Topic - Does God do miracles?

Because those who taught knowledge there were still human gurus and here, the one who gives the teaching is the Incorporeal Supreme Father Supreme Soul Himself. He is the Almighty. Being Almighty doesn't mean He puts life into a dead fly. He doesn't break any law of nature. A hollow gram makes more noise. If a pot is empty, if it isn't full with water, it splashes. If the water isn't up to the brim it will splash and if it is full with water, it doesn't splash, it doesn't make noise.
