

VCD No. 595, Dated 14.01.2007, at Bangalore (Karnataka),
Clarification of Night class 01.03.07.1967+Morning class 02.07.1967

Om Shanti. This is the night *class* of the 1st July, 1967. All the daughters need *coaching*. They should have a lot of interest to explain [the knowledge] to someone. Then, all the *maharathis* (great ones), be it Ramesh or Usha, conduct seminars. They call [people] from the *centers* and conduct a *seminar* amongst themselves. They discuss: how will the *service* progress? How will the capital be established? So, all the *maharathis* should think: how will the *service* progress? They can send their piece of advice sitting at their *centers*. It is because it costs [a lot] to call everyone at one place. Rather, everyone can come up with a suggestion and send it: Baba, it should be like this and that. In this way, there can be progress. Baba asks you to make efforts [saying:] your *centre* is so big! You should open a spiritual *museum* there. You should display (a great) pomp from outside. You should even write [it]. The pictures should also be good. You should explain: come and understand the *knowledge* of the beginning, middle and end of the world cycle. Come and understand how you can obtain the inheritance from the Father.

Every child should think of some or other idea and send it while at home. You children also know how our capital is being established. A human guru can't be called the one who brings about your *sadgati* (true liberation). There are some who make you cross fire and water. Well, what is the use of it? It is you who has the benefit. Baba thinks: all the children at every *centre* should open a spiritual *museum* with pomp and write: how the Golden Age divine self-sovereignty is being established in Bharat again - come and understand it. Come and understand how there is the Iron Age from the Golden Age and the Golden Age from the Iron Age. You can become the master of the Golden Age after understanding it. You will also come up with the same ideas in the *seminar* too. If you send *points* (idea) sitting at home, this is also a kind of *seminar*. One will advise something, the other will advise something else. It is better if you write and send it while sitting at home. Everyone should write it down and send it to Baba. Then, Baba will think about it. [There is no guarantee] if anyone can come leaving their job or not. But everyone can send their ideas. Then, Baba will see to it. He can also have it mentioned in the murlis: so and so has this idea. You should also write it clearly, '*Bhagvaanuvaac*, the Father says: Remember Me, then you will become pure. Then, you will become the master of the world [i.e.] *ever-healthy* and *ever-wealthy* and *ever-happy*. The Iron Age will be destroyed. Now, the Golden Age is being established.

So, make your life worth a diamond. Think of such ideas. Make *slogans* and send them. Baba will also see them. You can also purchase a land. Until then, put up a *tent* and conduct an exhibition. It doesn't matter if you arrange a *projector-show* as well. [First of all,] conduct it in big villages. Then, go to the small villages as well. The purpose will be achieved well with the *tent*. It isn't much costly either. You should put up *rainproof* tents to save it from rain. You should think of such ideas. [Baba] comes to know about every *maharathi*, horse-rider, foot-soldier. There are many of such children who don't ever think like this. Men do business etc. So, they have many ideas. You can even go to the crematory ground twice or four times. You can take two-four main pictures [along] and explain [over them]. The foremost picture is of the Trimurti. There is a lot [to explain] in the picture of the Trimurti and the Tree. The explanation is *easy*. If someone becomes ready to go for *service*, he should write and inform. It is very easy to explain on the pictures. There will be some who speak angrily. Tell them: it is Shivbaba who is the Giver of *sadgati* to everyone. A human being can't bring about another human being's *sadgati*, except the one Spiritual Father. And there is only one Father of the souls who is the Resident of the Abode of Peace (*Shantidhaam*).

Shantidhaam and *Sukhdhaam*... He creates the *Sukhdhaam*. This world is *Dukhdhaam*. If anyone wants to go to *Shantidhaam* or *Sukhdhaam*, he should come here and understand. The *Sukhdhaam* is being established now. The Ancient Deity Religion is being established. The more someone does [service], the more he will be benefitted. This isn't some *rough* and *tough* knowledge. You should explain it very peacefully. You shouldn't do what the world does. You should whisper in their ear. You also need a good journey of remembrance at that time. Otherwise, they won't get hit with the arrow [of knowledge] at all. Baba knows that the children are very weak in the journey of remembrance. This is why, the *service* that you do doesn't progress. *Accha. Good night* to the children.

This is the morning *class* dated 2nd July, 1967. The *record* played is: *jo piya ke saath hai, unke liye barsaat hai*¹. *Double Om Shanti*. One Father is stable in *svadharm* (the religion of the self) [i.e.] the religion of peace. He also asks the children: stabilize in your *svadharm* and remember the Father. No one else can say: stabilize in your *svadharm*. Why can't anyone say it? It is because there is no one except the One who stabilizes in *svadharm* forever. You children have faith in your intellect. Only those who have a faithful intellect will become victorious. Over what will they be victorious? The inheritance of the Father. To go to heaven is to become victorious over the Father's inheritance. How many will emerge who become victorious over the Father's inheritance? To go to heaven is to become victorious over the Father's inheritance. How many will emerge? (Students: 4.5 lakh.) The rest is the *purusharth* for attaining a position. But you should definitely go to heaven. The children know that it is a dirty world. You will suffer immense sorrow in the future. You children also know the cycle of *drama*: Baba has come numerous times. He has come to purify all the souls and take them along like mosquitoes. He purifies you and takes you along like mosquitoes! Until you become pure, aren't you able to become like mosquitoes? You have body consciousness. It proves that you haven't become pure. When the body consciousness is destroyed, you don't have any ego. Everyone will go [back] like mosquitoes. The Father Himself will go to the Abode of Liberation and take rest. The children will also go [there].

So, you children should be happy [thinking:] we will go to our *Sukhdhaam* via *Shantidhaam*. This is your *aim-object*. You listen to and understand it every day. The Father, who is the Purifier of the sinful ones, teaches you. The one who teaches you isn't a sinful person. He tells you a very easy way to become pure [i.e.] remember Me alone. It isn't a big thing either. It is also written: God taught Raja Yoga. What mistake have they made? They have made a mistake that they have added the name of Krishna in the Gita. It isn't that the *knowledge*, which the children are receiving, would be present in another scripture apart from the Gita. They keep boasting a lot. [They say:] there is this in that Veda. It is written: the Supreme Soul Shiva created the *yagya* through Brahma. It was accomplished in Abu and so on. All these are also baseless talks. Had it been so, those who narrate [all that], they themselves would have run here. People also make false stories, don't they? The children know: there isn't the glory of any human being as there is of the Father. If He doesn't come, the cycle of the world won't rotate at all. How will *Dukhdhaam* transform into *Sukhdhaam*? The cycle of the world definitely has to rotate. And the Father has to come as well. The Father certainly comes to take everyone along. The cycle keeps rotating. If He doesn't come, how will the Iron Age transform into the Golden Age? As for the rest, it isn't mentioned in any scripture.

Well, it isn't mentioned in the Gita itself, the crown jewel among the scriptures. Then, how will it be in the books which are lower than it? You shouldn't be happy if someone

¹ It is rain for those who are with the Beloved

relates to you such things. You shouldn't even tell [anyone:] this and this is mentioned in the Vedas. They will say: he has made up his own [story]. There is this Raja Yoga in the Gita itself. Well, there is no meaning in such talks. If they think: God has come in Abu, they would run to meet Him. The *sanyasis* also want to meet God. You should remember the Purifier of the sinful ones to go back. Now, you children are becoming multimillion fold fortunate. There is immense happiness there. The Ancient Deity Religion which existed in the new world doesn't exist now. The Father establishes the divine sovereignty through Brahma. This is certainly *clear*. In whose intellect? Is it *clear* in the intellect of the BKs? What? The Father establishes the divine sovereignty through Brahma. When the *media* itself has passed away, this isn't in their intellect: how the establishment takes place. It is *clear* in your intellect. There are also numberwise among you who keep shaking and quaking. Though the Father has said: the boat will shake, it won't sink. You should be the one with such a faithful intellect. It is your *aim-object*. There is no question of doubt for those who have the *aim-object* before them. You will understand in the future. The capital has to be established no matter what.

The Ancient [Deity Religion] is definitely the religion of the deities. Lakshmi-Narayan definitely aren't called Hindu. The Hindu isn't a religion at all. To call the residents of Hindustan 'Hindu' is also foolishness. When it is in heaven, its name is Bharat. When it comes in hell, it is named 'Hindustan'. The name 'Hindustan' is definitely of the residents of hell. There is so much sorrow here. Then this world changes. There is *Sukhdhaam* in heaven. Only you children have this *knowledge*. The people of the world don't know anything. The Father Himself says: it is a dark night now. People suffer blows only at night. The children have come into the light. You should become detached and grasp this through your intellect. The cycle of the world keeps rotating *second by second*. The *drama* of one day doesn't match another day. The acts of the entire world keep changing. New scenes are enacted. It is totally the *scene* of sorrow now. Even if there is happiness, it is equal to the droppings of a crow. Otherwise, there is only sorrow. If you are happy in this birth, you will become sad in the next birth.

Now, it should be in the intellect of you children: we go back home. You should make efforts of becoming pure for it. The most elevated one (*Shri*) has given you the shrimat to become pure to become Lakshmi-Narayan. A *barrister* will give you directions to become a *barrister*. Now, the Father says: you should become this through shrimat. Second *page* of the *vani* dated 2nd July, 1967. You should ask yourself: is there any bad trait in me? You also sing at this time: there is no virtue in me, the virtue less! You Yourself have mercy on me. Mercy means to take pity. How will the Father take pity on you? No one knows that. The Father says: I don't show pity [on anyone] at all. Everyone makes *purushaarth* and shows pity on himself. If I show pity on each one, I will be called partial. This *drama* is preordained. Ravan, who makes you sorrowful, is merciless. This is also recorded in the *drama*. There is no fault of Ravan either. The Father comes and only gives you His opinion. He tells you: do this and that. As for the rest, the kingdom of Ravan will continue. It is because the *drama* is eternal. It is the fault of neither Ravan nor human beings. This cycle of happiness and sorrow has to rotate. Nevertheless, the Father keeps giving you tactics to liberate you from Ravan. You have become such sinful souls on the directions of Ravan. Now, I have come.

So, you shouldn't follow the directions of Ravan. It is the old world now. Then, the new world will certainly start. The cycle will definitely rotate, won't it? Now, the Golden Age definitely has to come. It is the Confluence Age now. The Mahabharata war is also of this time. [The topic of] becoming the one with a doubting intellect at the time of destruction is also about this time. And you will become victorious. You will be the masters of heaven.

No one else will become that. You also understand: it is difficult to become a deity without becoming pure. Now, you receive the shrimat from the Father to become an elevated deity. You will never get such direction. And His *part* of giving shrimat is in the Confluence Age. No one else has knowledge at all. *Bhakti* itself means *bhakti*. It won't be called knowledge. The Ocean of Knowledge the Father, the one who is the Spiritual Father Himself comes and gives the spiritual knowledge. He alone is praised in Bharat as 'the Ocean of Knowledge', 'the Ocean of Happiness'. So, the Father keeps telling you the tactics to make *purushaarth*. You should remember: if I *fail* now, I will continue to *fail* every cycle. I will be injured severely. You become severely injured because of not following shrimat. The tree of Brahmins definitely has to grow. It will grow as big as the divine tree. You should make *purushaarth* and enable others to make it. Those who have made *purushaarth* a cycle ago, they won't face any difficulty. The *sapling* will continue to be planted so that the complete tree of the deities becomes ready.

You know: we are being benefitted now. We are benefitted by going in the pure world from the sinful world. You also call Him: take us to the pure world. [The intellect of] you children is unlocked now. The Father is certainly the Intellect of the Intelligent ones. Now, you children understand: you will see in the future whose intellect is unlocked. This *drama* also continues. Then, it will *repeat* from the Golden Age. When Lakshmi-Narayan sit on the throne, the [new] era begins. You write as well: [Era] 1.1.1. There is the Golden Age for 1250 [years]. Where do you write it? It is written in the picture of Lakshmi-Narayan. It is so *clear*! The story of Satyanarayan has been made, hasn't it? There is the story of Amarnath too, isn't there? Now, He narrates the true story to you children. [People] have made up false stories. You listen to the true [story] now. Then, this very story is praised in the path of *bhakti*. All the festivals etc. are of this time. The *No.1* festival is of Shivbaba. The Father definitely has to come after the Iron Age to establish the new world and to *change* the old world. If someone sits and sees the pictures carefully, he will come to know: everything has been calculated so well!

You have this faith: we will make *purushaarth* to extent we made a cycle ago. And we will definitely make it. We will become detached and see others too. You definitely know your own *purushaarth*. Won't the *students* know their study? Your conscience will definitely prick you: I am very weak in this subject. I will fail [in it]. Those who fail in the examination, their heart beats fast (they are perturbed). You children will also have visions. And those who fail will definitely fail, what can you do? When [students] fail in *school*, their relatives as well as the teachers become displeased. They will say: [only a] few students passed in our *school*. There are many *classes* in that world. But there is just one *class* here. If [only] a few [students] pass in a teacher's *class*, [you] come to know that the *teacher* isn't good. This is why, [only] a few have passed. Baba also knows: who are good *teachers* at the *centers*? And how do they teach? Who teaches nicely and brings [students] here? When you bring them to the Father, He comes to know about everyone. Baba keeps saying: you have to bring the clouds [here]. If you bring the children as well, you will have attachment for them.

So, you should come alone. Then, your intellect will be inclined [to Him] nicely. It will be engaged only in the *Ishwariya* service. You keep taking care of the children there too. He says: this old world has to become a graveyard. Now, you build a new house. So, you should have only that in your intellect. Third *page* of the *vani* dated 2nd July, 1967. [The children] understand: a new house is being built now. So, they keep doing their business etc. but the intellect is engaged in the new house. No one sits quietly. It is about the limited world. This is the unlimited concept. Here too, those in whose intellect it has sat, they won't sit silent. You should also take care of your children etc. But the intellect will be engaged

there itself: we will go back Home and then return to the new capital. If you remember even this, you will be very happy. You can't even become pure without remembering [Him]. You won't be able to earn. If you don't stay in [His] remembrance at all, how will you earn? How will you become pure? Everyone is definitely sinful and corrupt in this world. There can be no righteous person in this world. Everyone is born through the act of the corrupt *indriyaan*. As for the rest, if there is a good man or a bad man... There are definitely such ones. Though someone is very good, everyone is the resident of hell. They are the residents of hell, it means, they are corrupt.

The Father sits and explains all these concepts: how human beings (*nar*) create hell (*narak*). How they have corrupt behaviour and teach others the same. You are on two banks at this time. The Father is also called the Boatman. But they don't explain its meaning. You know: the Father takes you across from this bank to the bank of the new world. The soul knows: we remember the Father and go very near to Him. The word 'Boatman' also has a meaning. All these are His praises. It is said: take my boat across! Is it about a wooden boat? Everyone has a wood like intellect now. The body itself is called the boat. Will you say in the Golden Age too: take my boat across! You call [Him] out only in the Iron Age. In fact, you call just the One. You won't call out hundreds. You children understand this. Those who are ignorant won't come here at all. The Father strictly prohibits you from bringing those who don't have faith here. They won't understand anything at all. First of all, give them the seven days *course*. The arrow [of knowledge] hits some [children] just within two days. If they are hit by the arrow properly, they won't leave [the knowledge]. They will say: we will take [the course] for complete seven days. They send their *certificate*.

You will immediately understand that they belong to your clan. It is about which *certificate*? 'Certificate' means they *certify* and send it. What do they *certify*? The letter of faith. You will immediately understand that he belongs to your clan. How will you understand it? If he certifies and writes the letter of faith, you will understand it. Those with a sharp intellect won't care about anything. [They will say:] *accha*, bring it. I will write it right now. What? The letter of faith. No matter if you make him write it in blood or on the *stamp paper* or in the *court*, they will write an *agreement* and give it to you. *Accha*. Suppose: someone loses his job, won't he get another? Those with a true heart don't lose their job either. They themselves *wonder*. The daughters say: turn the intellect of our husband. The Father says: don't ask Me to do it. You yourself should sit in yoga. It is because the karmic accounts of your actions are being settled. Explain the knowledge to them in remembrance. Baba definitely won't turn anyone's intellect. Then, everyone will keep doing this. They start following whichever ritual comes up. If someone is benefitted from a guru and someone else hears it, he will be after him. When a new soul comes, he will certainly be praised, won't he? Then, they have many *followers*.

This is why, you shouldn't see all that. You should see yourself: how far do I study? You call [Him] 'Baba' and have *chit-chat* [with Him]. He says: if you always stay in His remembrance alone, you will never become tired. You can remember [Him] while staying at home too. He is the Ocean of Knowledge, so He will certainly give knowledge as well. The foremost thing is '*manmanaabhav*'. Along with it, He also explains the secret of the beginning, the middle and the end of the world. The Father also explains the pictures that have been prepared. It has been shown: Vishnu emerges from the navel of Brahma. There is the Trimurti too. Then, [it has been shown:] Brahma emerges from the navel of Vishnu. What is this? The Father sits and explains this secret: what is *right* and what is *wrong*? This cycle has been shown in some scriptures. But someone has mentioned some duration and someone

else has mentioned something different. There are numerous opinions. They have also made a totally false Ramayana. Ravan didn't abduct one Sita.

The Father sits and explains: this kingdom of Ravan has certainly spread in the entire world. This entire world is an island; there is water everywhere. The limited concepts are mentioned in the scriptures. Well, it is about the unlimited. The Father explains the unlimited concepts: there is the kingdom of Ravan in the entire world. You have knowledge in your intellect: how you became sinful and how you have to become pure. There is certainly the kingdom of Ravan in the entire world. Then, other religions come later on. There are many varieties. One doesn't match the other. There can't be two [people] with the same *features*. So, it proves: this is the preordained game which keeps repeating. The Father sits and explains only to His children. The *time* continues to lessen. You should check yourself: how far do I stay happy? *Accha*. Remembrance, love and *namaste* of the Spiritual Bapdada who transforms [thorns into] flowers to those who become flowers from thorns. Om Shanti.

There is another small night *class* dated 2nd July, 1967. I feel like laughing looking at these pictures. Well, there aren't such pictures. Actually, they are *wrong*. There isn't this conch etc. either. This conch, mace, discus, flower etc. are the symbols of Brahmins. Actually, Vishnu doesn't have them. There should be a *centre* like a *museum* to boost the service. Only that can boost service. The weak mothers won't be able to understand without the pictures. There is the *museum* of old pictures. This is of the new pictures. You can explain on these pictures: there was the kingdom of deities in the Golden Age. When it was their kingdom, there was peace. Why was there peace? It is because the deities were the residents of heaven. They were those who stabilized in *svastithi* (stage of the self).

So, there was peace. Now, there is the kingdom of demons. So, it is hell. You don't stay in *svastithi*. So, there is restlessness. When the kingdom of these demons is destroyed, it is then that there will be peace. Now, the destruction of this old, sinful Iron Age world is standing ahead. And there is peace in the world only when there is the kingdom of Lakshmi-Narayan. 5000 years have passed since their kingship existed. It is also said: there was one kingdom, one religion 3000 years before Christ. They are also trying that the war shouldn't break out. But it isn't possible that numerous religions are destroyed and there is peace without waging a war. One religion is being established. Well, that is the task of *Heavenly* God the Father alone. So, the children should be happy. You should leave the demonic traits and assimilate divine virtues. You undergo ruination if you defame others and do backbiting. You, the *gop-gopis*, feel happy [thinking:] the Unlimited Father teaches us. We are His children. Both of them will be the children of Prajapita Brahma, won't they? They will be called brother-sister. Well, they should definitely stay pure as well. You come back after organizing the exhibition. Compared to this, it would be better if there is a *museum*. In fact, there should be 10-12 big museums in a city. The Father enables the children to make *purusharth* [saying:] give the message to everyone. The world doesn't know these things at all. If you don't give them the message, how are you the children of the Messenger? You can understand from the picture of Lakshmi-Narayan: there was the kingdom of Lakshmi-Narayan in Bharat. What will you understand from [the picture of] the four armed Vishnu?

So, the picture of Lakshmi-Narayan is *right*. No one knows that the Brahmins should have this conch, discus, lotus, mace, etc. The night *class* of the 03.07.67. All these pictures have also been kept. Those who are engaged in *service*, [His] remembrance stays imprinted on their heart. The secret of the beginning, the middle and the end of the entire world comes in their intellect. You don't even need to see these pictures. These pictures are made in small [numbers] to explain to others. The Trimurti is the foremost among them. [The picture of] the

Ladder is also very good to explain. It is shown: there is establishment through Brahma. So, you definitely need Brahma. You are Brahmakumar-kumaris, so you will definitely keep only the picture of the Father. The Father sits and explains through him. It is very easy. The children know that the Father has come. He will take us along. You have to cut off the old karmic bondages tactfully. The karmic accounts of some are very strong. It isn't a new thing. These are the karmic accounts of 63 births which you yourself have created. There were these atrocities a cycle ago as well. Now, the Father has issued an order: the [vice of] lust is the greatest enemy. You have to become the conquerors of the world by conquering this Maya. It is then that you will become the masters of the world. You should learn what the Father teaches, you should follow the shrimat. I show you a very easy path: remember Me, then you will become pure deities.

The children know: we ourselves were worship worthy. We ourselves have become worshippers from being worship worthy. Now, we are going to become worship worthy again. You should be very happy. You settle your old karmic accounts. There is no question of being confused or worried in this. You should think that you continue to become light. Baba will check [somebody's] pulse before giving him a direction. If he doesn't follow it, he will be harmed all the more. Baba also sees everyone's reason. *Accha*. If you earn quickly, you should keep opening centers rapidly. There are very few who follow the shrimat like this. There are very few who help through wealth too. The children should always wear a *medal*. This itself is your *yaadgaar*. You remember the entire cycle on seeing the *medal*. If you remember the Father, your sinful actions will also be destroyed. These *badges* are the walking stick for the blind. You should attend classes every day even if you have [to come in] contact [with others]. It shouldn't be that you entangle yourself in the worldly contacts alone. You will continue to feel nicely refreshed through the *class*. You should drink from the cup of knowledge in the *class* every day. If someone becomes ill and recovers after some time, he feels so happy. So, yours is the unlimited illness. It is the illness of the 63 births. It definitely takes *time* to remove it, doesn't it? *Accha*. *Good night* to the children. (Om Shanti)
