if he doesn't consider himself to be the father? (Students: When he considers himself to be the father.) Yes. They think that they have become the father of even the Father! And it has been 40 years for someone after becoming the father. What was said? He became the father in practice. It has been 30 years for someone. They became the father of the Father and started performing opposing actions. It has been 30 years. ...to be continued.

For someone... it has been 20 years for **someone**. If 20 years are reduced from 17-18, which year do you come to? 97-98. So, he started opposing actively since then. He might have [opposed] in practice as well. You will also receive the *proof* of it. But they don't think that the Father is anyway the Father. What? What is it that they don't think? The Father is anyway the Father. He says a *brahmvaakya* (a version from Brahma's mouth) in the murlis repeatedly: Children, your **Father** has come! Does he say it repeatedly or not? He does. What you have become is because of that very Father. The Father gave you such knowledge, only then did it sit in your intellect, you are the seed, the father of which religion. What? The Father gave [you] the knowledge, it is then that it sat in your intellect, you are the seed form Father of which religion. They become active opponents. They make [the others] subordinate completely. They beat Bharat (India) badly. The people belonging to which religion? (Students commented.) Tell Me the name of one. (Students: Muslims.) *Accha*? They ruled for such a long time in Bharat. They mostly ruled harmoniously [with the Hindus]. Who? The Muslims. Who are they who ruled for a short time and they beat [the Indians] badly? (Students: The Christians.) Yes. ... to be continued.

# Gyan Pearls for the Day

7<sup>th</sup> September 2017

All these topics should [reach] the daughter. The *main* places where [he] wants to go... what was said? All the topics that were said till now, all those topics... the *main* places where [he] wants to go... who wants to go? Arey? Who wants to go? As for the daughter, she has to go to the Father [and] Dadi Gulzar has become feeble. Now, who has to go? Who has to go to the *main* cities, the *main* countries? The *main* places where [he] wants to go, all those who are present, in whichever *centre* they are... and the mission that has come up now, what? He is mentioning further what mission has come up. The mission that has come up now; it is the mission that is going to tour the whole world; do you know what the mission is? That mission is going to tour the whole world. The mission [is]: all the youth are together going to reveal Baba. What is special about youth? Who are counted more among the youth? Is it the *adharkumars* (men who are married and lead a pure life), *kumaris* (maidens), *adharkumaris* (women who are married and lead a pure life) or *kumars* (bachelors)? (Students: *Kumars*.) All the youth together... not [just] one or two. What? All the youth together are going to reveal Baba. Who are going to reveal [Baba]? The youth. No one was able to reveal the Father; who are going to do that work? The youth are going to reveal Him. This is the *last* message. What? This mission will be the *last* message. There won't be any messages after this. This very mission, whatever it is; whoever has thought of this *plan*... What? Whoever has thought of this plan of the mission and whoever has made it; it isn't that one who made that plan of the mission of revealing the Father. What does "that one" mean? Not anyone from among you. It is not this one. It not this one's followers; **that one** has made it. You didn't understand. "That one" means who? Arey, he made [that plan] during the semi destruction as well. Did the semi destruction happen in the *advance* Brahmin world? At that time too, it was he who made [the plan]. Baba just gave a hint. He didn't give the *clarification*. So, whoever has thought of this *plan* and whoever has made this *plan*; which *plan*? The mission of the Father's revelation. How does it happen? Arey? Don't you know how the Father's revelation takes place at all? Arey, for that revelation, 'bam bam' is added to the name of the Father on the path of *bhakti*. *Har har, bam bam*. Which *plan* of revelation? (A student commented.) Speak aloud. (Student commented.) The *bomb* of the revelation of the Supreme Soul. ... to be continued.

# Gyan Pearls for the Day

8<sup>th</sup> September 2017

Why did only the youth make it? Why will only the youth make it together? Arey, why not *kumaris*? Why not *adharkumaris*? *Kumars* can do whatever they wish. If they wish, they can destroy the world. And if they wish, they can create the new world. It means, some *kumar* emerges from among the *kumars* who becomes instrument to create the new world. And only the *kumars* make such gathering together through which the whole world is destroyed. Which world? Arey? (Students comments.) Yes. That *plan* was already made. It is famous in the scriptures. The Brahmin world was destroyed thrice through Brahma. This is the last time. So, what is the mission through which the whole world of the Brahmins will be destroyed? Arey? Didn't you understand? (A student: The revelation of the Father.) Which *plan* of the Father's revelation? Which mission? (Student: The voice...) The voice will be heard? As regards the voice, it has been so long that just the voice has been continuing. Arey, the body isn't visible to the worldly people. It was said around the year 2000-2001 as well, the worldly people think that the Father has become hidden and the Father says: 'I am always revealed before the children'. Before *bacce* (the children), not before *cacce* (opponents). So which is that *plan*, which is that mission that is going to be implemented together? It doesn't come to your mind. (Student: Of the new world.) Is it of the new world? Will *kumars* who have the fire burning within them for 24 hours establish the new world? The great philosophers of the world say: One thought of the *kumars* and a thousand thoughts of the *adharkumars* who are couple; keep the thousand thoughts on one plate (of the scales) and keep the one thought of the *kumars* on the other plate (of the scales), both the sides will be equal (weigh the same). What is the thought? Which is that fire that burns in *kumars* the most? (Ironically: ) *Accha*, no one has ever been a *kumar*! How can you say it? ... to be continued.

So, the name given to it is... the biggest bomb is the bomb of the revelation of the Supreme Soul (*Parmaatm pratyakshata bomb*). Will it do the work of creation, will it create the new world or will it destroy the old world first? The Brahmin world which has become old, the *advance* Brahmin world which began from the year 76; for example, the *basic* Brahmin world began from 36-37 and till 76, 40 years were over; similarly, the *advance* Brahmin world began from 76 and by 2017, 40 years are over. It is going to be destroyed. The youth will accomplish this mission together. What? Doesn't it sit in your intellect? This very mission; whatever it is and whoever has thought of this *plan*, whoever has made it, it isn't he who made it. What was said? It isn't he who made it. The Father has given him the touching for it. What? The Father has given him the touching of that *plan*: What is your main *part* is? You are the seed of which religion? He laid the *foundation* well before; in the beginning itself. You are the seed of which religion? Which is the religion that brings the destruction of the world? The Christian [religion]. Even among them (Christians), it is the Christians who are atheists. They don't believe in religion, they don't believe in their religious father, they don't believe in church, they don't believe the religious book. They don't consider anyone greater than themselves, they don't accept the Father Himself. So the Father has given them the touching for this *plan*, "this is your main task". What? What task? To explode the biggest *bomb* of the revelation of the Supreme Soul. What will happen with it? First... What will happen first? First, the entire world will be destroyed, then the Father will also be revealed. What? Is that *plan* the *plan* of defamation, the unlimited bombs that are created are they the bombs of defamation or are they the bombs of glory? They are the bombs of defamation. The ordinary children couldn't explode those bombs. Those who are said to be the ordinary children of Brahma [i.e.] the Brahmakumar-kumaris, they do defame [the Father], they kept defaming [Him] but that mission wasn't successful. And these young *kumars* are going to prove themselves by accomplishing this mission in practice. The whole Brahmin world will be destroyed in it. And its name is the *bomb* of the revelation of the Father. Will the Father be revealed or will He be destroyed? The Father will be revealed. ... to be continued.

# GYAN PEARLS FOR THE DAY

10<sup>TH</sup> SEPTEMBER 2017

Accha. It is because Baba can't speak so much after coming in the daughter's body. What? What does "so much" mean? The extent to which the new body... What? The third body. The extent to which this one can do the nude dance, how will the daughter do the nude dance to that extent? The daughter certainly can't do it. Baba can't speak so much after coming in the daughter's body. He can't speak so much even in the gathering. And you shouldn't become unsteady. You should be stable. The biggest *bomb* may explode, the biggest *bomb* of the Father's defamation, which is full of poison, may explode [but] you should remain stable, because... why should you remain stable? Because, now... where do we have to go? Where do we have to go? Don't you remember at all? We have to go home. Do we have to go beyond the world of the sun, moon and stars? No. Where do we have to go? It has been said scores of times in the murlis: Remember the home, remember the Father, remember heaven. Arey, should we remember three [things] or should we remember the One? (Students: We should remember the One.) Arey! The Father Himself is our home, the *Jyotirlingam Shiva*, the One for whom it is said "*manmanaabhav*" [meaning] merge in My mind. (Indicating above) Does He say it? Does He have a mind? (Students: No.) Then, who says: *manmanaabhav*? The corporeal so incorporeal One (*saakar so niraakar*: the One who becomes incorporeal from corporeal) says it. It is just one personality who is worshipped in temples even today. His idols have been found in maximum number in excavations. He is universal (*sarvabhaum*). It is He who says: *manmanaabhav*. It means, merge in My mind. Is My mind inert or living? Does he have an inert intellect or does he have a living intellect? Brahma is the mind, isn't he? Yes. Although he has an inert intellect, he is unique. What? Merge in it. Now, we have to go home. The mother herself is your home. All the children who are born in the world, in the house, in the family, from which home do they come? Which is their house? When any human soul leaves his body, when any creature leaves his body, which house does he go to? He goes in the mother's womb. Om Shanti.

**Student:** Should we first bathe with the water of knowledge after waking up at *amritvela* and then bathe with the physical water?

**Baba:** When you wake up at *amritvela*, while waking up... does a lover remember the dear one whom he loves while sleeping and waking up or not? (Students: He does.) So, what should you do? Should you read or listen to the murli or should you remember the Father? (Students: We should remember.) Yes.

**Discussion No.1891, Timing-23.11-24.08**

**Students:** Many students ask a question while doing service of the VIPs: how do you manage your living? I have replied to them in two ways. One reply is: Prajapita Brahma has opened this university. He is our father. It is his responsibility. He is so powerful that he can do anything. The second reply is: We, the regular students who study here save a little from the household expenses and invest it for [service]. This is how we manage [our living]. There is no show off in it. It is a university meant for the intellect. I said it here to take advice from Baba.

**Baba:** It means we are establishing kingship for ourselves through our own body, mind and wealth by learning Raja Yoga. And no human being in the world except the one Supreme Father Supreme Soul can teach Raja Yoga. And the Raja Yoga that the Father teaches after coming is very cheap. There is no need of special expenditure in this. Our food and drink, our life style is very simple because the Father is the Friend of the poor. Does He give asylum to the poor in order to establish the new world or does He give asylum to the wealthy, to Dhritashtra? He gives asylum to the poor; this is why they needn't spend much at all. They earn on their own and run their own ashram, the school in which Baba teaches. There is no need to beg or seek *donation* in this.

**Student:** Baba, how will we become perfect?

**Baba:** How will we become perfect? The more jaggery we add, the sweeter [the dish] will be. The more we sacrifice our body, mind and wealth... what will be the *result*? Will we become perfect or not? If we sacrifice our body 100 *percent*, if we sacrifice the *indriyaan* (parts of the body used to perform actions and the sense organs) of the body in *Ishwariya* (of God; Baba uses the word Godly) service, if we invest the thoughts of the mind in *Ishwariya* knowledge, if we invest them in the *planning* of the new world, if we invest them in *Ishwariya* service... what? The mind; and the higher the *percentage* to which we invest it, the more perfect we will become. And what about the wealth? All the wealth that someone has, someone may have a little and someone may have a lot, the more they offer that wealth in *Ishwariya* service 100 *percent*, the more they will become perfect. It shouldn't be that [you just keep thinking:] when will we become perfect? We will become Narayan. Will you become that [just by thinking]? The *stage* in which we sacrifice [everything]... what will you do? *Swaha*; *swa* means ours; we put into the *yagya* whatever belongs to us, it becomes ashes, it is sacrificed. So, when you sacrifice something that belongs to you, a little sound emerges from inside, "*Haai* (Oh), I have sacrificed everything. Who knows what the circumstances will be in future?" Some have such thoughts after sacrificing, don't they? (Student replied.) Yes. So, it was said, the more jaggery you add, the more you will become perfect.

# Gyan Pearls for the Day

13<sup>th</sup> September 2017

**Student:** When we go for service, to the VIPs or to the public, we tell them that the Iron Age is going to end, the Golden Age is going to arrive; we are taught this in our university. They ask, “When will the destruction happen? When will the Iron Age end?” According to the Confluence Age, we say there are 20 years left. Some say: If the destruction doesn’t happen in 20 years, I will call you. Give me your phone number. So, should we tell them directly that the destruction will happen within 20 years or not? I said, “The destruction will happen by 2036. Heaven will be established”.

**Baba:** You should give the *proof*. (Students: They don’t accept.) Give them *proof*; why won’t they accept? You should give the *proof* that the entire world cycle is of 5000 years. What? Of 5000 years. And out of those 5000 years, 2500 years are of happiness and 2500 years are of sorrow. 2500 years are of heaven and 2500 years are of hell. There is day for half the time and there is night for half the time, which is mentioned in the scriptures as Brahma’s day and Brahma’s night. So, the cycle of this entire world is divided into four parts. It means, there are four *scenes* in this *drama* – the Golden Age, the Silver Age are the day and the Copper Age, the Iron Age are the night of ignorance. Whose night of ignorance? The night of ignorance of the souls. Not the night of ignorance of the body. Is the body non-living or living? It is non-living. Is the knowledge assimilated by a non-living thing or is it assimilated by a living being? (Student commented.) Yes. So in this 5000 years *drama*, in which the souls play a *part*, we tell you the *proofs* in that *drama* of 5000 years. Tell them: The *history* of how many years is available with *proof* in the world? (Student: There is a document from China, [it is written] in it that nothing older than 5000 years was found in the history of China.) Give them that [proof] as well. Give them this proof too. Tell them: When there is happiness in the world, nobody remembers God, no *history* is written. Does the time pass quickly or does it pass slowly? Does the time stop? The time of 2500 years [of heaven] passes quickly. It is also said, “O time, pass quickly; you don’t stop at all in happiness; even if we post a lakh guards on you, and you stop completely in sorrow; what is your practice? O time! Pass quickly.” So, does a man count days in sorrow, it becomes difficult to count each day or does he count [days] in happiness? ... to be continued.

So, this *history* of 2500 years is available to the human beings. If you want to see the *proof*, look at the excavations of Sindh, look at the excavations of Harappa, look at the excavations of Greece and Mesopotamia; all the things that have been found are not older than 5000 years. It proves that all the Eras established by human beings are [in] the world of sorrow of human beings. Whether it is the Hijri Era, whether it is the Saka Era, whether it is the Vikram Era, whether it is the Huun Era, or the Christian Era; all these eras have been started by the human beings to count days and days are counted only when human being is sorrowful. So, the human beings have the *history* of 2500 years. And the time of happiness, heaven, the world of Ram and Krishna which existed in this India, in the world for 2500 has disappeared. None of its *history* is available with the human beings. Even if it is available it is a bit false, a bit true, it is imaginary. God, the Father Himself comes and establishes heaven and destroys hell. That God Himself comes and narrates the history of 2500 years. No other human being can narrate it. So, it proves that there was happiness, heaven for 2500 years and there was hell, a world of sorrow, a dualistic, Copper Age world, the Iron Age world of quarrels and disputes for 2500 years and we all are living in that world of quarrels and disputes. When the *time* for destruction comes in that world in the end of the Iron Age, then *atomic energy* becomes ready. This *atomic energy* becomes ready within 100 years and within 100 years itself it ends. All the religious fathers who came in the world, they didn't choose a period of more than 100 years for the establishment of their religion. God, the Father also comes in this world in the end of the Iron Age and fixes a period of 100 years. There was no name or trace of the *atomic energy* before the time He fixes after coming, because creating the new world, creating heaven and destroying the old world is the task of God. ... to be continued.

So, one more name is added with the name of God, with the incorporeal in the world. That name is not of any other deity, any other human being, any other religious father, any other demon, any other ghost or devil. That name is the name of only the one. Who? Shankar; for whom it is praised in India 'Har-Har, Bam-Bam'. His dear city is Bombay. What? Whose city (*nagari*) is it? *Maya nagari* (city of Maya). He is also praised as *Mayapati* (husband of Maya) God. He is also praised as *Sitapati* (husband of Sita) Ram. He is also praised as *Radhapati* (husband of Radha) Krishna and He is also praised as *Parvatipati* (husband of Parvati) Shankar. When that incorporeal Supreme Father Supreme Soul Shiva comes in that corporeal human body - whose name becomes well-known in the world as Shankar - the production of this *atomic energy* also begins in the intellect of the human beings, not before that. So, 100 years are counted. That energy becomes ready and also finishes within those 100 years. When God's task of establishing the new world, of establishing the new capital finishes; because the other religions fathers establish their religion, they don't establish their capital. They don't establish a capital by teaching Raja Yoga and what does God do? God gives the knowledge of the Gita and establishes the capital. He creates the world of kings. What do human beings do? What is the condition of the world of human beings in the end of the Iron Age? Are the kings removed from the entire world... democracy begins. What does God do after coming? He says: this rule of subjects over subjects is unlawful. It is God who comes and establishes the lawful rule through Raja Yoga and the new world that is established through this Raja Yoga comes into existence after the massive Mahabharata Civil War. There is the *proof* in the scriptures. The main Indian scriptures are Mahabharata, Gita and Bhaagwat. It is proved in them, how many years ago the Mahabharata war happened. It happened 5000 years ago. ...to be continued.

The same circumstances of Mahabharata, the same *atomic energy* which has been shown in the scriptures that missiles emerged from the stomach of the Yadavas; those Yadavas used to drink a lot of alcohol. They had big, high rise buildings, they were very prosperous. Are those prosperous people, those drunkards present in the foreign countries or in India? They are in the foreign countries. What was born from their stomach? It is said that iron pestles emerged [from them]. Iron pestles didn't emerge [from them]; after changing every particle of that iron into atom, they prepared atom bombs. They destroyed their own world through those atom bombs and the entire world was destroyed. That is about the fourth world war. Now, there has been a Second World War in the world. The Third World War, the massive Mahabharata war, the war that makes rivers of blood flow hasn't happened yet. The Father says: That war is standing in front of you in India. How? The number of religions that are prospering in India are not prospering in any other country of the world. The extent to which racialism is thriving in India, it is not thriving in any other country and also there aren't clashes in the name of racialism to that extent. The extent to which there are disputes related to languages in the small land of India and there is a lot of disunity, struggle in the name of those languages, there isn't such atmosphere of hostility in any other country of the world in the name of language. The number of political *parties* that are thriving in India, there aren't so many political parties in any other country. The extent to which there is *statism* (statehood), meaning *raajyavaad* [in India]... and they are continuously dividing those states to pieces. This disintegrative activity is taking place in India; the extent to which fights are taking place [here], it does not take place in any other country. If you search further, you will find numerous proofs which prove that sparks are kindling in every village, every city on those subjects in India. ...to be continued.

Such is the situation that every member of a family has a different way of thinking. One member wants to vote for Congress, the second member wants to vote for Janata Party, the third member wants to vote for Bahujan Samajwadi Party (Congress, Janta Party, Bahujan Samajvadi Party – names of political parties in India). Fights are happening within the same family. Leave alone the families but the gathering of love, the combination of love, which is observed in the human beings, the deities, the animals and birds, in everyone, whose *foundation* can be observed in everyone's life, there is so much love between a wife and a husband that they remember each other throughout the life. When a wife remembers the husband she remembers that male symbol in her last moments and she has a male birth. And what does a man do? He remains in the company of the wife throughout his life and who comes to his mind in the end? The wife comes to his mind, so, how is he born? As are the thoughts in the end, so shall be the fate. So look, the biggest relationship of love itself has been destroyed. There is a quarrel between the wife and the husband in every home; there is a quarrel between the father and the son, there is a quarrel between the mother and son, fights are taking place between brothers. So much of hostility, so much of fire is kindling in this Bharat, can't it take on an explosive form? It can. The Father cautions: Children, the same massive Mahabharata civil war that happened 5000 years ago is standing in front of you. Proofs are available, aren't they? So, the massive Mahabharata war can break out at any time. Rivers of blood will flow. Such a big war is not fought in any country of the world. ... to be continued.

**Student:** When will this happen?

**Baba:** When will it happen then? It was said, “The capital is established and the war begins”. Will your capital be established first or will the war break out first? What do you want? (Student commented.) Yes. Our kingdom should be established and the war should begin. Our capital should become ready, then, the fight may begin among all the religions. This is why there were the great versions of the Father in the Gita earlier as well, ‘*Sarva dharmaan parityajya*’. [It means,] renounce all the religions. Which are all the religions? In which Age do all those religions exist? All the religions exist in the end of the Iron Age. Shoot all those religions and their religious fathers. These gurus have brought the fall of the entire world. They have plunged it in fights and quarrels; they have pushed them in the fire of the vice of lust. The Father says, “Leave all of them, *maamekam sharanam vraj*. [It means,] come under My shelter alone. Then what will happen? I will give you *jiivanmuktii*. There will be the life (*jiivan*) as well as you will enjoy liberation (*muktii*) from sorrow and pain. No other religious father of any religion could perform this task of granting *gati-sadgati* (liberation and liberation in life) in the *history* of the world. Even Brahma couldn’t do it. The one who is the biggest bodily religious guru (*dharmaguru*), the souls of all the religions are sustained on his lap, even **he** couldn’t do it. So, will those who are sustained on the lap have less power or more power? They have less power. They can’t perform this task. Neither can they establish the kingdom, nor can they establish the capital nor can they destroy the old traditions. Neither can they destroy the old world, nor can they destroy the religions and the followers of those religions who fight with each other. I alone can perform this task and have this task done; this is why, it is also sure... What? This is the *time* for the same massive Mahabharata war that happened 5000 years ago. ... to be continued.

# Gyan Pearls for the Day

19<sup>th</sup> September 2017

What is the *proof*? The *proof* is that, first the knowledge of the Gita comes; nobody comes to listen to that knowledge of the Gita on the path of *bhakti* either. Very few people come and listen to the sermons of the Gita. When *gopis* and *gops* (cow herds and herd boys who were friends of Krishna) who are pulled towards God by listening to the sermons on the Gita start coming together, the Bhaagwat begins. What? Those *gops*, *gopis* run behind God like mad. Then people are surprised: Arey, just now, a *second* before, he was running the shop nicely; he was working well in the factory; what madness has overtaken him that he has left everything and is running? We heard from the Brahmakumaris that the Brahmakumar-kumaris narrate the knowledge of Brahma, the Brahmakumaris who listen and narrate Brahma's knowledge, those who surrendered themselves in Brahma's field are still surrendered there and those who used to study knowledge from the Brahmakumaris, who were non-surrendered, who were living in the household are running away. Whoever listens, observes that gathering from within runs away. So, numerous people run to see and listen to this Bhaagwat; there is no need of *advertisement* for this. Do they gather on doing *advertisement* like the Brahmakumaris or are they coming together automatically without *advertisement*? They are gathering automatically. It means that there isn't as much *gathering* to listen to the knowledge of the Gita as there is to listen to the Bhaagwat even on the path of *bhakti*. So, the *foundation* of the true knowledge of the Gita and true Bhaagwat is being laid now. What happens after that? The *connection* of the Gita is with Bhaagwat and when ladies of prosperous homes run away [from their homes to listen to the knowledge]; what? When ladies of prosperous homes run away or those Brahmakumaris who had been living in Brahma's home till now, when they too start running, people remain wonderstruck and people start gathering from everywhere to see and listen to that Bhaagwat. Such a large *gathering* takes place that God the Father says that what will happen from Abu Road to Mount Abu? *Lines* (queues) will be formed. Such a huge gathering is formed. So, this is the *proof*. The Christians also believe that there was *paradise* 3000 years before Christ. So, it has been 2000 years since Christ and if we add 3000 years before that, how much time has passed? 5000 years have passed since that *paradise* existed. This *proof* is found that God Himself establishes that *paradise*. There are some more *proofs*. It has been written in the Birla temple of Delhi that Dharmaraj established Indraprasth in Delhi 5000 years ago. He had set up the city of heaven. That *shloka* (verse) is still written. So, there are numerous *proofs* that the destruction is standing in front of you. ... to be continued.

# Gyan Pearls for the Day

20<sup>th</sup> September 2017

**Student:** The topic of 5000 years ago that has been written [in the Birla temple] in Delhi is a topic of the path of *bhakti*; so, how will people believe in it?

**Baba:** Where are all the *foundations* of the path of *bhakti* laid? Where is the *foundation* for all the topics of the path of *bhakti* laid? (Students: In the Confluence Age.) Then?

**Student:** All the scriptures on the path of *bhakti*, they are written after the Confluence Age.

**Baba:** Yes. The *shooting* happens in the Confluence Age. Look, it is said on the path of *bhakti*: Vedas emerged from the mouth of Brahma. Did the *vedvani*, the murlis emerge here or not? Did they emerge? They emerged. Does anyone read, listen or understand this *vedvani*? Does anyone listen? Not everyone is able to understand the *vani* that was spoken through the mouth of Brahma in the language of an old man, in *popli* (toothless) sound. Is there anyone among you who listens to the *direct* *vani* narrated through Brahma's mouth everyday? Is there anyone? So, when was this *foundation* laid on the path of *bhakti* that nobody reads, listens or understands the Vedas? Is the *foundation* being laid or not? Then, what happens? Aranyak emerged from the Vedas; *aaranyak* means jungle (forest). It means that after reading the murlis, where does the soul of Ram go after leaving the household? Aranyak means jungle; it goes to a jungle of thorns. So, those Aranyak were prepared in the jungle of thorns. Its *clarification*, details emerge. That is called Brahman, Shathpath Brahman, etc. These scriptures named Brahman also emerged; their *clarification* also emerged. The *clarification* of those scriptures emerged in the Upanishads. 18 Upanishads are famous. "Up" "nishad" means 'to sit (*aas*) in a high stage'. How should you sit? Those Brahmins sit in a high stage, they sit near the Guru after recognizing the Father, by considering themselves to be souls, in the remembrance of the Father and while sitting [in such a stage] they listen to the *clarifications*. They were named Upanishad, Kathopnishad, etc. ... to be continued.

After that, the clarification went on becoming deeper, it went on expanding. After the Upanishads, the Puranas emerged. Mahabharata Puran, Bhaagwat Puran, Ramayana Puran. As regards the clarification of all the topics written in these Puranas or the *clarification* of the scriptures or the clarification of the Gita, every head has a different opinion. The scholars, *pundits*, teachers *clarified* them in their own way. So, did they *clarify* it correctly? Did anyone *clarify* it correctly? More than 108 commentaries on the Gita have come up and all the commentaries refute each other. Shankaracharya's Gita says: '*eko Brahm dwityonaasti*' (there is only one Brahm and no one else). There is only One and no one else. And Ramanuja's Gita says: All the souls are different. All the souls have different *sanskars*. The *sanskars*, the features of one doesn't match with the other. So look, there is so much of clash in the main topic itself. Similarly, there is the Tagore Gita, the Radhakrishnan Gita; so many commentaries of the Gita have emerged. And there is no harmony between them. All of them shout the same thing "God is omnipresent" whereas there is a verse in the Rigveda: O God! Earlier, we didn't consider you to be omnipresent. Now we have started believing You to be omnipresent. That same thing happened. The Father says: By starting this tradition of omnipresence, because of this belief sitting in the intellect, will the intellect be focussed or will the intellect be focussed on remembering God who is present in one? So look, the human gurus have turned the intellect of everyone opposite. Everyone's mind and intellect like soul has gone into the pit; it fell. Now God, the Father Himself comes and says: Children, nowhere in the Gita is it written, there is not even a single *shloka* (verse) which proves 'I am omnipresent'. ...to be continued.

In the beginning of the *yagya* too, God had given the *clarification* of the *shlokas* of the Sanskrit Gita. When? In 1936, 37, 38. The same *shlokas* of the Gita were clarified. Whatever happens in the beginning happens in the end as well. Now the *clarification* of the same Gita is being given. It is because Gita alone is the oldest scripture of the world. What is before the Vedas as well? Is it Gita or the Vedas? Shrimat Bhagwadgita itself is first. God Himself comes and narrates the Gita through the permanent chariot by clarifying it. And it happens like this on the path of *bhakti* as well. Who is the biggest writer of scriptures on the path of *bhakti*? (Student: Vyas.) And Vyas wrote the Gita first of all; *kai samjhe kavi, kai samjhe ravi* (either the poet [who wrote the poem] or the Sun [God] can understand the poem). That Vyas, a poet was a human being with beard and moustache; he has gone. Well, will the the latter human beings give the true *clarification* of the Gita? They can't give it. That true *clarification* is given only when the same soul of Vyas becomes the permanent chariot of the Supreme Father Supreme Soul Shiva in the end of the Iron Age, the true *clarification* of the knowledge of Gita emerges from his mouth, Baba has named it "the true Gita". Also, in the beginning of the *yagya* a book 'Sacci Gita' (true Gita) was written, but the Government *banned* it. Just 500 copies were published. Why was it *banned*? Arey, can God's words (*vaani*) be *banned*? Arey, was the Gita that was written on the path of *bhakti* *banned*? So many religions fathers with differences of opinions came; could they *ban* the Gita or did everyone accept the superiority of the Gita? (Student: Everyone accepted it.) So, why was that Gita *banned*? It is because was the knowledge in its complete stage at that time or was it incomplete? It was incomplete knowledge. At that time, the picture of the Ladder wasn't *clarified*. The picture of the Ladder, which is especially for the Indians (*Bhaaratwaasis*) wasn't clarified at all. So, [that] Gita couldn't be called true. Baba also said in the murli, a sentence of Brahma (*brahmavaakya*) "Now, it will be said 'the knowledge of the Gita'; it can't be said 'the nectar of the knowledge of the Gita' now." Why? ... to be continued.

Nectar (*amrit*) is famous in the scriptures. It has been written in the scriptures that the ocean was churned. What was churned? The ocean was churned. Why was it named 'saagar manthan' (churning of the ocean)? Definitely, there is someone who churns the ocean of thoughts, who thinks and churns and brings out newer gems of knowledge. So, it became famous in the scriptures that the nectar emerges only on churning. What emerges first of all? *Haalahal vish* (deadly poison) emerges first. What kind of *haalahal vish*? The poison of vices, which have the power to destroy the entire world. Nobody can digest that poison of vices, except the *practical part* of the One God. It was mentioned in the murli today. What? What was mentioned? Destruction will happen in the world through the power of your remembrance. Even in case of remembrance, what kind of power of remembrance? Like the memorial built in the temple of Shiv. Which memorial? Other *indriyaan* of the other deities are worshipped and in case of God Shiva, just His *ling indriya* (a symbolic representation of the male organ, worshipped everywhere as the form of Shiva) is worshipped. It means the *indriya* that nobody in the world can control, the *practical part* of God controls that *indriya* in the remembrance of God and proves himself. It is controlled in which way? The action is the same, but in its *result* a world of scorpions and spiders won't be created. What world will be created? A world of *mukhvanshavali* perfect Brahmins who become perfect deities will be created. (Concluded.)

So, from 1976, from 1976-77 till 2017, 40 years are completed. Within those [years] one child emerges to be 100% true, the one who recognizes the Father completely. There is no status (*haisiyat*) in the world, there is no personality (*shakhsiyat*) who can shake him. What? His remembrance in Mt. Abu has been said to be...? (Students: Achalgarh.) Achalgarh. Whatever happened in the beginning, that itself is going to happen in the end. So, there will be *final* examination. What? Who are influenced by hearsays to a greater or a lesser extent (*nambarvaar*)? And what do they become of those by whom they are influenced? (Students: Subjects.) They will become their subjects. Has the Father Shiva come to make [us into] subjects or has He come to make [us into] kings? (Students: Kings.) The *number one* king is famous as *Allah avvaldiin*. The Muslims also sing, '*Allah avvaldiin*'. *Allah* means the Highest of the high, who established the number one '*diin*' meaning religion. Those Muslims also know that there was some religion even before Islam in this world which is called the True Ancient Deity Religion in Bharat. The one who establishes it is the *number one* ... what is he? A religious founder. He is called *Allah avvaldiin*. *Allah* is the Highest of the high, who is called as *Heavenly God the Father* by Englishmen. What kind of *Father*? (Students: Heavenly.) What does *Heavenly* mean? The one who establishes *heaven*. The other religious fathers, whether it is Brahma, Abraham, Buddha, Christ or their *followers*, they don't establish heaven. And He **establishes** heaven before going. The other religious fathers come and make this world into a horrible hell (*raurav narak*) from hell. And that *Allah avvaldiin* makes [the world into] heaven before going. So it was said for Him: It is you children who say 'our Baba'. He gives us the teaching of Raja Yoga after every 5000 years. He is the Ocean of Knowledge. What? He is the Ocean of Knowledge. All the rivers merge in that Ocean. What? All the rivers [means] the biggest rivers and the smallest rivers. The biggest ponds, the biggest lakes, pools, pits and ditches that contain a little bit of water like the *Draupadi kund* (pit for sacrificial fire from which Draupadi is believed to have been born; presently located in Kampila), the water in all those will merge in the Ocean. The Ocean will take such a huge form that there will be flood in the entire world. What will happen? There will be flood. Everyone will merge in the Ocean. The Ocean will remain and it will drown everyone. Who will remain? (Students: The Ocean.) Is it the inert ocean or the living Ocean as well? (Student: The living Ocean.) The living Ocean will remain. It was said, when you children drown in the vices completely, [when you drown] in the mire, I hold your *coti* (topknot) and pull you [out]. What? What do I pull? (Students: *Coti*.) The Brahmin *coti*, the one who is like a *coti* (peak) among the Brahmins. It is the highest *coti*, when it is knotted by remembrance, what is formed? A *Shivling* (oblong shaped stone worshipped all over India as the form of Shiva in the path of *bhakti*) is formed. As regards that *Shivling*, all the excavations that have been made in the country and abroad in the world, those idols of the *Shivling* have been found in all the countries. What is he? *Dilwala* of everyone. He checks the heart of each and everyone: you have given your heart to what extent? When someone gives his heart [to someone, they tell him:] the body, the mind as well as the wealth [and] everything is yours; nothing belongs to me. But the ones who give [their body, mind and wealth] are at different levels. So, everyone will realize his *number*, [everyone will know] I am the child of the *Dilwada* Father with what *number*? The gathering which was declared in 1966 as ‘the old world will be destroyed’ – it is printed in the picture of Lakshmi-Narayan – ‘the new world will be established in 1976’, it was the gathering of two [souls]. After that, after 1976 the *board* of ‘*too late*’ will be displayed. So was it displayed or not? It was. Next is the gathering of eight [souls]. As regards that gathering of eight [souls], the 40 years are going to be completed again, a small capital of the new world is going to be established. In that capital, the gathering of the rosary of eight [beads] will become ready. Those eight beads are called the eight personalities (*ashta murti*) of Shiva. What? **Eight** personalities of Shiva who are place on the head of Shiva. What? The Father lifts the very dear children on His head out of love. So you will come to know this. Those who are to be included among the eight [souls], they will... *atha rah* (eight will remain). How many will remain (*rah*)? *Atha* (eight); those eight will come to know in *atharah* (eighteen) itself that they have been included in the rosary of eight [souls]. The others will come to know [about them] sooner or later (*nambarvaar*). After that? (Student: 28.) No; the gathering of the rosary of 108 [beads] who become kings. That gathering of the rosary of 108 [beads], [the gathering of] the *Vijaymaalaa* (the rosary of victory) will also be revealed. [They are] 108 beads in the form of souls, the couple beads. What? Not *single* beads; *single* beads will also be revealed [in the form of] the *Rudramaalaa* (the rosary of Rudra). There is a flower above in the *Rudramaalaa*; there isn't a *double* bead. And in the *Vijaymaalaa*, there is a *double* bead above. It doesn't mean that there are 109 beads in the *Vijaymaalaa*. No. To prove the 108 beads to be the ones belonging to the household path, the *double* bead has been shown in the form of God and Goddess. That *double* bead isn't the [10]9<sup>th</sup> [bead]; it is there just to demonstrate. There are 108 *pairs*, 108 couples in reality. So who will be the children to go in that gathering, the *time* was mentioned for that too. What? **You** children take 40-50 years to become *satopradhaan* from *tamopradhaan*. But because of the bodily arrogance left in them, because of being unable to take the complete knowledge, restlessness will begin in the entire world. As soon as your capital is established, the fight will begin. So, at the time of fight, at the time of restlessness, studies don't take place. When it was the *time* of peace, the other religious fathers didn't understand God and the knowledge of God at all because of being egotistic. And when the *time* of restlessness begins, they aren't able to take [the knowledge]. That is why they will come, they will certainly salute [the Father] but they won't accept [Him] from within. Why? It is because they are the heads of Ravan's community. Whose heads are they? The heads of Ravan. What did Ravan use to do? He knew within, he understood: he (Ram) is God, he is the highest authority. But out of bodily ego he used to say, 'If he fights with me and wins, I will accept [him]. He should confront my authority and prove himself by gaining victory after confronting, it is then that I will accept; what? That he is God. Otherwise, I won't accept that there is any corporeal God.' It is because as regards the religious fathers, as soon as they started arriving in the dualistic Copper Age, they just considered the Incorporeal One as God, they never considered the corporeal one as God at all. That is why in the last birth as well, they don't become ready to accept God at all. What will happen in the end? What will happen? In the end, death will hit their head. What? Truth will climb the head and speak. For example, in 1976, the permanent chariot who is revealed as the father of the human world wasn't able to go to Mt. Abu and those who became his helpers also feared to go [there]. And what has happened now? Now truth has climbed the head and is speaking. ...to be continued.

# Gyan Pearls for the Day

29<sup>th</sup> September 2017

They (the BKs) make plans every year [saying:] *Arey*, we will make your condition (*hasar*) the same as your Baba underwent because of rotting in the *jail*. Each and every mini madhuban of yours will be attacked in such a way that you will forget Baba, *taba* [and] everything! 😊 And they try every year to bring that *plan* to completion in practice, they make a plan every year but they aren't able to show courage. Finally, it is said: What is it that a dying man doesn't do [to save himself] (*martaa kya na kartaa*: necessity knows no law, the drowning man clutches at a straw). When the water starts rising above the nose, it becomes difficult to breathe. What? Till now they scolded the people, explained to the people saying: 'Arey, God used to come in the corporeal form earlier [and] even now He comes in the corporeal form through Dadi Gulzar.' [But] now, they have even started silencing Dadi Gulzar [saying:] 'Arey Baba! What are you saying? The capital is being established in Delhi? Arey, this is not possible at all. You are speaking in Mt. Abu'. [Brahma] Baba repeats again and again: 'The capital is being established in Delhi. You all have to go and see it'. They don't become ready to believe this at all. They simply silenced him. So, when they start silencing [him], what will poor Brahma Baba do? Arey! He will certainly think: with the help of this mouth I am narrating so many true facts to you, I am making you [into] male and female deities (*devi-devata*) by giving you the points of *dhaarana* (putting divine virtues in practice) and you are silencing **Me!** *Acchaa*, that mouth itself won't remain! 😊 Let me end the very game! (Student: Dadi Gulzar must have left her body, then why aren't they revealing it?) In that case, they didn't tell about Dadi Kumarka for many days and they didn't tell about Jagdish *bhai* for many days either. In fact, when [the photo of] Dadi Gulzar was printed on posters in the *Trimurti* (three personalities), she was shown as the *murti* (personality) at the lowest level. The *murti* above [was] Dadi Kumarka, the *murti* in the middle [was] Dadi Janaki and the *murti* at the lowest level [was] Dadi Gulzar. (Student: It was advertised that she left the body there on 15<sup>th</sup> of May.) Have patience. The truth is going to be revealed now (*naai ke baal age aanewale hai*). *Acchaa*, let it be anything. ...to be continued.

# Gyan Pearls for the Day

30<sup>th</sup> September 2017

So now, everyone, all the Brahmakumar-kumaris have doubt that earlier, Brahma Baba himself decided that he will come in that very trance messenger (*sandeshi*) whose name he suggests and narrate the vani and later on he suggested the name of Dadi Gulzar. [So, Brahma Baba] continued to come. What will happen now? So now, it was made clear that you children take minimum 40 years to become *satopradhaan* from *tamopradhaan*. 'You children' doesn't mean [just] this one [soul]. What? The complete capital becomes ready. 'Complete' means the gathering of capital which is formed, there will be only 100% *Suryavanshi* [souls] in that gathering. The beads of the first capital won't be those of the weak capital. What? Not a single brick will be over baked (*khanjad*) or *semi-brick* (half baked). It will be *number* one brick. So, that gathering is going to become ready. When that capital is made, it has been said in advance, will the capital be made first or will there be destruction first? (Students: The capital will be made first.) First the capital will be made, then? Then the destruction will begin. The more your capital is established, the bigger the destruction will come in front [of you]. So, what will happen now? Brahma Baba didn't accept so far: am I God of the Gita, is it the soul of Krishna, is it Dada Lekhraj or is it someone else? He doesn't accept it even now. What does he say now? Where is the capital being established? It is being established in Delhi. It means, he has realized. What? In Delhi, which is the *head office* of madhuban, the capital is being established there. It is the place where there is the biggest gathering of Brahmins, the biggest gathering of Prajapita Brahmakumar-kumaris. There are numerous centres of the Brahmakumaris too [in Delhi] but they all are fighting with each other. Not a single [Brahmakumar-kumari] has prepared such a gathering, [such a] fort in Delhi with the *unity* of *purity*, with the *power* of *purity*, where someone may sit and gather the children of *all* India, just like they are doing even now in Mt. Abu. And, as regards the *Advance Party*, it has prepared a place for itself and they are also confronting the worldly *government*, the ruling gathering in the worldly way. What? They **are** confronting them. What kind of confrontation? Maidens (*kanyaa*) from very big families one higher than the other are running away [from their home] and coming [to the Advance Party]. The Bhagavat (the eloping of *gopis* (herd girls) out of their love for Krishna) famous in [the stories of] Bhagavat is taking place in practice and false allegations are being levelled. What? Attempts are being made to entrap [the Father] in dirty cases. But all [those attempts] have failed. The corrupt can't be victorious in any of their [attempts]. Why? Because it is written in the scriptures that there is just one personality in the world who is never defeated in war. He has **always** been victorious. He has received this boon from God the Father – 'victory is your birthright'. So, after seeing this in practice, Brahma Baba had a firm faith that the Godly *government* that confronts the corrupt *government* is getting ready in Delhi. All the Brahmins should go there and see [this]. ...to be continued.
