Topic - Give blessings and take blessings

Your *title* is '*vardaani*', '*mahadaani*'. While doing service, while coming in contact and connection [of people] during work, just do this. What? Give blessings and take blessings. Is it difficult? *Accha*, we can give blessings but how will we take blessings? (Student: giving itself is taking.) No. If we satisfy a soul who comes to us in any way, if we just don't let him be dissatisfied whether through feelings, speech or actions, if we have this feeling [in us], that soul will also give us blessings.
