Clarification of Night class 09.01.1969

The night *class* dated 9th January, 1969 was being narrated. We were discussing the topic in the first-second *line* of *page* two. Children remember Baba [but] Maya in the form of Ravan makes them forget Him. This itself is called a fight; Maya says: ‘remember me’ and God says: ‘remember Me’. Now, you should no doubt remember God Himself. You certainly shouldn’t remember Maya. If you remember the Father, your sins will be destroyed. Maya Ravan has made you commit a lot of sins. So, there is a condition even for destroying sins that you have to reach the *karmaatiit* stage while remembering the Father within this much time. Those who reach the *karmaatiit* stage are called angels. Not everyone becomes that. And not everyone is called an angel. How should we sit and explain this point nicely? How should we explain it? You should memorize it nicely. Write and memorize it nicely; write it again and then memorize it again. You will be well assured by doing this: we explain to the brothers. It is because Baba explains to us whereas we come to the Father. When he too comes, you certainly have to give [him] the message of Baba whether he wishes [to take it] or not. [He will say:] I will go to Baba. It is because... Going to Baba or seeing Him is against the law. And if someone says: I wish to see the Father, it is *wrong*. It is because you start seeing the Father ever since you are born. It certainly isn’t something new. It is because you see your guru, friends and relatives. And God... Here, God Himself comes and teaches us.

And He says through His mouth: children, remember Me, your Incorporeal Father. O soul, remember the Supreme Soul. The soul should remember the Supreme Soul. This happens, doesn’t it? All your sins are destroyed by remembering [Him]. Speak to yourself like this. Then you should remember the Father every moment, while sitting, standing or anywhere, while doing your job, etc. Why? It is because Baba has given the order, hasn’t He: remember Me as much as possible. Those who remember Me constantly will receive a high position. And those who remember Me constantly will *win*. Then, you should try, shouldn’t you? It is because you alone know that Baba teaches us through these ones [i.e.] those who have the name Brahma. No one knows this entire knowledge apart from the combination of the corporeal and the Incorporeal Baba. It is because there was no one who would have narrated this knowledge before Baba’s arrival either. There were neither any sages, saints nor any holy men, neither any great sages and saints nor any great friends and relatives. It is only the One who knows it. And the One who knows it Himself comes and explains it. So, you should make it firm like this and caution them again and again: do you remember the Father? Your sins will be destroyed by remembering Him. Your sins won’t be destroyed if you don’t remember Him. If your sins aren’t destroyed, you won’t be able to become a deity. So, if you sit and explain to someone nicely like this... and whoever likes it among those who understand ... It is because their expressions show that they sit and listen to it very attentively. They immediately like everything you narrate to them.

So, you should remember the cycle as well as the Father. It is because you have to become an emperor. So, you should make firm that you have to become an emperor for 84 births. Then, just remember your 84 births. Children remember it as well. It is because the very knowledge taught to the children is about how the cycle of 84 births rotates. How do you pass through the cycle of 84 [births]? And then, it has been said... He keeps saying: you alone have to pass through the complete cycle of 84 births. Then, you also have faith on this point. Why? You should pay attention to this as well: God teaches us. Baba explains to us. So, if you don’t understand well what He explains, it is possible that you will get fewer *marks*. You yourself have to rack your brains. You kept saying: ‘Baba, Baba’, for many

births. So, you certainly say ‘Baba’ now after coming here, don’t you? You are staying with that Baba. You are staying with Him. You are staying with Him because you have faith [in Him]. You are staying with Him only because you have faith [in Him]. Why not everyone stays with Him? So, those with whom you stay, you have faith in him, don’t you? Maya catches even those who have such faith and stay with Him and she makes them fall. You forget that your fight is going on. You don’t remember it all the time so that you become contented. Or this is also explained to the children: no, there is certainly *time* left now. Now, you have to make efforts to reach the *karmaatiit* stage. And you certainly reach [that stage] in the end. So, there is *time* left for the arrival of that last period now. Third *page* of the night *class* dated 9th January, 1969. Now, that last period can come anytime. This is why yes. It shouldn’t be the case that it comes suddenly.

This is why you should engage yourself in studies. You should keep trying to have faith. If you do that, your *purusharth* will continue constantly. Now, students certainly receive some lesson which they should definitely remember. And among these lessons, which lesson do they have to remember without fail? The very [lesson] of the Father and the inheritance. So, He is certainly Baba. You even have faith: He is our Baba and we have to take the unlimited inheritance from Him through the journey of remembrance. So look, [the only thing required is] remembrance and only remembrance. And there is a little obstruction in that remembrance itself. It is said for that: this is the war of remembrance. So, Maya makes you forget [the Father]. She makes you forget Him the entire day. That shouldn’t happen. It is because you certainly don’t do any business the entire day, do you? Look, you get tired even while talking the entire day, don’t you? So, when you get tired while remembering... You don’t get tired while remembering. There is no exhaustion in remembrance either. It is because there is nothing like that in it. You should just keep it in your intellect, “We are the children of Baba.” So, it is very good if you children keep practicing it in a hidden form. It benefits the children themselves. You should check: “Do I remember [Baba]? *Arey*, Baba Himself has said, hasn’t He: remember Me. So, [you should check:] “Do I remember Him? Suppose, I die, will I remember [Him] at that time?” So, you should remember [Him] a lot. *Namaste* of the Spiritual Father to the very sweet spiritual children. Om Shanti.
