Clarification of Morning class 15.01.1969

The morning *class* dated 15th January, 1969 was in progress; Wednesday. We were discussing the *paras* like intellect and the stone like intellect in the middle of the fifth *page*. [You have] a *paras* like intellect in the Golden Age and a stone like intellect in the Iron Age. You yourselves had a *paras* like intellect in the Golden Age and then you yourselves become [the one] with a stone like intellect. From *satopradhaan* [you become] *sato*[*saamaanya*], *rajo* and then *tamo*. *Tamopradhaan* means [the one] with a complete stone like intellect. Then look, you become the one with a *paras* like intellect. Now, these concepts aren't written in the scriptures. No.

Baba says: you have called Me, haven't you? You called Me, you didn't remember anyone else, any religious father. Although they are the *great fathers*, you called Me, 'Come and make us pure. O resident of a faraway land, come to a foreign land'. In the foreign land... The land of Bharat has become the land of the *videshis* and the *vidharmis*, hasn't it? In the foreign body... There is complete influence, possession of Ravan, Maya Ravan on that body, isn't there? Come to the foreign land, in the foreign body and make us pure. It wasn't said: make me pure. [It was said:] make us pure. What does it mean? 'Us' means there are minimum two [souls]. And make [us] like these [ones]. How? Like Lakshmi-Narayan. So look, it is about now, the Purushottam Confluence Age, isn't it? So now, in the Purushottam Confluence Age Baba says: look, I have come to the children, haven't I? I promise - don't I? - Children, now if you gain victory over lust you will become the conquerors of the world. Gain victory in this very birth, in this Purushottam Confluence Age itself. You will become the conquerors of the world. It is because the vice of lust is the chief. It was said: there are strong desires in a human being, aren't there? Vicious and vice less. The one who performs wrong actions... And then, no vice... without a trace of vices. So, the Golden Age is the vice less age and the Iron Age of disputes and quarrels is the vicious age. The Father comes and says: you have become vicious, haven't you? When you are vicious, how will you become the master of the world? Without a trace of vices; become completely free from vices, then you will become the master of the world. So, He says: look, when you... this one birth... this one birth... You are given the entire calculation that you have indulged in vices for 63 births. Now, this is the last birth; after it there is no *chance* of becoming vice less.

And I tell it to you children. It means, I, the Father of the souls tell that. The soul is also certainly present. No one except the souls will be left. Everyone has to die. I have no doubt come to establish heaven. So, stabilize in the stage of the self. I tell you [that] the residents of hell are going to perish. All the residents of hell will be destroyed. The very name given to them is – *narakvaasi* (residents of hell). *Nar*[*ak*] [means] it is the world created by *nar* i.e. human beings. It is neither created by any deities nor by God. So, before this world, hell ends, listen to Me. Listen to the advice I give. I give the elevated advice, the elevated direction; it means [it is] My advice. The opinion of the others is corrupt. So, listen to My advice. Do what I say. Whatever I say, do that and say that very thing. Don't say anything else. Whatever else you have read and is written in the scriptures, is all husk. So, remove this husk from the intellect. It is because this husk has made you reach this condition. You have done everything, chanting, *tapasya*, pilgrimage, etc. on the directions of these scriptures. What happened then? Where did you go? You went on descending the ladder continuously. You went on descending in all the births you had. You went on losing the celestial degrees.

So, you have to think, don't you: we have certainly done *bhakti*. Many human gurus tell the path to *bhakti*. This is why, it was said: knowledge comes from the One and *bhakti* comes from many. And you have certainly kept falling in *bhakti*. No one has climbed at all. You have certainly kept falling. This is why, now look [at the picture] of the ladder. The Father has narrated it, hasn't He? So then, look, He has made the ladder. Everything is [mentioned] clearly in it. This is the ladder, isn't it, children? Someone said: yes, this is the ladder. Is there any ladder in these pictures? Someone said: Baba, it is in the front.

Look, he is sitting below. Who? Brahma. So, look at him as well. Why did He add 'as well'? Brahma is sitting below. You certainly saw Him. Now, look at him as well. Who? First of all look at him. Look. Now, look at him at present. He has become the one with a stone like intellect. (Student comments.) Yes. He is lying on the bed of thorns, isn't he? [He is] a beggar. And he has kept the Gita written by human beings under his head. Is he the one with a stone like intellect or not? Did you understand? So, this one has a stone like intellect and that one has a *paras* like intellect. Who? Who has a *paras* like [intellect]? Where did he indicate? That one has a *paras* like intellect. 'That one' means who? (Student replies.) Yes. He indicated Narayan. So now, you are making *purusharth* to make the one with a stone like intellect into the one with a *paras* like intellect, aren't you? Sixth page of the morning class dated 15th January, 1969. So, the *purusharth* that you are making now, you are making that for the *purush* like soul; not for the body. [You are making that] for the uplift of the soul which kept degrading birth after birth. This last birth is to make the one with a stone like intellect into a *paras* like intellect. Even a *second* of this last birth is praised. Even a *second* of this last birth. How? King Janak [received] *jiivanmukti* in a *second*. This is called a *second*. It takes a *second* to become the one with a *paras* like intellect from having a stone like intellect. So, he becomes the one with a *golden* intellect from having a stone like intellect. Then look, he becomes the one with a stone like intellect after descending the ladder of 84 births. And his children are also the same. All of them [become] the one with a stone like intellect. All the five-seven billion human beings have a stone like intellect.

It will be said, all of them are the men (descendants) of Aadam alone. You are no doubt Brahmins among those men. You are the *practical* Brahmins, the progeny of Brahma. And you climb the ladder completely. You climb and descend and then climb and descend [the ladder]. So, it is as if you are a genie (*jinnad*). There is a story of genie, isn't there? There was a servant with a wealthy person. A genie. What was the name given? *Jit, nana*; the one who can't be conquered by anyone. That genie entered that servant. Ghosts and spirits are genie, aren't they? He used to tell the wealthy person, "Give me work; give me work, otherwise, I will gobble you. Give me some service. Give me any service you wish. If you don't, I will gobble you". So, the wealthy person thought: what job should I give him? The poor one was confused a lot [thinking:] "what job should I give him so that he doesn't stay disengaged, he keeps doing service continuously and not stop doing it. Otherwise, I am afraid that he will gobble me." Then, some who belonged to this very world... They belonged to this place meaning where? Those who belonged to this very corporeal world; who? (Student replies.) Yes, the World Father and the World Mother. So, he, the World Father advised him. He advised him: ask the genie to climb and descend the ladder. Ask him to do the very task of climbing and descending the ladder. So, many of such people are found here who say: what was the need for God to make us descend the ladder? And He will make us descend it again. And then, we will become this itself. Then, when we climb, we become this. What is the benefit in climbing and descending the ladder? What happened to God that He sat and created such ladder? People say this, don't they? The Unlimited Father sits and explains: this world

stage is the unlimited *drama*. It is an eternal play. You have to descend and climb in this play. It is because this is the ladder of 84 births, isn't it? There are 84 steps in it. The Golden Age is above in it. Its steps are those above. Then look, there is the Silver Age, the Copper Age and the Iron Age, so you went down. Then, how many years did you take to descend [the ladder]? You took 84 births. You took 5000 years. *Accha*.

Then, how will you ascend again? Just now, it was mentioned, wasn't it? It is said: you will ascend in a *second*. It is the *lift* of a *second*. Look, this is certainly called the *lift* of complete power of yoga. You get into the *lift*, don't you? When you get into the *lift*, you ascend immediately. So, this is the *lift* of a *second* [and] you climb the ladder of 84 births. When the Unlimited Father, the Father of the souls comes, He places you in the *lift* before going. He says: remember Me, then your sins will be destroyed. Well, when He says it, He certainly says it through some mouth, through some body. How will He speak without a body? It is because He is the Father of the souls, the incorporeal souls. And He says: consider yourself as a soul and remember Me. If you remember Me continuously, all your sins will be destroyed; they will become *zero*, [you will become] sinless. And if you attain such *stage*, you will ascend in the *lift* of a *second* at once. You will ascend in this very birth. It isn't like what the Brahmakumar-kumaris say even now: Brahma Baba made *purusharth* in this birth, so he became fair Krishna in the next birth. He went in a high *stage*. He became fair from dark. Om Shanti.
