Clarification of Night class 18.12.1968

The night *class* of the 18th December 1968 was going on. We were discussing the topic in the middle of the third *page*: someone said that the *Supreme Soul* performs the *activity* of narrating *knowledge*. But what about the *activity* of performing actions? *Arey*, this Father Himself says: this soul, the *number one soul* among the *bhogi* souls, the knowledge that was recorded in him a *kalpa* before, I am repeating the same [knowledge]. Someone said: that is alright. But the *activity* of [performing] actions isn't the Father's, is it? *Accha*, although... Someone said again: the soul will perform the *activity* of [performing] actions, won't it? *Accha*, is there such a person among the human souls who has smaller or bigger... than even the Father? Someone said: there is; it is Baba. Tell Me that with an example. Who? Someone said: the example is, even now in the end... Some souls are descending even now, aren't they? Only then the souls are counted, aren't they? So, they have an even shorter *period* on this stage like world. Yes, they will have a shorter period. This is what Baba asks. Yes, consider it to be a *period*. It is because they come even after the arrival of the Father, don't they? Many [souls] come after the arrival of the *Supreme Soul* Father. Someone said: yes, it is the *period* of the end. So, you say, you listen to all these concepts and the *Supreme Soul* Father narrates [them]. And these poor human beings, the worldly people who haven't come in the knowledge yet, how will they be benefitted by these concepts? You children have understood it now. The extent to which the Supreme Soul has the *knowledge*... He has the highest of the high knowledge, doesn't He children? Whom did He compare with? Highest means higher than whom? He compared the knowledge of the Supreme Soul with that of all the religious fathers. Whether it is the Chandravanshi, the Islamvanshi, the Christianvanshi or the one belonging to any dynasty, that supreme soul himself is called knowledge full. His very name is the supreme soul. What kind of a soul? The supreme actor soul among the *bhogi* souls. So, what knowledge does he have? Why is he called 'knowledge full'? - You children have come to know of that now. And after knowing... You have come to know that you too are becoming the same. You are becoming that number wise according to the *purusharth*. Just like the Father has *knowledge*, we children too have *knowledge*. As for the rest, in your soul... what word was used now? Someone said: *period*. Yes, *period*. So, you have a long *period* on the stage like world. That is also number wise according to the *purusharth*. It is because the *record* in your soul has a long duration on the stage like world. Your [time] *period* [i.e. the time period] of those who come in the very beginning is of the complete 5000 years. [You come] first of all even among the 21 births of the new world, [you come] in the first birth of the 21 births. So, they have the complete 84 births, don't they? And their *battery* is fully charged. When it has discharged fully, it will be fully charged. And in fact, everyone's *battery* gets fully discharged and it has already [discharged]. But they don't find the method of charging it soon. And you find the method of charging it very quickly, that too number wise according to the *purusharth*. You can understand that, can't you? There isn't any difficulty in understanding it, is there? But still, it will be said that there are some children who can't imbibe [the knowledge]. And the reason for not imbibing [the knowledge] is that they are the seed form souls of the number wise weak religions of the world. Just like the people of those religions can't do very good service, they can't do it for a long time... There are some souls who just can't assimilate the knowledge, so they can't do much service either. [They can't assimilate knowledge] to the extent the seed of the Ancient Religion - who is called Allah Avvaldiin - [does]. He comes here and narrates his experience. And after listening to his

experience, those of the center also give their news. So, the Father can give the maximum news. It is because He has maximum news recorded in His soul, His *battery*, His *record*. The news of many births is recorded in it. And then, He is also the Bagban¹, isn't He? And the Bagban isn't alone. There are [other] gardeners along with Him too. Among them, there is the chief gardener, the *assistant* gardeners. They are along with Him. So, He definitely understands it nicely. He understands each and every soul and He has the *knowledge*. *Accha*, remembrance, love and *good night* with the heart and spirit, affection and love from the Spiritual Father and *dada* to the spiritual children number wise according to their *purushaarth*. *Namaste* from the Spiritual Father to the long lost and now found, spiritual children. Om Shanti.
