Topic - Accurate remembrance

Those who don't know the Father at all, their intellect is just full of the husk of 'omnipresence'. In reality, the remembrance of that Incorporeal Point of Light can sit accurately only in the intellect of those who understand that the Incorporeal Shiva comes in this life in practice and accompanies us, maintains every kind of relationship with us. So, the ones who have the concept of the Incorporeal One within the corporeal one in their intellect remember Him constantly.
