Topic - What kind of study does God teach?

Only those who listen directly from the Father become instruments to create the new world because the Father is the Creator of the new world. When the Father comes, He gives the inheritance to the children. He gives the inheritance of *mukti*, of *jiivanmukti*. *Jiivanmukti* means we should be liberated from sorrow and pain and experience happiness while being alive. We shouldn't experience sorrow. Our soul reaches such *stage* of the zenith of knowledge, the zenith of yoga. He comes and teaches us such study of Raja yoga.
