Topic - Why does God come in Bharat?

The Imperishable Father comes to give the imperishable knowledge only in the land of Bharat. He neither does come in other lands nor do the people of the other lands imbibe the imperishable knowledge completely. This is why, they have fewer births. If they grasp less knowledge, they will have fewer births. They won't play *all-round part* either. Those souls will be less experienced as well as accumulate less *power* too.
