### **Topic - Disregard of *shrimat***

Following your own opinion or the opinion of a human being if you mix your own opinion or the opinion of human beings in the opinion of God, in that case too, you won't be able to attain the emperorship of the world. To mix your own opinion or human opinion in *shrimat* is also disregarding *shrimat*. What is *disregard*? Following the opinion of One or many? You will follow the opinion of the One. That One is true and many are false. Not a single person is true in the world of 500-700 crore human beings.
