Clarification of Morning class 24.12.1968

Today's morning *class* is of the 24th December, 1968. Om Shanti. You aren't sitting in the journey of remembrance alone. Now, the children are proud that they are establishing their *paristaan*¹ by following shrimat. Yes. They are so enthusiastic and happy [about it]. They should remove all the waste, dirty thoughts that there are within them. They should become very delighted by seeing Baba, the Unlimited Baba that He has come here to establish *paristaan*. Now, the better the children keep getting at the journey of remembrance, the more there is *improvement* [in them]. There were so many schools for them earlier. Now, in this very *government*, there should be a spiritual *university* here like Baba says, doesn't He? Look, its very name is, the *World Spiritual University*. It (the name) is perfect. Where is the *university*? Where should the children study? They can't come here and study. No. A *university* is established here. And there should be a very *royal hostel* with it. Look, *royal* thoughts... Baba says, doesn't He: you should have very *royal* thoughts. Baba teaches this very thing to the children all day and all night. It is because He comes to teach [thinking:] I will teach him and make him *pass* the highest of the high examination; the highest of the high examination which he will *pass* and become the master of the whole world. The soul... Now, think what your soul was, what it was in reality. It was truly a Golden Age, *satopradhaan* [soul]. And your body was also very *satopradhaan*. As the soul was pure, the body was also very pure, [it was] *first class*. Your kingship was also very elevated. Just think about it. Your thoughts are limited. Here, thoughts are wasted a lot by [thinking about] the worldly affairs. They are wasted. Otherwise, your whole day... You are *students*, aren't you? So, you should keep becoming more royal every day. There shouldn't be dirty thoughts in the heart. The Father explains: the poor ones form so many good committees. They say: look, what we can do and Baba says: look, what I do to you again. You did understand, didn't you? Yes. It is because they have less power. They don't have much power of yoga. All the committees, that are formed, make a lot of false promises saying: we will do this, do that. *Arey*, but on the other side, Maya also says: I will catch them by their nose. I will catch these ones by the ears. There is nothing in them. *Arey*, they don't have *love* at all. Only a very few of them know what the *love* of the Father is. So, the poor ones... It is said, isn't it: man proposes, God disposes; the unexpected happens. So look, Maya tricks these children very skilfully. They become completely terrified. They don't know anything. And Baba makes you very elevated. [He says:] do this nicely. These children of Mine will study. Baba sends a very *royal* child. Baba, such children who are good for nothing... Many of them ask Baba: may I also go? "Look at yourself, look at your face, look at your behaviour in the first place!" Look, they come to study in such a *university*. So, the Father will say so, won't He: *arey*, look at your face, are you even eligible? There are so many, all of the bad traits in you. This is something very serious, children. You should be very introverted [and think:] what the *directions* of the Father are, what the Father is. Just as there are uneducated people [or] those with a completely dull [intellect] here, they act just like them. They have very little money; that's it. Don't ask about it! They don't think that they are poor and they don't even have a penny. They don't understand it at all. Maya doesn't let them understand it at all. Maya is very powerful, isn't she?

If the children make even a small [achievement], they come to know about it within or when Baba praises them, they become very happy within. And then they sit and explain what the arrangements are, what all this is... I keep thinking about the children's *hostel* and *university* day in and day out [thinking:] who are the ones who are studying? They should be

looked after in such *first-class* way! Yes. This is why, in so many museums, look, what all the people come and say; ‘*oho!* What is it here? There is in fact heaven here!’ So, you certainly do that much. It is because you do know that you go to such a place. The mercury of joy should stay risen. Here, many of you children do come, don’t you? So, Baba sits and gives a *dose* every day. And He gives various kinds of doses because of which you become elated. You certainly become elated. It is then that you say it, don’t you? Just like if someone hasn’t gone bankrupt, give them a good dose... Yes. [Then, they feel:] we are truly emperors. They become completely elated. But as soon as the power of the dose reduces, they become just as they were before.

Morning *class* dated 24th December, 1968, *page* two, *line* two. You are certainly sitting here. You do know that this is Baba, the Unlimited Baba. *Arey*, there is never such case that someone is the Father and He becomes the *Teacher* and teaches us, gives us *directions* very nicely [saying:] do this, do that, do this. He sees [this trait] in some. There are many who start to have ego, false ego. They fabricate such stories that Baba thinks: this one won’t be able to follow [the knowledge] at all. Here, the soul within should be very pure. Just like a wife when she gets a good husband, [when] they have a *love marriage*... Have you ever heard of a *love marriage*? This is also your *love marriage*, isn’t it? Why is He called the Husband of the husbands? *Love marriage*. So now, look, the Father had *love marriage* with so many. There isn’t just one. Everyone says: ‘I have had an engagement’. ‘*Arey*, with whom did you have an engagement?’ ‘I had an engagement with Shivbaba.’ Look at this. What will it be called? There was an engagement. With whom did you have an engagement? [With] Baba who will establish heaven for us and we will go and reside there. So, this is something to be happy about, isn’t it, children? You should be happy about all this [after knowing] with what Baba adorns you. It is because it will be said that it is Shivbaba who adorns you, right? He does it through these ones. And truly, He gives such advice that your soul becomes such and you become that. Keep this in your intellect that you will become *satopradhaan* by remembering [Him] continuously. Remember Baba. You shouldn’t remember these ones with the name ‘Brahma’. [Think:] I should remember Baba. Look, how the *knowledge* is! No one ever knows this *knowledge*. It is an absolutely new *knowledge*.

Children, this happens here. Now, it is as if the poor one teaches... *mutfar*. Well, what is called *mutfar*? *Arey*, they learn the knowledge worth pennies. This brings a lot of elation. Don’t even ask about it. You have to have it. Baba says: you don’t have it now. You do have to have it [as] it has been written that if you want to ask about the super sensuous joy... So, those who Baba explains [saying]: *arey* children, what do you become? Now, this soul of yours is very dirty. There is so much of dirt in your body; it is just as you are sitting in the *gutter*. The Father comes and changes them, rejuvenates them. He does *rejuvenate* these ones too. Do any other human beings know about rejuvenation? They remove the *glands* of monkeys and transplant them in [the body of] human beings. They change them. I think, even Gandhi had them changed. Big men had the glands of monkey transplanted [in human beings]. Well, they are already a monkey. Moreover, [they transplant it] from monkeys. Then, they turn into a monkey completely. Well, the poor ones become happy. It is because no one apart from you... this knowledge... that too, it is absolutely number wise, daughter.

Otherwise, you found this *knowledge* [and] the Father, didn’t you? That’s it. Your boat certainly goes across. We found the Unlimited Father and have belonged to Him. So, how quickly we should reform ourselves. We must reform. The sooner we reform, the sooner we will become worthy to reform others as well. So, we should be happy and think about this very idea day and night. That’s it. Look, who have you found as the *marshal*? The *marshal*... The *Marshal* of everyone is the Almighty. Look, Aayub is also a marshal, isn’t he? Look,

how everyone fears him. He has captured so many. There is such a big army, so many subjects! So, it will be called *will power*, won't it? Here, it is the Father who comes in this *Marshal*. He sits and adorns you, you children so much. You should keep thinking about this very thing day and night. Occupation etc., this and that, everything just slips out [of the mind]. Not everyone [but] those who understand and recognize [Him] nicely just start flying. It isn't that they become elated only when the Father sits, gives them a *dose* and they understand what they are doing and what Baba does to their soul – the soul which is very *dirty* at present. It is sitting dirty. They (the poor) live in huts (*jhuggi*), don't they? The Indian *government* chases people out of huts these days. It does, doesn't it? Now, you are in fact in the Confluence Age. But in reality, compared to you, it is as if they are sitting in dirt in a hut near garbage. And you know: truly, Baba comes and [gives] us such a tact. But He tells [you] an easy tact. Morning *class* dated 24.12.1968, *page* three. Children, sweet children, you do know now, don't you? Yes, your soul is impure and look, your body is also very impure. All of you just keep flowing in the dirty sewage, you are lying in the river of vices. Om Shanti.
