Clarification of Night class 19.12.1968

The night *class* of the 19.12.1968 was going on. In the end of the middle *part* of *page* two, the topic being discussed was: it is seated in the intellect of you children that Baba has come and we certainly have to go Home. And we definitely have to study the knowledge as well. It is because it is here that we have to study; not in the Golden Age. What we study now will go along with us. This proves, whatever the soul learns before going, it puts it into practice. So, this very knowledge is important now. And it is certainly a study, isn't it? It is written in the scriptures as well as the Gita. Look, it is mentioned, isn't it? They do teach, don't they: '*manmanaabhav, madyaajibhav*'? I teach Raja Yoga to you children. And truly, you learn Raja Yoga and learn the secrets. You teach it to others as well. You certainly teach yoga because all the sins will be destroyed through this yoga. He is the Father and He teaches yoga as well as the knowledge. So, the children should have this in their intellect, shouldn't they: the Father is the Father as well as the *Teacher*. Yes, this One is Baba too. He teaches us and gives us His introduction as well. And He explains the secret of the beginning, the middle and the end of the creation. And He also explains: children, all your sins will be destroyed through My remembrance. It is because it isn't said to any other *student*, bodily student: if you have yoga, you will become a *barrister*. As for the rest, the sins won't be destroyed without yoga. No. Then, this Father is the Purifier of the sinful, the One with whom you should have yoga or the journey of remembrance. This is the very reason that if you remember Him, your sins will keep being destroyed. Now, you children have learnt it. So, the idea of remembrance comes in your intellect [quickly]. But when someone new comes and you explain to Him, he won't learn it as quickly as you did. No. It won't sit in their intellect quickly. Still, if you explain nicely, [if you tell them:] learn [this] one lesson and see [for yourself]... He is the Father and He teaches yoga as well. So, you should explain the meaning of every word. He is no doubt the Father. It is a very *common* fact, He is certainly the Father. Night *class* dated 19th December 1968, *page* three. The Father reminds [you] this. And people have forgotten the method of remembrance. He also tells the reason why they have forgotten it: they have mentioned a very long duration of the *drama*, they have given it lakhs of years. But if it is explained to them: look, as He is the Unlimited Father, He creates the unlimited new world. He is the *Creator*. He creates the new world. There, this *Creator*... Look, it is the first *creation*. And certainly, there is this *creation*. And when He is the Father, He will teach Raja yoga as well. He would be teaching it. He is certainly the Father. You know that. All the children keep [saying]: *father, father*. As for yoga, remembrance, when He comes here, it is then that He will say: remember Me. No one else, except the Unlimited Baba, will be able to tell 'remember me' to anyone. Or it will be said along with it: lust is the greatest enemy; gain victory over it. Or He will explain: I make you double crowned as you will become *satopradhaan* through the journey of remembrance. You will have the crown of *purity* as well as the physical crown. And here, there is the crown of responsibility. You have to take up the responsibility of the *yagya* over your head. And you will become an emperor through it if you become *svadrashan cakradhari*. So, this is the *svadrashan cakra* of the soul: [to know] how the soul passes through the four ages. So children, the Father explains this concept. Otherwise, don't explain like that. Just say: this cycle is of 84 [births] and you have to understand it. Then, there has been more *addition* to it. No one has ever come so close. There was an *addition* later. And where to go? There wasn't any other company apart from this unlimited company. This is why, you children stayed steadfast according to the *drama plan*. Otherwise, [others] keep converting to the other religions. Now look, finally, when you have come here, you have found the company of the One Truth. So, gradually, they kept running. You found the company [of the One] and it is as if that company broke to some

extent. When it broke, it is as if someone [else's] company degraded them. It is even said: the company [of the One] take you across and bad company drowns you. When the company [of the One] takes you across, he was saved. [Bad] company has drowned so many. There are trees, aren't there? The complete tree. The legs, arms, *body* etc. of the tree. When the parts of the body received [bad] company, some lost their legs, some lost their *body*, some lost their head, some lost their ears, some lost something or the other and some were saved. Now, two sisters were left. Otherwise, there was the whole tree. There was the Dada, Baba as well as Mamma. There were children. There were a lot of children, so many of them. *Accha*. Remembrance, love and *good night* to the long lost and now found spiritual children from the Spiritual Father and *dada* from the heart and mind with love and affection. *Namaste* of the Spiritual Father to the very sweet spiritual children. (Om Shanti)
