Clarification of Morning class 24.12.1968

The morning *class* dated 24th December, 1968 was going on. On Tuesday, the topic being discussed in the beginning of the middle part of *page* seven was: when [people] go to temples, they praise [the deities], sing *kiirtans* [but] don't understand their meaning at all. And they mix both, the head and the body and make them one, finish them off. So, you mustn't suffer misfortune in temples and pilgrimages like this. Only once... and you certainly don't suffer misfortune only once, do you? *Oof!* This is certainly called a journey. Baba says: remember Me. I make you the masters of the world. You should *love* the One who makes you the masters of the world a lot. There are *love* marriages, aren't there? Consider Me... have a *love marriage* with Me. They do [say], don't they: have a *love marriage* with me and I will throw you in the *gutter!* And what does Baba say here? Love Me, remember Me: whatever I am [and] however I am. I am your Unlimited Father. And you receive the sovereignty from the Unlimited Father cycle after cycle. So, just remember the Father and the sovereignty. I certainly don't give you any other trouble. If you remember [Me], you will become *satopradhaan*. And the cycle of the world that you explain is very easy. So, what should you do? Remember the seed of this tree like world. And if you remember [him] – that's all – you will recollect everything. You certainly explain the cycle. You yourself understand that this is in fact the Iron Age, the age of fights and conflicts. Well, everyone knows that the Golden, Silver [and] Copper Age have passed. Now, it is the degraded age of fights and conflicts. *Arey*, you yourselves were present in those ages, weren't you? [But] you don't even know the details of those ages. You do know this much: certainly, the Golden, Silver [and] Copper Age have passed. And then, this Confluence Age comes after the Iron Age. You become flowers in the Confluence Age. You keep falling in the rest of the other ages, don't you? Now, in the Confluence Age, your soul receives palaces. The soul as well as the place [where] it resides becomes *satopradhaan*. Then, you receive an absolutely new world.

The very name given to you is *nuure ratan* (brilliant jewels). He gives you such a sweet name! He gives it to everyone. And then, He calls you *sahabzade* (children of the Master). Truly, these ones themselves will be called *sahabzade*, won't they? It (these words) has a complete meaning, doesn't it? He is the Master, the True Master. We are His sons [and] daughters. That Master adorns us, sons [and] daughters and we ourselves say: truly, we will become princes and princesses. So, only a *sahabzada* will make them into *sahabzade*, won't he? No one else can make [them] that. So, you must remember these topics. This is called 'remembrance', isn't it? I make you attain the super sensuous joy. Think that I make you attain it when you remember all these topics. And now, you and this *dada* remember [Him], don't you? He says through the mouth: 'I remember all these topics, the topics that Baba [narrates] and stay very happy.' You receive super sensuous joy here. It is because you receive super sensuous joy for 21 births, don't you? So, what about 21 births, [you receive it] for a longer time.

Baba sits, children. It is then that you come here, to be refreshed by Baba. They aren't these [physical] hands now, are they? It is about the mouth. [You think:] I will go there and take a *dose*. Then look, you go to Baba and think: I enjoyed it a lot. *Accha*. You feel very refreshed after going to Baba. Yes, why not? You will be refreshed. What elation do you have? Then, you go there, in the world and there is so much of confusion. Good heavens! It is as if you go to a jungle. And all of it is certainly a jungle preordained by the *drama*, isn't it? Then, no matter how many hooligans there are [and] where this *school* opens, we mustn't

even see a dirty person or they shouldn't see us either. Understood? When we go to *school*, we should go there in such a way that no dirty person sees or notices us. Well, there aren't dirty people in the Golden Age at all. Now, you certainly become flowers here. At this time, no hooligan should see you. The vision of those hooligans is very bad (corrupt). The very atmosphere is spoilt. It will keep worsening all the more in future. Morning *class* dated 24th December, 1968; *page eight, line two*. Certainly, this world will keep becoming dirty all the more day by day. So, no one should see you. *Accha*. If they shouldn't see you, stay inside [your house] itself. Then, be within *purdah*, won't you? You are kept in *purdah*. So, you are hidden and always kept in *purdah*. Just like, there is that *love marriage*. They hide them, make them wear fashionable clothes and take them. So, the Father tells you the same: I adorn them, hide them [so that] no dirty person sees them and take them there. I will take them Home and send them back. It is because He certainly gives them everything secretly. So, churn the ocean of thoughts within like this, then yes, you will enjoy it a lot. You will enjoy it secretly. Not externally, all of this is [done] secretly.

You also [have] the elation: Baba, Baba, the emperorship! Baba, Baba, the emperorship. He will say: put it into practice, put it into practice. And they will say: alcohol, alcohol, urine, urine! There are various kinds of intoxication. So, you have to remember [Him] in such a way. You have to remember Baba a lot. But what can I do? I have to go to that world according to the *drama plan*. I have to be happy and also make others have the drink. Yes, I have to make them drink it nicely. And then, I have to go above. That too is a ladder, a very good ladder. It is such a first class ladder. Is it made of soil, cement or marble? It is certainly called a ladder. It is the ladder of remembrance. It is called the journey of remembrance as well as the ladder of remembrance. To the very sweet, spiritual, long lost and now found children, remembrance, love and *good morning* of the Spiritual Father and Dada from the heart and spirit with affection and love number wise according their *purusharth*. Now, you do understand, don't you: it is the Unlimited Father. And everything that is unlimited, everything in the world is included, I *change* everything. Well, just yesterday, I changed everything and left. Children, what did I *change* yesterday and leave? I left after creating the new world. Then look, it has become old so soon. *Accha*. I come to change it (the old world) into the new world again. And how will it change? He shows the way to [change] in a *second*. Well, as for *purusharth*, that is also necessary. It is because the dirt of half a cycle needs to be removed, doesn't it? So, it is about removing the dirt of half a cycle. It is then that He is called the Washer Man. These are the clothes on the riverbank. He washes the clothes dirtied by the urine [of lust]. So, He has become a Washer Man, hasn't He? And it is also said that you have separated since a very long time. He has also mentioned the complete calculation about how long you have been separated. *Accha*. *Namaste* of the Spiritual Father to the very sweet, spiritual children. Om Shanti.
