**Clarification of Night class 17.01.1969**

An incomplete night *class* dated 17<sup>th</sup> January, 1969 has been taken. Most of the *sanyasis* are confused. *Sanyasis, udasis*<sup>1</sup>, scholars and teachers think: whose is this murli? Who plays it? They have just mentioned the name of Krishna. They don't know that all these human beings are actors. In addition, they are imperishable *actors*. Whenever the human beings come... They come from the beginning, so, children, all of them come to *act*, to play their *part*. They just keep descending from the beginning till the end and they keep playing their *part*. Who are the chief *actors* and who are [the ordinary] actors? As for the rest, all of these five billion [souls] are actors. No one knows it. They are neither aware of it nor does it ever strike their intellect. They don't even know that it is an unlimited play, an unlimited *drama*. And it will be said that all the five billion human beings are actors. All of them will be called *actors* and they are imperishable *actors*. Their *act* or *part* can never be destroyed. Children, no one knows it at all.

So, the Father sits and explains new secrets. It is understood, if you *miss* even a single murli in the *class*, it is as if you are marked *absent* in *school*. So, you should certainly not be *absent* [in school], should you? Those who are good students in school don't *miss* their classes. It is because they are marked *absent*. And this is the *school* of the Unlimited Father. Here, you shouldn't be *absent* at all. It is because this is the biggest *school*. And no one knows it either. There is no one in the world who knows that this Gita School is a big unlimited school. And the Unlimited Father comes and teaches [us] after 5000 years, after every 5000 years. You children certainly know this, don't you? In addition, [you know it] number wise according to your *purusharth*. Nothing is mentioned in the scriptures. They don't know about the studies at all that when the Father comes and teaches us and how many times He teaches after coming. So children, He repeats the knowledge as well, doesn't He? The knowledge also repeats. Heaven that is established through knowledge also repeats. Heaven is established now. The poor ones don't know this either. Certainly, you always... Whatever you are in reality... Daughter, there is a lot of income, very high income in this knowledge. This is also a fact that people earn a lot through studies. But daughter that is just for a birth, isn't it? They have to study again in the next birth. And as regards this knowledge, children receive its fruit for many births. As regards this knowledge, you even study it in a *second*.

You just remember this. [You remember] the world cycle or the [world] tree. Now, how long does it take to know the tree? If you take any seed in your hand, you will come to know about the entire tree. So, if you listen to the knowledge of the world tree once, it should become firm, shouldn't it? It doesn't become firm. This has a specialty. *Arey Baba*, which is that specialty that we forget again and again? And only because of forgetting it we make some or the other mistake. When you forget *Baba*, you certainly make some or the other mistake. But the stage that you should attain, you don't attain it now, do you, daughter? You attain that stage in the end. It is because destruction is entirely linked with this knowledge. When you complete your studies and this knowledge completes according to the *drama plan*, your studies will complete here and the fight will begin there. Yes. This knowledge is entirely based on fight. All the obstacles are created in the knowledge of the Father. It is because there is certainly

<sup>1</sup> Those who become sad thinking everything is false and just momentary

knowledge, isn't there? Studies continue from the beginning till the end. They sit in *school*. When they pass the grades, the studies complete. Then, they wish to study [for] a higher grade. They complete some studies in 12 months. Then, they go to the next grade. So, this is the only grade. There is no other grade at all. There is only one grade which involves such a long time of studies. It is because, while studying, while remembering Baba, some out of you form the rosary number wise. Along with [you], the examination of others is also over. It is then that the fight begins. It is correct, isn't it? Everything of yours depends on the fight. The fight depends on you. As soon as the knowledge of the Father completes, the fight will begin. And when your studies complete, the fight will definitely begin. Daughter, it is about the preordained *drama*, isn't it? So, the Father sits and explains all these things.

Second *page* of the night *class* dated 17<sup>th</sup> January, 1969. The Father alone explains it; otherwise, there is not even a single person in the entire world who knows even a little of these things. Still, whatever they say... Baba says: there is [truth in it] to some extent like the amount of salt in flour. There is no secret in that either. Look, they say the truth that God speaks. *Arey*, but who is called God? They don't know it at all. They truly say that God says: I teach Raja Yoga to you children. Now it is correct that I taught Raja Yoga [to you]. I teach Raja Yoga but how I teach it, no one knows it at all. So look, it is shown, isn't it? Who narrated the Gita? Who narrated the knowledge? How did He narrate this [knowledge of] Raja Yoga? They don't know it at all. So daughter, it is a completely a new idea, isn't it? Everything mentioned in the scriptures is false. So, the children also [need to make] efforts. In addition, most of the effort is required in the Father's remembrance. It is because here... It isn't that they consider themselves as well as others as a soul in the Golden Age. No. This doesn't happen there either. Don't think that they [stay] soul conscious there. There, body conscious, soul conscious... It isn't that they don't stay body conscious there. No. They stay body conscious there as well. You did understand, didn't you? It is because all these tasks can't be carried out without body consciousness. So, you become soul conscious only at this time. It is because you have to remember the Father. You should consider yourself as a soul and remember the Father. Then, there is just no one apart from the Father to tell you that consider yourself as a soul and remember the Father. No one will ever tell you that. It is only now that the Father tells you that. Then, no one will tell you that. Neither the deities nor the *Shudras* hear these words. It is only you Brahmins who hear them. Why does even this happen? If a soul remembers the Supreme Soul, its sins will be destroyed. If someone thinks: alright, He should at least speak through the mouth. Krishna alone will do that, won't he? Alright, but your sins won't be destroyed without remembering the Father, Shivbaba. No one's sins are destroyed by remembering Krishna. No. So, the main thing in which obstacles are created is only remembrance. Om Shanti.
