Topic - What should we do to always be happy?

But what should we do to always be happy? (Student: we should stay in the remembrance of the Father.) Yes, it was said: the more someone stays in the Father's remembrance, he is with the Father to that extent. As such, the Father doesn't enter everyone because He can't be omnipresent. But what is the method? The more we stay in the Father's remembrance, it is like the Father is with us to that extent. Then, you will stay happy. You won't experience the colour of the world's company.
