### **Topic - The Father doesn't like children who cry**

The Father doesn't like the children who cry. Which [children] does He like? No matter what situation arises, no matter what kind of a situation arises; He likes the children who always wear a smile in every circumstance. **You** are such spiritual children of the Spiritual Father who are the most elevated in the world. No matter how difficult a situation of the world you have to face, even if the terrible *tandav nritya*<sup>1</sup> of destruction takes place [or] a very frightening form of the Mother Nature appears before you. The earth may shake, big earthquakes may occur, buildings may start collapsing, the roof may break and fall over your head, still you won't get scared or cry! What will happen to such children who cry, become frightened or whose heart fails at the hour of destruction? They will be destroyed, their status itself will be destroyed.
