Topic - Prajapita- ordinary or extraordinary?

Baba: When Prajapita is revealed in the form of Prajapita in front of the world, when the entire world accepts him as their father, as Adam or Aadam, will his form be ordinary or extraordinary?

Student: Ordinary.

Baba: Will it be ordinary?

Student: Extraordinary.

Baba: It will become extraordinary. This ordinary form will disappear. It has also been said in the *avyakt vani*, hasn't it? What? The ordinary form will disappear gradually and when the World Father is revealed in the form of World Father in front of the entire world, he will have an extraordinary form. His soul will be perfect at that time. The entrance of the Father Shiva won't be proved [in him at that time].
