Clarification of Morning class 07.12.1968

The morning *class* dated 7.12.1968 was going on. On Saturday, the topic we were discussing on the first, second *line* of the third *page* was: Baba asks, 'Do you remember when we met?' Baba makes you remember [it]. So, the children say: yes Baba, we met 5000 years ago. And after meeting, we took the kingship from You. Baba asks, doesn't He: why have you come here? 'Baba, we have come to take Your inheritance.' You have come to take the inheritance? You come to take the inheritance of what? The other inheritances are of various kinds; they come to the intellect. A person may have some property in some birth, some king may have a capital, if there is a wealthy person, he may have wealth and property. Someone has a lot of money. Someone is poor and someone is something else. Now look, there are these *bhiil* (tribal people), so what inheritance would they be receiving? Now you have become aware: we took the unlimited inheritance from the Unlimited Father. We didn't take any inheritance of the limited wealth and property, money and possessions. We took the unlimited inheritance of the property of knowledge. Everyone becomes aware of it. And everyone says: Baba, we took the inheritance of [becoming] Lakshmi-Narayan from You through this knowledge. We took the inheritance of the kingship of the new world itself.

So, Baba says: yes, it is right; make *purushaarth* this way. Don't *report*. Then don't *report* to Baba in a letter: Baba, some ghost of Maya suppressed me, defeated me today. It is because children, you lose only when you become body conscious, don't you? So, consider yourself a soul. Then the children say: Baba, I did this or Baba, I became angry; I became greedy. [Baba] asks: in what way did you become greedy? I took bribe. Now, don't do any such thing again because of which you have to go to *jail*. It is because it is your *last* birth now, isn't it? And you have been going to the *jail*, the *jail* like womb for many births, haven't you? So, one is the *jail* like womb... you must have done something at some or the other time, in some or the other birth, so, you went to the *jail*, the *jail* like womb. It is because daughter, [you experience] this *jail* in many births, don't you? This is the hellish world so, people certainly keep committing some or the other sins and go to *jail*. So, the Father says, doesn't He: there isn't any *jail*, etc. there, in the new world which the Father establishes after coming. There isn't any such study to go to *jail*. The kind of study that you have here, you don't have such study there at all. And look, your *Ishvariya* study of this place alone takes you to the new world. It takes you above. It will be said [it takes you] above, won't it? The Silver Age, the kingdom of Ram is above the Copper and the Iron Age. Even above it is the kingdom of Lakshmi-Narayan, complete with 16 celestial degrees. It will be said 'above'. And look, according to the *drama plan*, remember: according to the *drama plan* as you have passed the inheritance of 21 births which you received a *kalpa* ago you will *pass* it the same way again. There certainly won't be any difference, will there? As for the rest, yes, this is certain that you will spend your life in happiness. There won't be the name and trace of sorrow. Then look, kings, subjects, wealthy subjects and poor subjects also become ready. But Baba guarantees this much: none of you children will ever have sorrow in that new world. Yes, He guarantees this. If there is a king... as is the king so is the queen, so are the subjects. No matter who it is, He guarantees that not everyone will become alike. There isn't such law at all. The capital isn't established such a way that everyone becomes a king. No. Kingship is definitely established. So, look at the kingship. How much He explains that the Suryavanshi and Chandravanshi kingship is established by the Father. The unlimited kingship [is established] by the Unlimited Father. So look, children receive that kingship now, don't

they? And you do know: we receive the kingship of not only our Bharat but of the entire world from Baba. Not [just] Bharat, the Father gives the kingship of the world. *Accha*, then the children know: we degrade after the Silver Age. Now, you are aware of all these things, aren't you? So, whatever you are aware of, you will certainly have to remember it, won't you? Don't you remember what you study at *school*? You become a *barrister*, you become this and that; you do remember [it], don't you? You don't forget [it], do you?

So, here also, Baba explains to you the entire knowledge and makes you aware: you attained the kingship this way, you studied this way. No one else in the world teaches such study. Look, no one can teach such study anywhere in the entire world; although people study scriptures, etc. in the entire world. *Arey*, two correct words have been written: *manmanaabhav*, *madyaajibhav*. It is called the great *mantra* as well. It is also called the *vashikaran mantra* (the *mantra* to control [someone]). It is the *vashikaran mantra*. Yes, it is the *mantra* to control Maya. You become victorious over Maya, don't you? You become Mayapati (controller of Maya). So, you became victorious over the world by gaining victory over Maya. And this word is so *easy* to explain and to understand for you children. He keeps saying [this] through His mouth everyday: children, if you gain victory over Maya, you will gain victory over the world. What is this Maya? This is Maya in the form of the five vices. Look because of Maya... human beings... it is shown... they have considered [Ravan] to be big and shown his picture [the same way]. The picture has been made with a lot of understanding. He is named Ravan with ten heads. And all the ten heads are joined with each other, they are united. This is what happens in the democratic rule in the entire world, isn't it? There are five vices of the male heads and five vices of the female heads in Ravan. Look, what they form! And then look, the head of a donkey is placed above. Then they become a *tattu*. Do you know what a *tattu* is? A donkey which carries very heavy load is called a *tattu*. It is such a simple [and] easy picture to understand. But, you certainly understand it now in the Confluence Age when the Unlimited Father comes. Because it is as if we were absolutely donkeys without this knowledge! Now, we become *god*. Earlier, you may say [we were] a donkey, a dog or... say anything you want.

So, the Father sits and explains. And look, how nicely He keeps teaching the children in a playful manner. It is because children, you study, don't you? And the teacher certainly has to teach. You should think Baba Himself teaches you, you shouldn't think Brahma Baba teaches you; it is because the one who teaches is the *Supreme Teacher*. Brahma won't be called the *Supreme Teacher*. This is why it is said, there are two Babas. One is junior Baba and the other is Senior Baba. Fourth *page* of the morning *class* dated 7.12.1968; first *line*. 'We explain to you what we study from that *Supreme Teacher*.' So, you should make them have faith on the *Teacher* first of all, that this is the *Supreme Teacher* in the world. There can't be any *teacher* higher than Him. And then along with making them have faith on the *Teacher*... [they asked] questions after questions, then they asked a question again. That question... *Arey!* Tell them: Baba has explained to us; whether you believe [it] or not. He has explained to us. And He is certainly everyone's Father, isn't He? You do understand that, don't you? The Father of all... he has understood the *shrimat*, hasn't he? So, when does He give the *shrimat*? *Shrimat* will make you elevated. So, we also want an elevated world through *shrimat*, don't we? We want the new world.

It is because the old world becomes corrupt. Just as there are those... they go and sit near drains, near gutters. What are they called in English? *Arey*, in a big city like Delhi they used to destroy the huts of the poor ones. They also have a name. Someone said: *slums*. Yes,

slums. They say slums. What do they say? Where there is dirt... Someone said: hut. So, they live in huts. It means, many live [in them]. Now, you children do understand, don't you: it is exactly like we are sitting in a *slum*, near drains now. It is certainly a comparison, isn't it? Now, no other human being will understand these things. You children alone can understand: what a comparison between heaven, where we are going to go to, where we will always stay happy and the slum, where we fall. Now, call it a *slum*, the river of vices or a brothel. The word is '*slum*', isn't it? [The word] Islam must have originated from [the word] *slum* itself. So, you may call it whatever you want. And it is absolute dirt, isn't it? It is the dirt of the old, dirty world. You *feel* this dirt, don't you? There is a vast difference between the Golden Age heaven [full] of fragrance and this Iron Age hell [full] of stench. Look, dirt and only dirt comes out from every part of the body, every door [of the body], doesn't it? So, what will you call this hell? You will certainly call it a *slum*, won't you? You will call it absolute dirt. You will certainly call it 'a brothel'.

The Father also comes and establishes the four religions, doesn't He? They are number wise. The Deity Religion is *first class*, the Kshatriya religion is *second class* and what will the *third class* be called? Vaishyalay (brothel), the Vaishya religion. Now look, what all they keep constructing in this world, in this old world: palaces, mansions, houses, etc.. They are built. Look, they construct new [buildings]. What all they construct! Now, no matter how nice a house, a palace someone constructs, they may construct it with marble or do anything, heaven alone is called '*the wonder of the world*'. The *first class wonder of the world* is heaven. Heaven alone is called the *wonder*. Even the Silver Age won't be called a *wonder*. That too won't be called the true heaven, will it? [There,] the happiness reduced by two celestial degrees, didn't it? So children, that isn't any heaven, is it? There are the Chandravanshis in the Silver Age so, it is called the Silver Age. Children, you *feel* [it], don't you? So, did anyone know that they were deities earlier? Look, this Bharat was certainly there, there was the Ancient Deity Religion. And it was their kingdom. Whose? It was the kingdom of Lakshmi-Narayan. When was it? They say: we don't know. No one knows when it was their kingdom at all. And the name is also nice: the Ancient Deity Religion. But now, they have forgotten the Ancient Deity Religion and they keep calling [themselves] [as] Hindus. Om Shanti.
