Topic - How to recognise the True God in the false world?

In the knowledge, which God comes and gives, camps are not kept like that of Acharya Rajnish, where money is taken. In case, if money is being taken in the Brahmakumaris Ishvariya Vishwavidyalaya then consider that the souls who have converted to different religions have entered there, that is why they are demanding money. Even now the place where God's true knowledge is being given, there can't be any question of demanding money. It is because God doesn't come and cause a lot of expenditure. At the minimum expense, he causes the establishment of the biggest religion.
