**Topic - Who does black magic affect?**

**Student:** Just like, those who are *Suryavanshis* in the unlimited *drama*, if anyone cast black magic on them, it won't affect them and that very black magic will affect a soul of the Muslim religion, is it true?

**Baba:** Faith brings rewards. Those who believe in it, it affects them. Those who don't believe in it at all, it won't affect them.
