SUPREME FATHER SUPREME SOUL SHIV AND HIS DIVINE TASKS

परमपिता परमात्मा और उनके दिव्य कर्तव्य

3. The Supreme Father Supreme Soul Shiva and His Divine tasks :-

When almost all the souls have descended from the Soul World to this world, then, just a little before the end period, the Supreme Father Supreme Soul Shiva comes to this world and [enters the bodies] of the hero and heroine actor souls of this stage like world. They will definitely be some [souls who play that role]. Certainly, there are good and bad actors; so, there will be some who play the most elevated role on this stage like world. The English people call them ‘**Adam and Eve**’, the Muslims call them ‘**Aadam and Havva**’ and it is said among the Hindus: ‘*twamaadidevah purushah puraanaah, twamasya vishwasya param nidhaanam*¹’ (Ch.11, *shloka* 38). They are the beginning of the world. No one has mentioned anything about their origin, since when are *Aadishakti* (the first female deity) and *Adidev* (the first male deity) existing? Who are the ones to give birth to them? No one knows this at all. In the Hindu tradition, they are called Shankar and Parvati and among the Jains, they are called ‘**Adinath and**

Adinathini’. Just see, there is so much similarity in the words!

At first, there was only one religion in the world and unity prevailed there. Such unity can be established, the feeling of ‘**the entire world is a family (Vasudhaiva Kutumbakam)**’ can arise only when the entire world accepts only one couple as their parents. So, that Supreme Father Supreme Soul Shiva comes and uplifts the souls who play the roles of the hero and heroine (Ram and Krishna) on this stage like world. They are not in the form of Ram and Krishna in the last birth of the cycle of their 84 births, because the kingdom of Krishna or Narayan complete with 16 celestial degrees was in the Golden Age (*Satyug*) and the kingdom of Ram was in the Silver Age (*Treta*). Those very souls degrade while passing through the cycle of birth and death and exist somewhere in the form of human beings like us. The Supreme Father Supreme Soul Shiva enters those human beings. Just as a word has been mentioned in the Gita, ‘*praveshtum*’ (Ch.11, *shloka* 54), [which means,] ‘I am capable of entering’. Who? That Supreme Soul Shiva, who is beyond the cycle of birth and death, enters and first plays the role of the Mother through Krishna alias Dada Lekhraj; in our Indian tradition, he is named ‘**Brahma**’. ‘*Brahm*’ means senior and ‘*maa*’ means mother. It is the mother who tolerates the most in the world. The Supreme Father Supreme Soul also first plays the role of the mother in reality when He comes in this world. For this reason, songs

¹ You are the first deity, the first man, and the supreme support of this world

are sung in His praise in our Indian tradition: ‘*twameva mata ca pita twameva...*’ (You alone are the Mother and the Father). He gives so much love that the demons become habituated to receiving boons from Him. The mother’s nature is such that she would never want to move her child away from her lap, no matter if he is a leper, one-eyed, hunch-backed, thief, dacoit², or a depraved child (*lucca-lafangaa*). The father will say [to the child]: Just get out! But the mother will not move [her child] away from her lap. In the same way, Brahma’s role is [played] first in this world.

The vani which the Supreme Father Supreme Soul Shiva narrates after entering Brahma is named ‘**murli**’. Why was it named ‘murli’? All of us know that a flute (*murli*) is shown in Krishna’s hands. So, we considered it to be a flute made of bamboo. But it is a symbolic, figurative and metaphorical language of the poets that they have used in the Bhagwad and Mahabharata (Hindu scriptures). Its real meaning is that the love that the Supreme Father Supreme Soul gives, the sweet vani that He narrates first of all through the mouth of Brahma, meaning through the soul of Krishna with a child like intellect when He comes to this world in the end of the Iron Age, people like it so much that when they understand what it means, they don’t find any other tune in the world sweeter and melodious to that extent. That is why it has been named ‘**the sweet Gita**’. Gita or the most elevated book (*granth*), which is the topmost book of Bharat (India), ‘**the crown jewel among all the scriptures (sarovashastra shiromani Gita)**’, it is called murli. So, the Supreme Father Supreme Soul comes and narrates this knowledge through the body of Brahma, the wooden flute³. In the form of the mother, He gives birth to the Brahmins. It has been written in the scriptures that Brahmins emerged from the mouth of Brahma. So, we think that there must be some kind of magic in the mouth [of Brahma] so that when he opened his mouth, Brahmins came out of it. But nothing like that happens. It is this very old Iron Age world [and] the Supreme Father Supreme Soul comes in this very old world, enters the body of Brahma and narrates the basic knowledge which can be understood by the human beings with a child like intellect. After listening to that knowledge, those who better their life, reform it, it is they who acquire the *sanskaars* of Brahmins. In this way, the Brahmins who are born through the mouth of Brahma are called **Brahma Kumars or Brahma Kumaris** (sons and daughters of Brahma). This is about the beginning of the new world, which is repeating now again after 5000 years.

This task started in Mount Abu. Shiva comes in a secret form. Just like it has been said in the Gita, “**Ignorant people aren’t able to recognize Me, the Supreme Father Supreme Soul, who has come in an ordinary body.**” So the form of Brahma that is shown to you here, this personality has existed in practice. The Supreme Father Supreme Soul Shiva had enabled the establishment of Brahmins of lower categories through Brahma in Mount Abu. His real name was Dada Lekhraj. He was a resident of Sindh Hyderabad, a Sindhi Brahmin through whom this task was accomplished. Now, numerous Brahma Kumari ashrams have opened in India and abroad. It is certainly not in the power of an ordinary soul to make such a great establishment within 70-75 years. The Supreme Father Supreme Soul Shiva Himself gives the name ‘Brahma’ to Krishna’s soul alias Dada Lekhraj and when He establishes the Brahmin religion through him, numerous Brahma Kumars and Kumaris become ready. The Supreme Father Supreme Soul sees that two types of Brahmins emerged among the Brahmin children themselves. Firstly, **Ravan, Kumbhakaran and Meghnad**⁴ were Brahmins and **Guru Vashishtha, Vishwamitra**⁵ had also adopted Brahmin hood in their life. The Brahmins like Guru Vashishtha and Vishwamitra are few and the number of Brahmins like Ravan, Kumbhakarna, Meghnad is greater. The same thing happened in the Brahma Kumari ashram as well. Many wicked Brahmins emerged from among the *kukhvanshaavali*⁶ children of Brahma; they were born by enjoying Brahma’s lap and very few *tyaagi* (ascetic) and *tapasvi* (those who practice meditation) - who took more pleasure in the knowledge and yoga [narrated through] the mouth of Brahma - remained. So, what is the result? The Supreme Father Supreme Soul has to leave that body. The soul of Krishna meaning the soul of Brahma has to leave the body.

After that, in the year 1969, the Supreme Father Supreme Soul Shiva enters the powerful soul of Ram in a completely secret way. It is because the loving role of the mother is of Shiva and the strict role of the father is also His alone. There is a saying: ‘*Ghii* (clarified butter) cannot be taken out without bending the finger’ [you cannot obtain obedience without being strict]. Well, the soul of Ram will certainly be present somewhere in this world, won’t it? So, Shiva Himself enters that personality, who is already a Brahma Kumar and starts His task through him. Within a short time after this task began, a division is clearly visible, from the year 76, in the Brahma Kumari institution. Just as it happened in every religion, two sects were formed among the Buddhists [i.e.] ‘**the Hinyaan [and] the Mahaayaan**’; two sects were formed among the Jains [i.e.] ‘**the Shwetaambar and the**

Digambar’; two sects were formed among the Muslims [i.e.] ‘**the Shia and the Sunni**’; two sects were formed among the Christians [i.e.] ‘**the Roman Catholics and the Protestants**’. All these other religions have just followed the Supreme Father Supreme Soul.

Now even when the Supreme Father Supreme Soul came and established the new Ancient [Deity] Religion, the same process took place: a little while after Brahma left his body, two types of people become clearly visible in that Brahma Kumari ashram. So they clash with each other. The number of the intellectuals decreases and they separate. So, the struggle will certainly increase. In every religion, this struggle increases gradually and finally it reaches its peak level. The big, old, conservative and obsolete class of the gurus does not recognize the truth, because they have received the *gaddi*⁷. They are still occupying [their position] in Mount Abu, they possess authority. They do not listen to the truth. You can see that the murli or the vani narrated through Brahma at Mount Abu are in accordance with the scriptures in its own right. However, even today, the Brahma Kumaris are saying that all the scriptures are false and whatever our Baba has said, that alone is true. But what is the meaning of whatever Baba has said? They are not aware of it at all and they are not even ready to listen to it. This situation has been arising in every religion. Accordingly, the soul of Ram (who also exists in the Silver Age), who, after coming in the cycle of birth and death is in an ordinary human body at the end of the Iron Age (*Kaliyug*), the Supreme Father Supreme Soul Shiva enters him and is gradually revealed in the world with the name and form of Shankar. Shankar’s role is strict. Through his strict role, He divides the Brahmin community [into] **the true mukhvanshaavali**⁸ **Brahmins and the false kukhvanshaavali Brahmins**. *Mukhvanshaavali* are those who only follow the murli narrated through the mouth of Brahma; they do not follow the words of any bodily being and *kukhvanshaavali* are those who give special importance to the love of the lap (*kukh, god*) of Brahma, they do not give importance to the murli narrated through the mouth. A few chosen souls emerge who are elevated. You must have seen that *maalaa* (rosary) is shown around the arms of Shankar. There are many types of rosaries around his neck too. *Maalaa* is the sign of gathering (*sangathan*). Those souls in the form of beads are threaded in, one, the thread of love and two, the thread of knowledge. Their gathering has been formed. That gathering in the form of rosary is accepted in all the religions in the entire world. In what form? You can see that the Muslims rotate the rosary as well as the Christians rotate the rosary; the Buddhists rotate the rosary and the Sikhs rotate the rosary too. What is the importance of this rosary that it is rotated in every religion? Nobody knows this. Baba has said in the murli: “**Children, these non-living beads of the rosary are the memorial of you taamasi (degraded), dilapidated souls.**” When the Supreme Father Supreme Soul comes, He gathers you souls in the form of beads and the rosary like gathering of the elevated souls that is formed, brings about excitement/thrill in the entire world. At first, there is excitement/thrill within the Brahmin world in the land of Bharat.

There are 108 beads in the gathering of the rosary (*maalaa*). You can see that there are nine main religions that are spread in the world today. The Hindu religion is an ancient [religion]. There are two groups in it: [one group consists of those] who never convert to other religions and the other [group consists of those] who have always been converting. When the Muslims came, they converted to the Muslim religion; when the Christians came, they converted to the Christian religion, and when the Sikhs came, they converted to the Sikh religion. It means that two groups were formed in the Ancient [Deity] Religion (*Sanaatan Dharm*): one group [consists of] the non-converted ones [meaning] the ones who never converted. No matter what kind of an examination came before them, they did not leave their religion. And the other group [consisted of] those, who repeatedly converted from one religion to another, from the second one to a third one, and from the third one to a fourth one. 2500 years ago ‘the Islam religion’ came. Then, the fourth religion, ‘the Buddhist religion’, which spread in China, Japan, Burma (Myanmar) and Malaysia, came. The fifth religion that came is ‘the Christian religion’, which spread in European countries and America. The sixth religion is ‘the Sanyas religion’ established by Shankaracharya (it started with people who wore red, yellow, black or white clothes). After that, Mohammad came, who divided the Islam religion, forbade the worship of idols and spread ‘the Muslim religion’. Then, Guru Nanak came, and in order to confront the Muslims, he converted the healthy and sturdy people with a dull intellect belonging to the Ancient Deity Religion of India into ‘Sikhs’. They continued to give a tough fight against the Muslims and Christians. Finally, ‘the Arya Samaj’ comes in the end. It is such a religion, which invites everyone to come and gather in the land of Bharat. [They say:] Someone may belong to any religion, we will make him Hindu. The real Hindus never accepted the *vidharmi*⁹. The Arya Samajis gathered in our country the rubbish from all religions. Atheism (*nastikvaad*) is such a religion that it doesn’t receive a place in the rosary at all. They do not find a place in the rosary of the 108 elevated souls created by God. They are the atheists (Russians). They neither believe in paradise nor hell. They neither believe in the soul nor the Supreme Soul. They don’t believe in

anything. They become intoxicated and prepare the atomic energy [to show] that they alone are everything. If they wish, they will make the world dance to their tune, otherwise they will destroy it. But they are entangled in their own trap. Today, Russia has split up [into different states] and America has gathered more atomic power than it. In this way, there are nine main theist religions of the world. The Supreme Father Supreme Soul gathers 12 main selected souls from each of these nine main religions (9 X 12 = 108). 12 times nine equals to 108, these beads are selected from the entire world and they become ready.

70-75 years ago, there weren't so many gods in the land of Bharat. **Acharya Rajnish** is a god, **Jai Gurudev** is a god, **Sai Baba** is a god, **Satpalji Maharaj** is a god, **Chandra Swamiji** is a god too - these numerous gods were not at all present 75 years ago. These numerous gods have been born just within [these] 70-75 years. **Well, will there be one God or will there be numerous gods? Certainly, there will be one God.** But what is the process? When the real Diamond leaves the Supreme Abode and descends to this world, numerous fake diamonds become ready in the world market to compete with Him. Those fake diamonds spread their pomp and show [i.e.] advertisement everywhere. A big building of **Maheshyogi** was to be constructed at Jabalpur¹⁰. Its construction was stopped. What was going to happen in it? Just the same *swaaha*¹¹. Well, nothing happens through this. These offerings have been made for the past 2500 years. Will any transformation of the world take place through it? No transformation will take place. One thing that they say is true: it purifies the atmosphere. But instead of the atmosphere becoming pure, the world is being spoiled all the more. (A brother said: He smuggles gold from America.) All right, let him do whatever; one thing that was mentioned was, there are many gods, but they are [like] fake diamonds and we are unable to recognize the real one from among them. Certainly, there is a real one too but we are unable to know Him. And the proof [of the arrival of God is that] when He comes, He will have the materials for destruction of the old world made ready along with the establishment of the new world. Along with the establishment of the true religion (*sat dharm*), He has the numerous wicked religions, which are spread all over the world destroyed. '*Vinaashaay ca dushkrutaam*¹²' (Ch.4, *shloka* 8); this *shloka* of the Gita says this. When the Supreme Father Supreme Soul comes to this world, He has these preparations made first. He establishes [the new world] in secret and has the task of destruction done in a revealed form.

Russians and Americans have been called the Yadavas¹³ in the Mahabharata in our Indian tradition. They were very wealthy, they drank a lot of alcohol and [lived in] high buildings. What did that group of Yadavas do? They were certainly Yaduvanshi, under the control of God Krishna; but what did they do? The missiles that emerged from their stomach like intellect, they fought with each other with those pestles (missiles) and killed their entire clan and destroyed the whole world. People considered them to be the physical missiles. Well, this is the confusion in understanding the meaning. Actually, it is about the missiles. Just like the stomach digests something, in the same way, this is the stomach like intellect. People say, 'Your stomach cannot digest anything¹⁴', don't they? So, is it about this (physical) stomach or is it the stomach (the stomach like intellect)? Those missiles emerged from the stomach like intellect. The entire world is destroyed through those iron missiles. Within 70-75 years, this energy became ready in abundance as well as the Supreme Father Supreme Soul incarnated in this world. 70-75 years ago, at the time of Mahatma Gandhi, the voice that was spread above all was: "**O, Purifier of the impure ones! Come!**" 40 crore (400 million) people of India were calling out [God, saying:], '*Raghupati Raghav Raja Ram, Patit Pavan Sita Ram*¹⁵', under the supervision of Gandhiji. But those who were calling out did not realize that the Supreme Father Supreme Soul had already arrived in this world at that time.

This means that **when the Supreme Father Supreme Soul comes, then on one side He has the materials for destruction prepared and on the other side He also performs the task of establishment in secret.** So, both these tasks are being accomplished at this time: the task of establishment is completed and the atomic energy also becomes ready. The first explosion took place in Hiroshima, Nagasaki. It is then that on one side the destruction of the world takes place and on the other side the rosary becomes ready that gradually takes the control of the religious power and the political power of the whole world in its hands. You must have heard some predictions of astrologers that are published very often. The predictions made by the astrologers like Keiro, Keith, Nasterdam and so on, who existed 400-500 years ago have been published. Everyone made the year 2000 the main topic. However, the topic concerning the year 2000 was not related to the destruction of the whole world. Actually, it concerns only the destruction of the world of root souls and the seed form souls within the Brahmin

world. Nobody knows this. If this world is destroyed so quickly, in a snap of the finger, then who will recognize the Supreme Father Supreme Soul? Some time is certainly required to recognize the Supreme Father Supreme Soul, isn't it?

Actually, the period after the year 2000 will bring about complete transformation in the Brahma Kumaris ashram. There will be some transformation in the outside world as well as there will be some atomic explosions but they won't be to such an extent that the destruction of the whole world takes place. Now, the destruction of only the old world of Brahmins takes place, the establishment of the new world takes place and all the souls go back to the Supreme Abode through the connection of their intellect at first. It means that the special souls within the Brahmin family understand this topic: who the corporeal form of the Supreme Father Supreme Soul is, what His working period is and how this task is going on. Here it has been shown that just as we souls are points of light, the Supreme Father Supreme Soul is also a Point of Light (*jyotirbindu*). The big form of that very Point of Light is made as the *Shivling*¹⁶, which is famous in our Indian tradition as the 12 *jyotirlingam*¹⁷. These 12 *jyotirlingams* are installed at **Ujjain, Kashi, Rameshwaram, Kedarnath, Badrinath** (various pilgrimage places in India) etc. Why are there only 12 [*jyotirlingam*]? Why not 13? Why not 11 or 10? There are 9 groups consisting of 12 selected souls each from the nine religions. There are elevated souls in every religion, aren't there? So, when the Supreme Father Supreme Soul comes, He first of all selects the elevated souls from every religion and then makes them into firm *Suryavanshi*¹⁸ Brahmins.

In today's world, no one is a Brahmin in reality. (A brother said: What are you saying? You are disregarding the Brahmins.) No, 400-500 years ago, Tulsidas wrote about this in the Ramayana, '*bhaye varnsankar sabai*' [meaning] everyone has become the one with mixed blood. No one is a Brahmin or a Shudra¹⁹ anymore. He wrote this 400 years ago [and] now the situation has become even worse. Now, adultery (*vyabhicaar*) has spread a lot. Adultery has spread in every house. So, the Supreme Father Supreme Soul has come and is establishing the true Brahmin clan through Prajapita Brahma at this time. You must have heard that nine groups (*kuriyaan*) of Brahmins are famous: the Shaandilya *gotra*, Bhaaradwaaj *gotra*, Kashyap *gotra* and so on. Based on the nine sages (*rishi*), nine groups are famous. Those nine sages are none other than the nine elevated souls representing the nine religions whom the Supreme Father Supreme Soul selects from this world and brings into the Brahman religion. Among the nine souls, one [soul] will be the most elevated, won't it? The group of 12 [souls] belonging to the one [soul] who is the most elevated, attain such similarity with the Supreme Father Supreme Soul Shiva that their stage becomes equal to Him. That is why, even today, in the land of India the 12 *jyotirlingam* are worshipped as the form of God.

This means that the Supreme Father Supreme Soul Shiva is also a point of light. The sages and great sages have made a big form of Him to worship Him. It is a symbol of the incorporeal stage (*niraakaar*). 'Incorporeal' means that the form of **Shankar**, one [soul] among the 12 [souls], who is called '*Rudra avataar*' (the fearsome incarnation [of Shiva]), remains in such an incorporeal stage as if he doesn't have his cloth like body at all. To remain in such a stage at different levels (*numbervaar*), to always consider yourself in the soul conscious stage, to see others in the form of a soul - to become firm in such practice, this will be called '**the incorporeal stage**'. It is [a stage where] the *indriyaan*²⁰ are not present even on being present. Just like it is said: 'Not to see despite seeing [something], not to listen despite hearing [something].' **No matter how much defamation spreads in the world, he is not affected by it.**
